

Janhavi Gudal & Durgaprasad Shamain

MRA: 289 Marchmont Dr, Los Gatos, CA

Neighborhood Outreach

In our earlier outreach in November 2021, we were able to meet our immediate neighbors in-person to discuss our project. Once the story poles were installed in January 2022, we went door-to-door to discuss our proposal and solicit feedback from the Upper Marchmont neighborhood. We also tried to reach out by email to the neighbors whom we could not meet in our in-person outreach.

Twenty-four neighbors, as marked with green circles in Figure 1, have indicated that they support our project or have no concerns. The neighbors whom we reached out to but did not respond are labelled "NR" for no response. 244 Marchmont Dr decided to stay neutral stating that while she had no concerns about our project, she had a longtime friendship with one of the appellants (Jamiesons). 284 Karen Ct said that while she had no concerns about our project, she needed to discuss with her husband. These 2 households are not marked in green.

Figure 1: Upper Marchmont Neighborhood Support

Out of twenty-four neighbors who are supportive, we were able to meet seventeen neighbors in person. The following two sheets, namely Table 1 & Table 2, have recorded their names, addresses, signatures, & dates. The remaining seven neighbors, as shown in Table 3, have indicated their support by email. These emails have been forwarded to the Planning Department.
