**MOTION:** **Motion by Council Member Hudes** to continue this item to a date recommended by staff for a special meeting, with a target of getting it done in October, and for the following items to be addressed: (1) research the public utility easement; (2) offer an opinion about the adequacy of the maintenance association to cover the issues that are in this application; (3) research and provide information about a master developer, (4) use efforts to find someone to fund the construction of the trail and for that to be done concurrent with housing development. Next is a general set of conditions of approval changes that were discussed: identify what the process is for future modifications; mitigation of the lighting with regard to a color temperature limit; and the timing of nonessential lights; a recommendation on parking for the Below Market Units and whether that is off-street parking; to look at the configuration of Lot 1 and potentially move that into Lot 4 in order to potentially deal with the parking issue or the [Accessory Dwelling Unit] ADU issue; limit construction to Monday through Friday; to look at the structure for allowing the creek to flow across the road; look at staff's recommendation on the order of public improvements; require certain curbs to be painted red; propose some tree screening for Lots 5 and 4 to both homes whichever homes are affected; and have staff confirm a process that an easement can be created to the trail from Cerro Vista. **AMENDMENT:** for staff to further address any potential issues regarding substantial evidence of fair argument, particularly regarding evidence in the record that would require an [Environmental Impact Review] EIR versus a [Mitigated Negative Declaration] MND. **Seconded by Vice Mayor Ristow.**
