TOWN OF LOS GATOS CALIFORNIA

ANNUAL COMPREHENSIVE FINANCIAL REPORT

FOR THE FISCAL YEAR ENDED JUNE 30, 2024

TOWN HISTORY

Los Gatos is located at the base of the Santa Cruz Mountains at the southwest edge of Santa Clara County and approximately 50 miles south of San Francisco. The natural landscape includes picturesque hillsides, creeks, and valley flatlands. Los Gatos is in an area once occupied by Indigenous People, who lived sustainably in the area rich with fertile soils, abundant wildlife, and other natural resources.

The name Los Gatos comes from "El Rancho de Los Gatos," a ranch established in 1839 by a Mexican land grant and so named because of the large number of mountain lions in the area. In 1854, James Alexander Forbes purchased some of this land and built a flour mill. In 1860, the first hotel was opened to provide a stage stop on the toll road which had been built between San Jose and Santa Cruz.

Wheat production gave way to orchards, and rapid growth ensued then the railroad reached Los Gatos in 1878. The residential subdivisions of Broadway, Bayview, Fair Law, a. 'Almond Grove were built in the 1880's. By 1887, the population had grown to 1,500 and the Los Gatos community voted to incorporate.

Fruit industries faded slowly during the Depression and 'orld V' . II, but the postwar period brought an influx of people, producing residential and commercial clopment. Highway 17 was constructed through the center of town, opening in 1940. Growth levelle off in the early 1970's, leaving Los Gatos with its small-town atmosphere and pedestrian-vieux downto n.

Because of its distance from other central population, Los Gatos developed as a complete community including residential, business, and industrial elements. Preserving Los Gatos as a complete and well-balanced community has been an remain approximant goal of residents. From the first 100-acre town site in 1890 with a population of 1,000 us Gatos grew slowly so that by 1963 the area was 6.3 square miles, with a population of 1,000 us Gatos covers nearly 15 square miles and has a population of about 33,230. This grawth over the first 30 years resulted in a human scale community with narrow streets and small building 15.

As it exists now, Los Gatos' Land les encompass a wide variety of terrain, ranging from level land to steep and densely wooded hills les. The sharp visual contrasts among these features and charming architecture create the picturesque setting of the Town. In the midst of the growth of Silicon Valley, Los Gatos attracts people with a preference for the Town's distinctive, high quality natural and urban environment.

TOWN VISON STATEMENT

The Town of Los Gatos's Vision Statement articulates the future Los Gatos and reflects the high ideals identified by the community:

Residents are united in their desire to maintain a high quality of life and preserve the character of the Town. The overall community consensus is that Los Gatos be a full-service community that is also environmentally sensitive; that Los Gatos maintains a balanced, well-designed mix of residential, commercial, service and open space uses, fostering a pedestrian-oriented community with a small town, village-like character; that Los Gatos supports an active business community that provides a wide variety of goods and services and a broad range of employment opportunities, elimitating the need to travel to other communities; and that Los Gatos pro de a well-run, efficient municipal government that is fiscally healthy, with high leads of public safety, recreational, art and cultural amenities are is connected to high quality education.

TOWN OF LOS GATOS

Office of the town manager Phone: (408) 354-6832 FAX: (408) 399-5786

November 23, 2024

Honorable Mayor and Town Council and Residents of Los Gatos,

I am pleased to submit the Town's Annual Comprehensive Fig., cial Report (ACFR) for the fiscal year ending June 30, 2024. In coordination with the Town Manager's fice, this report was prepared by the Finance Department, which assumes responsibility for the accuration of the data, the completeness and fairness of the presentation, and all disclosures. The information in this report presents the reader with a comprehensive view of the Town's financial position and the results of its operations for the fiscal year ending June 30, 2024, along with actional disclosures and financial information designed to enable the reader to gain an unconstant and in Town's financial activities.

This report was prepared as prescribed in pernmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for Statement and Local Governments (GASB 2 1. This ASB Statement requires management to provide a narrative introduction, overview, and analy is so accompany the basic financial statements in the form of a Management's Discussion and Should be read in Injury (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in Injury tion with it. The MD&A can be found immediately following the Independent Audic at Seport.

