Introduction

I have been asked by Los Gatos Community Development Dept. to review the potential tree impacts associated with the proposed addition of first floor space, enlarging garage and adding a second story at 147 Arroyo Grande Way, Los Gatos Ca. 95030.

Trees on Site

There is a total of 5 protected trees that may be affected by this project. All of the trees are in the Town of Los Gatos parking strip. The trees are Camphor trees in good health.

Recommendations:

These trees may be in conflict with access to the site and shall be protected with Type II tree protection (2x4's with orange tree wrap for duration of the project. All other trees on site are not in conflict.

No construction material may be stored under the canopies of any of the trees on site.

Respectfully,

Rob Moulden
Arborist, Town of Los Gatos
