Subject: Application support

[EXTERNAL SENDER]

Dear Councilmembers,

I am writing in support of Martha Sterne's application for one of the open spots on the Community Health and Senior Services Commission. Martha has been an active participant on the Roadmap Goal Area committees for Goals 2 and 4 this past year. She has actively participated in those meetings, has also attended some of our CHSSC meetings, and has helped schedule one of our first community outreach meetings for volunteers in January 2024. I feel Martha will be a strong member of the commission!

Regards,
Eleanor Yick