This Annual Comprehensive incial Report is organized into three sections:

- I. The Introductory Section includes the table of contents, letter of transmittal, listing of elected officials, Town administrative personnel, and an organization chart delineating organizational structure.
- II. The Financial Section includes the Independent Auditor's opinion, the MD&A, the basic financial statements, notes to the financial statements, combining statements of non-major funds, and required supplemental information.
- III. The Statistical Section includes both financial and non-financial data about the Town.

The Annual Comprehensive Financial Report is prepared in accordance with Generally Accepted Accounting Principles (GAAP) promulgated by the Governmental Accounting

Mayor and Town Council November 23, 2024

Standards Board (GASB) and includes the audit report of Chavan & Associates, the Town's independent certified public accountants.

This Annual Comprehensive Financial Report was developed in accordance with best practices of the Government Finance Officers Association and will be submitted for consideration of its Achievement of Excellence Award in financial reporting certification. This award is granted only to entities whose reports meet the highest standards of municipal financial reporting.

AWARDS

The Town's Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023, was awarded a Certificate of Achievement for Excellence in Financial Reporting by the national Government Finance Officers Association. This is the 29th crossecutive year that the Town has received the award. This prestigious award recognizes to report's conformance with strict accounting and reporting standards established by the Government that Accounting Standards Board and government finance organizations. This award is annual in nature and valid for one year only. This year's report will be submitted for award consideration by this organization, as we believe it continues to meet these standards.

THE REPORTING ENTITY AND ITS SERVICES

Los Gatos is a general law Town, incorporated in the legal framework of California in 1887. The Town is located in the foothills at level terron of southwestern Santa Clara Valley, referred to internationally as "Silicon Valley From the first." O-acre Town site and an 1890 population of 1,652, Los Gatos grew slowly so that by 196, the area was 6.3 square miles with a population of 11,750. Today, Los Gatos covers coximo ely 15 square miles with a population of 33,230 (California Department of Financy January 1024). The growth over the last 80 years resulted in a community with vibrant business districts, we demand a maintained neighborhoods, and lovely parks and open spaces. Preserving the unique channel of Lor Batos as a complete and well-balanced community while meeting its economic and housing not a mas been, and remains a key goal for the Town.

The Town maintains a Council-Manager form of government which combines the strong political leadership of elected officials with the strong managerial experience of an appointed Town Manager. Five Council members are elected at large for staggered four-year terms to govern the Town. The Mayor and Vice Mayor are appointed by the Council from its own ranks and serve one-year terms. The Town Manager and Town Attorney are appointed and supervised directly by the Council. The Town Manager oversees all municipal services such as Public Safety, Parks and Public Works, Community Development, Library, and Town Administration including Human Resources, Information Technology, and Finance.

ECONOMIC CONDITIONS AND OUTLOOK

This past year, the Town continued to see increases to economically sensitive revenues, however sales tax collections are decreasing. The Town General Fund closed FY 2023/24 with \$4 million revenue over expenditure. The excess revenue includes \$1.7 million unrealized gain in the Town investment portfolio. The General Fund Balance increased \$1.5 million.

General Fund revenues (not including transfers in other financing sources) increased 5.8% from the prior year. Property tax revenues remain the largest and most consistent source of support for General Fund operations, comprising approximately 45.3% of General Fund revenues in FY 2023/24. For FY 2023/24, property tax receipts of \$24.2 million were \$1.5 million higher than the prior year's collection, reflecting the continued desirability of the Town, its environment, culture, and educational opportunities

The Town also relies heavily on sales tax revenues to support Jeneral Fund operations, comprising approximately 15.1% of General Fund revenues in FY 2023/2 . The FY 2023/24, sales tax receipts of \$8.1 million were \$0.7 million lower than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection. Creased interest rates impacted business to business activities, while increased morter than the prior year's collection.

The Town also continues to adjust and prepare for pension employer costs to continue to be a primary expense in conjunction with salarias. The Town's pension plans over the past several decades, like all other CalPERS participants have experienced changes in actuarial assumptions, demographic changes, and volatile investment returns which have outweighed any positive plan experiences. The outcome of these unfavorable economic and demographic conditions is the creation of unfunded pension and Other Post-Employment Benefits (OPEB) obligations for the Town. According to the 2023 CalPERS actuarial valuations, the unfunded actuarial liability for pensions was \$63.0 million and \$9.0 million for OPEB as determined by an actuarial valuation as of June 30, 2022.

