**Subject:** ADU discission

Hi Sally,

I'm not sure that my comments are relevant for tonight's meeting as I live in Monte Sereno. Nevertheless, I am very interested in this subject as we have lived here since 1983 and, now that we are retired and on a fixed income, we do not want to leave this expensive area. An ADU would allow us space for a caregiver should that need arise. In the meantime, we could provide a low rent option to someone working in the community. We have worked (18 years at Los Gatos Saratoga HS District for me) and volunteered in this community for a long time and do not like facing the prospect of having to leave. I would hope that the fees to obtain a permit would not be prohibitive.

Sincerely,  
Bonnie (and Rolf) Noehr
