

1. What near-term improvements would you like to see at the Adult Recreation Center/Interim Community Center to make the space more welcoming for all ages? Near-term improvements would be smaller-scale improvements such as improving signage or upgrading conference room technology for hybrid meetings. Larger-scale improvements would be more costly and would be reserved for the full remodel of the building in the future. Tonight's discussion will focus on near-term improvements. If you are not sure whether your idea falls into the "near-term" category, please share it, and we will do our best to determine whether it would be most appropriate for the near-term or future.

Some general improvement areas:

- Replace large hall dividing doors - large hall space must be configurable (current door is reported to be broken)
- Solution for table and chair storage - building partition wall in large hall for storage?
- AV upgrades in conference rooms / large hall
- Noise abatement in large hall
- More secure storage in large hall (repurpose patio for storage?)
- Paint/refresh kitchen cabinets and counter
- In-wall sound system in Large Hall
- Pendant lighting in the lobby - easier to clean plus brighter light
- Look for and fix water damage
- Restroom upgrades - emergency lights in restrooms for power outage, sensors on sinks, toilets, soap, towel holders
- Automatic door openers
- Parking lot changes focusing on safety - lights, direction signs etc. currently parking lots are uneven and hence unsafe for seniors. Install cameras in the parking lot
- More lighting, ramps, install cameras and handrails
- Cover at the entry to protect against rain

2. What types of community partners and services would you like to see at the Adult Recreation Center/Interim Community Center? The Town is exploring providing space for community partners to provide services at the Adult Recreation Center in partnership with LGS Recreation. The intent would be to work with LGS Recreation to ensure there is minimal impact to existing programming, if any. This would mean there may be limited space available for community partners and the Town would appreciate feedback on which services should be prioritized. It is possible that multiple community partners could provide services on a rotation throughout the week to allow a variety of services using minimal space.

- Do not disrupt existing activities, esp for seniors. Maintain the ability for seniors to meet at least 2 hours per week.
- Partner with West valley Community Services - already serving Los Gatos, Support services like pantry, brown bag lunch
- Envision it as a HUB - place to go for everyone including seniors as well as youth. Co-sharing concept - daily assignment to different organizations

- Partner with CASSY to provide mental health services
- Life-long learning opportunities - via speaker series or specific keynotes
- Support Live Oak Nutrition - "Food with a friend". leverage kitchen and relationship with West Valley Community Services to provide food/nutritious
- Potential partnership with "Too Good to go" App to provide food options to the needy at the center
- Desk for RYDE program providing both service/information
- Create Senior Lobby
- Fund GRANT writer to seek grants for the center
- Fund case manager/social worker
- Youth centric space/activities for youths to hangout, with game consoles etc
- Student nurses for basic health check like BP

3. What criteria do you believe should be used when selecting community partners

and services? Since space will be limited, it is likely there will be more potential community partners than there is space available, even if they share the space on a rotational basis. Criteria will be used to evaluate community partners to select the top candidates. For example, criteria could include a requirement that they currently provide services to the Los Gatos community or that they are a nonprofit.

- 501c(3) or JPA (Joint Powers Authority)
- Prioritize if already serving Los Gatos or surrounding communities
- Financial sustainability/solvency and be able to pay for the usage
- Prioritize org with existing or commitment to create "Volunteer Support Base" to support services at the center