To address the escalation in pension costs, current and previous Councils have allocated additional discretionary pension funding totaling \$10.4 million. These additional discretionary payments will ultimately yield an approximate \$12.7 million in pension contribution savings. In addition to the management of the Town's pension obligations, prior Councils have worked to curb cost escalation in Other-Post Employment Benefits (OPEB). In 2009, the Town initiated prefunding of retiree healthcare benefits and has since established approximately \$24.3 million in OPEB assets from zero in 2009.

It should be noted that the net pension obligation varies annually depending upon the plan's actual investment earnings compared to the assumed rate of return during the plan's measurement periods. The Net Pension Obligation (NPO) reported in the Town's ACFRs has experienced a high degree of variability in recent years, with Net Pension Obligation reported in the June 30, 2017 ACFR in the amount of \$33.4 million rising to \$58.02 million in fiscal year 2020/21, and decreasing to \$27.48 million in FY 2021/22. The NPO reported in this year's financial statements (ACFR 2023/24) has increased 5.3% from \$59.9 million to the current NPO of \$63.0 million. Due to CalPERS preliminary returns of 9.3%, staff expects the NPO to decrease in the next fiscal year reporting period.

Readers are cautioned that in considering the amount of the pension and OPEB liabilities and other actuarial data as reported by CalPERS and the Town's actuary, this is "forward looking" information. Such "forward looking" information reflects the judgment of the Board of Administration of CalPERS, its actuaries, and the Town's actuary as to the amount of assets which the pension and OPEB plans will be required to accumulate to fund future benefits. These is agments are based upon a variety of assumptions, one or more of which may prove to be inaccusate or that may change with the future experience of the pension and OPEB plans. The actuarial methods and assumptions could be changed by CalPERS and the Town's actuary at any time based of their profess, and judgement. Such changes could cause the Town's obligations to the pension and C EB plans to be higher or lower in any particular year. This sensitivity to changes in actuariation of the pension and Discount rates as illustrated in Note 11 and change. To Healthcare Trend and Discount rates as illustrated in Note 12.

For detailed information about the people ses' retirement plan please refer to Note 11 of the Notes to Basic Financial Stater ants Scation. For detailed information about the Town OPEB obligations please refer to Note post of the people sasic Financial Statements Section. In addition, the Town provides extensive information on pension and OPEB information on the Town's website.

Despite revenue concraints and increasing costs associated with unfunded federal and state mandates, the Town in manage to maintain high service levels and balanced budget through prudent fiscal manageme. The Town continues its outreach to the community, the League of California Cities, and local legislators to prevent and limit any future revenue losses and mandated cost increases.

MAJOR CAPITAL PROJECT INITIATIVES

Major capital asset and infrastructure initiatives were once again the priority for the fiscal year. Approximately \$12 million in Town infrastructure and other capital asset improvements and contributions were invested in FY 2023/24, including \$3.8 million in Town-wide street projects to improve the pavement condition, \$0.8 million adding subscription right of use of assets, and \$0.1 million for curb and gutter improvements. In addition, \$7.1 million was invested in construction in progress including, roads, bridges, storm drains, park, pathways, and building improvements.

Additional infrastructure improvements are scheduled in accordance with the Town's approved Capital Improvement Plan, and will continue into future years. All of these improvements are

Mayor and Town Council November 23, 2024

funded either through grants, or via revenues accumulated from prior year budget savings and/or excess revenues per Town Council Policy.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The effectiveness of internal controls is a primary consideration in the development and evaluation of the Town's accounting system. Internal accounting controls are designed to provide reasonable but not absolute assurance regarding:

- 1) safeguarding of assets against loss from unauthorized loss or disposition,
- 2) accuracy and reliability of accounting data, and
- 3) adherence to managerial policy.

The concept of reasonable assurance recognizes that the cost and ternal controls should not outweigh the benefits, and that management must make estimates and judg. Ants in evaluating these costs and benefits.

All governmental fund types use the modified accruable of accounting. This means that revenues are recorded when measurable and available rather an when received. Measurable means the amount can be determined and available means the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year. Expenditures are recorded then the cash received within sixty days after the end of the fiscal year.

Proprietary (internal service) fund a counted for using the accrual basis of accounting, similar to that used by corporation a priet of fund revenues are recognized when they are earned rather than when the cash is eccived. Topic ary fund expenses are recognized when they are incurred, even if the cash is not vailable. Ver the implementation of GASB 34, the Town prepares its Basic Financial Statements on a accrual basis. Internal accounting procedures have been developed to provide reasonable assurance garding the safeguarding of assets and the reliability of financial records for preparing financial statements and maintaining asset accountability.

An annual operating budget, five-year budget forecast, and five-year capital improvement plan is adopted by the Town Council. All budget adjustments and transfers between funds must be approved by the Town Council during the fiscal year. The Town Manager is authorized to transfer unencumbered appropriations within a budget category, within a fund. Appropriations are valid for each fiscal year and lapse at year-end.

INDEPENDENT AUDIT

State law requires an annual audit of the Town's accounts by independent certified public accountants. The accounting firm of Chavan & Associates LLP performs this function for the Town of Los Gatos, and their report is included in the financial section of the ACFR.

ACKNOWLEDGEMENTS

The preparation of this Annual Comprehensive Financial Report, as presented herein, is the result of the combined efforts and dedicated services of the excellent staff of the Department of Finance. Special thanks to Eric Lemon, Finance and Accounting Manager; Eagled'Or Am, Accountant, Ed Karas, Accountant; Diane Howard, Finance Analyst; and Wayne Chen, Administrative Technician for their efforts in preparing this report. The Town's Finance Commission is also recognized for its contributions to strengthening the ACFR through its review, discussion, and comments.

Respectfully submitted,

Chris Constantin

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the Town Council of the Town of Los Gatos Los Gatos, California

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, General Fund budgetary statement, and the aggregate remaining fund in mation of the Town of Los Gatos (the "Town"), as of and for the year ended June 30, 2024, and the relief notes to the financial statements, which collectively comprise Town's basic financial statements as the in the table of contents.

In our opinion, the financial statements referred to above pressure fairly, in an aterial respects, the respective financial position of the governmental activities, each most fund. General Food budgetary statement, and the aggregate remaining fund information of the Town Cos Gross, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash to respect the year then ended in accordance with accounting principles generally accepted in the United Society of America.

Basis for Opinions

We conducted our audit in accordant w. audith standards generally accepted in the United States of America (GAAS) and the standards apply able to financial audits contained in *Government Auditing Standards*, issued by the Comptrear General Carbo United States. Our responsibilities under those standards are further described in the Auditor approximates for the Audit of the Financial Statements section of our report. We are require an independent of the Town and to meet our other ethical responsibilities, in accordance with the releast ethic. The requirements relating to our audit. We believe that the audit evidence we have obtained is sufferent and approximate to provide a basis for our audit opinions.

Responsibilities of Manag. ent for he Financial Statements

Town management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement

when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAGAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and discourse in the financial statements.
- Obtain an understanding of internal control relevant to the audit order to design audit procedures that are appropriate in the circumstances, but not for the proposition of expressing an opinion on the effectiveness of the Town's internal control. Accordingly no such control is expressed.
- Evaluate the appropriateness of accounting policies used and the casonableness of significant accounting estimates made by management, as well—evaluate the overal presentation of the financial statements.
- Conclude whether, in our judgment, there are conductor or events, considered in the aggregate, that raise substantial doubt about the Town's altity to contuct as a going concern for a reasonable period of time.

We are required to communicate with those charg 1 , ith governance regarding, among other matters, the planned scope and timing of the audit sign. cant at it findings, and certain internal control-related matters that we identified during the audit

Required Supplementary Informatio.

Accounting principles generally a spream the United States of America require that the management's discussion and required supplementary information, as listed in the table of contents, be presented to supplement the basic 1. Incial statements. Such information, although not a part of the basic financial statements, is required by 1. Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for 1. Ingring the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual fund financial statements, schedules, and other information listed in the supplementary information section of the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS in our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

The Town's management is responsible for the other formation included in the annual comprehensive financial report. The other information comprises the introduct of and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do the trees and prior or any form of assurance thereon. In connection with our audit of the basic financial statement, we responsibility is to read the other information and consider whether a material inconsistency extra statement, or the other information and issue appears to be materially misstated. If, based on the work performed, we conclude that an unor or receive material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Require Government Auditing Standards

In accordance with *vernment Av. iting standards*, we have also issued our report dated November 11, 2024 on our consideration of the Toyn's internal control over financial reporting and on our tests of its compliance with certain povisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is a scribe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Town's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Town of Los Gatos's Annual Comprehensive Financial Report (ACFR) presents Management's Discussion and Analysis (MD&A) of the Town's financial performance during the fiscal year that ended on June 30, 2024. This analysis should be read in conjunction with the Transmittal Letter at the front of this report and the accompanying Basic Financial Statements.

FINANCIAL HIGHLIGHTS

- Town assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of Fiscal Year (FY) 2023/24 by \$159.4 million (net position). The unrestricted net position, which represents the amounts available to meet the Town ongoing obligations to citizens and creditors, is \$9.1 million.
- The Town's total net position increased by \$5.9 million in 5. 23/24. Even though the change in net position is positive, it was a 61.1% reduction from the progression of \$15.1 million. The change is a result of flatter recenues and archerease in total expenses of \$9.3 million. The overall increase of \$5.9 million are price arily due to the combined effect of infrastructure capitalization, grant revenue recognition, and changes to pension expenses.
- At the close of the current fiscal year, the combined fund balances of \$61.0 million, a decrease of \$0 and in comparison with the prior year.
- During FY 2023/24, the General Funchad an excess of revenues over expenditures of \$4.0 million, excluding transfers. Tansfer the edge of the Town's interful transfers was contributions toward capital projects (\$3.1 million) and general apillic, \$3.4 million). The detail of the interfund transfers is illustrated in Note #5.
- At the end of the current fish, year, unrestricted fund balance (the total of the committed, and assigned component of the fund balance) for the general fund was \$28.4 million, or approximately 57% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the ACFR contains the following information: Independent Auditor's Report, Management's Discussion and Analysis (this section), the Basic Financial Statements, and the Required Supplementary Information. The ACFR also includes a Supplementary Information section, which presents combining and budgetary schedules for individual nonmajor funds. The Basic Financial Statements are comprised of three components: 1) Government-Wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Financial Statements. The Management's Discussion and Analysis is intended to be an introduction to the Basic Financial Statements.

Government-Wide Financial Statements

The Government-Wide Financial Statements present the financial picture of the Town from an economic resources measurement focus using the accrual basis of accounting. An economic resources measurement focus is when a body of financial statements report all inflows, outflows, and balances affecting or reflecting an entity's net position.

The Statement of Net Position presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The Statement of Activities presents information showing here. The Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regalaless of the total ing of related cash flows. Thus, revenues and expenses are reported in this Statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected to the change occurs, regalaless of the total ingless of the total ing

Both of the Government-Wide Financial Statement activities of the Town that are principally supported by taxes and in governmental revenues (governmental activities) from other functions that are intended a recological portion of their costs through user fees and charges (business—type activity and governmental activities of the Town include public safety, parks and public works, anunity development, library, community services, debt service, and general governmental activities typically include financial data for all governmental funds. Internal activities are typically incorporated into governmental activities as well. Business-type activities typically include financial data for all enterprise funds. The Town has no enterprise funds and therefore reports no business-type activities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the Town are segregated into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds – The Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and other financial assets that can readily be converted to cash. The Governmental Fund Statements provide a detailed short-term view of the Town's general

government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's operations. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Proprietary funds – The Town maintains one type of proprietary fund: Internal Service Funds. Proprietary funds are reported using the accrual basis of accounting. Internal Service Funds are an accounting tool used to accumulate and allocate costs internally among the Town's various functions. The Town uses Internal Service Funds to account for its fleet of vehicles, computer equipment, risk management activities, and other items. Internal Service Funds help smooth the variability of certain expenses and insulate the Town from large unanticipated costs. The Internal Service Funds are included within governmental activities in ' .e Government-Wide Financial Statements.

Fiduciary funds – Fiduciary funds are used to account for resources hold for the benefit of parties outside the Town. Fiduciary funds are not reflected in the Government-Wide Financial Statements because the resources of those funds a not available to support the Town's own programs.

Included in fiduciary funds is the Redeveloph and State of Agency private-purpose Trust Fund created upon the dissolution of the former R of velopment Agency (RDA) in 2012. The Trust Fund was created to hold the cosets of the armer Redevelopment Agency until they are transferred for governmental proposes of the antities or distributed to the underlying taxing jurisdictions in Santa Clara Councilier the payment of enforceable obligations. Additional information on the dissolution of the and this fiduciary fund can be found in Note 15 in the notes to basic financial statement.

Notes to Basic Financial . "teme" .s

The notes provide additional information to facilitate a full understanding of the data provided in the Government-Wide and Fund Financial Statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town's progress in funding its obligation to provide Pension and Other Post Employment benefits to its employees.

ANALYSIS OF GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Government-Wide Financial Statements provide long-term and short-term information about the Town's overall financial condition. This analysis addresses the financial statements of

the Town as a whole, utilizing data from throughout the ACFR to describe the changes between 2023 and 2024.

Net Position Discussion

In general, net position can serve as an important indicator of whether the Town's overall financial condition is improving or deteriorating over time. As shown below, the Town's assets and deferred outflows of resources (consumption of net position that applies to a future period) exceeded liabilities and deferred inflows of resources (acquisition of net position that applies to a future period) by \$159.4 million, reflecting an increase of approximately \$5.9 million to the prior year's net position of \$153.5 million.

Town of Los Gatos Net Position Governmental Activites For the Year Ended June 30, 2024

		2024	2023
Current and other Assets	\$	93.055,415	\$ 85,489,167
Capital Assets		376,963, 1	າ2,679,773
Total Assets	\$	_33,336, ² 78	\$ 215,168,940
Deferred Outflows - Pension/OPEB		28,97,675	29,526,262
Current Liabilities		54,648	15,857,589
Long-Term Liabilities Outstanding		77,. 1.453	71,847,737
Total Liabilities	7	98,526, 21	\$ 87,705,326
Deferred Inflows - Pension/OPEB		7,735	6,467,614
Net Position			
Net Investment in Cap' Asse		137,253,582	130,623,654
Restricted		13,015,461	11,091,020
Unrestricted		9,137,174	11,807,588
Total Net Position	\$	159,406,217	\$ 153,522,262

Current and other a ats increase \ \$8.5 million from the prior year, primarily due to a \ 5.4 million increase in cash, astricted ash and investments, and a \ 3.1 million increase in accounts, interest, and intergovernmental acceivable.

Capital assets increased \$6.7 million to \$139.4 million for the year reflecting current year's capital asset additions/retirements less the annual depreciation/amortization expense.

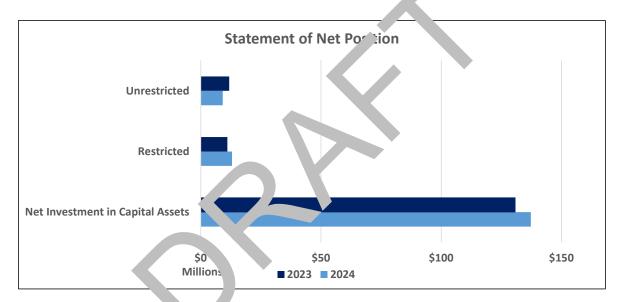

Deferred Outflows for Pension and Other Post-Employment Benefits (OPEB) decreased by \$0.6 million primarily due to the difference between the projected assumed investment returns and actual investment earnings on pension and OPEB investments, changes in assumptions, and the change in the Town's proportionate share for the pooled safety pension plan.

Long-term liabilities increased by \$5.4 million. The increase is primarily due to a pension liability increase of \$3.2 million and an increase of OPEB liabilities of \$2.0 million. See Note 11 and Note 12 in the Notes to the Financial Statements for more information on the Town's pension and OPEB plans.

Deferred Inflows decreased by \$2.1 million, resulting primarily from the difference between the projected assumed investment returns and actual investment earnings on pension and OPEB investments. The pension inflows decreased by \$1.4 million and the OPEB plan decreased by \$0.6 million.

The largest segment of the Town's net position, representing \$137.3 million of net position, reflects the net investment in capital assets (e.g., land, buildings, infrastructure, subscription, and equipment) less accumulated depreciation/amortization and related outstanding debt used to acquire those assets. The Town uses these capital assets to provide infrastructure and services to the residents. They do not represent a liquid financial resource to the Town and consequently are not readily available for funding current obligations.

Restricted net position total approximately \$13.0 million representing approximately \$9.0 million for capital projects and maintenance, \$2.2 million for restricted pension trust, \$0.6 million placed in a special revenue trust accounts for Library services, \$0.3 million for land held for resale, \$0.2 million for Lighting and Landscaping Assessment Districts.

As of June 30, 2024, unrestricted net position, the amounts available to meet the Town's ongoing obligations to citizens and creditors, reports an approximate \$2.7 million decrease from the prior year to an ending balance of \$9.1 million. The decrease was a result of an increase in pension adjustments of \$3.8 million and a reduction in governmental reserve balances of approximately \$1.9 million. The decreases were offset by a positive change in the internal service fund net position of \$1.0 million and the unavailable revenue reclassification (to revenue) of \$2.3 million.

The Town's overall net position increased \$5.9 million from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities

Governmental Activities

Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange revenues. The Statement of Activities is intended to illustrate how the cost of governmental activities is financed and determine the annual change in net position.

Town of Los Gatos Statement of Activities For the Year Ended June 30, 2024

⁽¹⁾ Starting in March 2024, due to a change in the JPA agreement, Garbage Franchise Fees were categorized as encroachment fees under Charges for Services. The total amount classified in Charges for Services in FY 2023/24 was \$765,900. The garbage Franchise Fees were \$2,051,335 in FY 2022/23 and \$1,493,184 in FY 2023/24.

The Statement of Activities shown above details how the \$64.5 million in Governmental Activities revenues and contributions were derived. Approximately \$13.5 million or 20.9% of the revenues

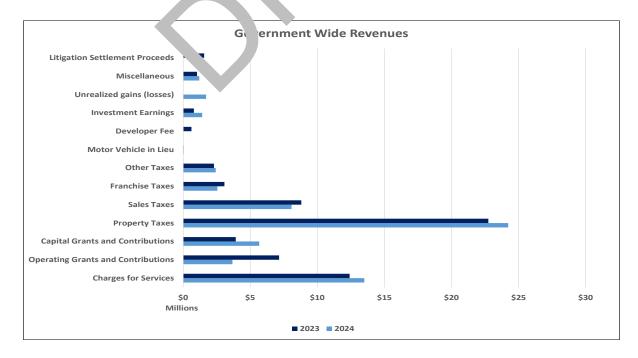

were recorded from fees paid by residents/businesses who directly benefited from the respective program or service. Another \$9.3 million or 14.5% of the revenues were sourced from operating/capital grants and contributions. The remaining \$41.6 million or 64.6% represents general revenues of the Town, including taxes, intergovernmental revenues, and other miscellaneous revenues.

The chart below summarizes the financial activities of the major programs.

Governmental Activities Revenue Pacus on

The chart below summarized the Toy is government wide revenues for the FY 2022/23 and FY 2023/24.

Program revenues decreased by approximately \$0.6 million from the prior year. This decrease is due to the combined effect of a \$1.7 million net increase in capital grant activity including grants received toward the Los Gatos Creek Trail to Highway 9 Trailhead Connector project, \$1.1 million increase in charges for services due to increased development activity and garbage franchise fee reclassification, and a decrease of \$3.5 million from the prior year on operating grants and contribution. The decrease was due to the prior fiscal year including the American Rescue Plan Act (ARPA) second tranche of revenue.

The Town's General Revenues related to Governmental Activities increased by approximately \$0.7 million from the prior year. The increase is attributable to a combination of an approximately \$2.3 million increase in investment earnings including the mark-to-market value adjustments on the Town portfolio investment and a \$1.5 million increase in property taxes. The increases were offset by a \$0.7 million decrease in sales tax, \$7.5 million decrease in franchise fee collection, and \$0.6 million decrease in pass-through device are contributions.

Property tax is the largest individual revenue source for the Town and collections finished the year \$1.5 million higher than the previous year. The increase was mostly due to an increase of \$1.1 million in general property tax collection and \$1.4 million increase in Vehicle License Fee (VLF) Property Tax In-Lieu fee. It is important to note at assessed valuations for FY 2023/24 were established on the tax roll in January 2 25 and collected in FY 2023/24.

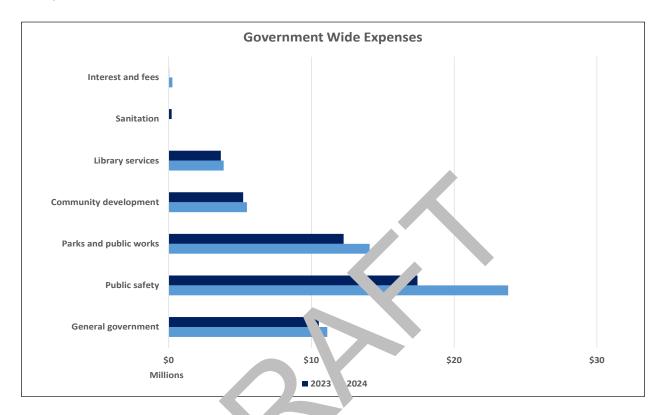

At \$8.1 million, sales taxes represent secon argest individual revenue source for the Town. Sales taxes decreased \$0.7 million, romit is prevalue year largely due to a reduction in business-to-business activities and less axable color activity. In addition, gas service stations have decreased activity due to the popular of electric vehicles.

Franchise taxes, the Jown's thire largest individual revenue source, finished the year at \$2.5 million, reflecting a decrease of \$0 million from the previous fiscal year. Franchise fee collected from the garbage hauler ampan was reclassified as license and permit fees during FY 2023/24. In the statement of activity, license and permit fees are categorized as charges for services. While collections remained at the same level, the revenue shifted from franchise fee to charges for services.

Investment earnings increased \$2.3 million from the prior year. The primary factor responsible for this increase was \$1.7 million total mark-to-market value above historical investment cost than the prior year for the Town's investment portfolio. These unrealized gains are recognized as investment income as a result of the mark to market value procedure required by GASB 31. Per the Town Council General Fund Reserve Policy, \$10,000 or more of unrealized investment gains that have been recorded in the financial statement are required to be reserved. The balance sheet reflects the \$1.7 million Market Fluctuation Reserve. The additional \$0.6 million increase in interest was due to a higher interest rate environment.

Governmental Activities Expenses Discussion

The chart below summarized the Town's government wide expenses for the FY 2022/23 and FY 2023/24.

The Town provides residents bus, sses, and visitors with an array of high-quality municipal services. General government trate ic support is comprised of seven Departments (Town Council, Town Clerk, with Manage Town Attorney, Human Resources, Information Technology, and Finance) which provide information technology, executive management, economic vitality, legal, records management in management, human resources, finance, and accounting services. The Town's Police Department (public safety) provides general law enforcement, crime prevention, dispatch, and responses to emergency and non-emergency calls for service. Parks and Public Works provides engineering, construction, and maintenance of public streets, street lighting, Town-owned buildings, parks, and related infrastructure, as well as traffic engineering and engineering evaluation of private development proposals. Community Development provides planning and zoning services; building plan checks and inspections; and code compliance services. The Library Department provides library, local history, and cultural services to the community.

Total expenses of \$58.6 million as reported in the Statement of Activities increased by \$9.3 million from \$49.3 million the prior year. The change was primarily driven by increases of \$3.7 million in public safety pension expense, \$1.4 million in Miscellaneous Pension expense, \$1.1 million in depreciation, and 1.5 million in salaries and benefits.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

Governmental Funds

Recognizing the financial resources measurement focus, the Town's Governmental Funds provide information on near-term inflows and outflows, and balances of spendable resources. This information is useful in assessing the Town's financing requirements and may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Unlike the Statement of Activities which does not include transfers, the Governmental Funds Balance Sheet does include transfers in and out.

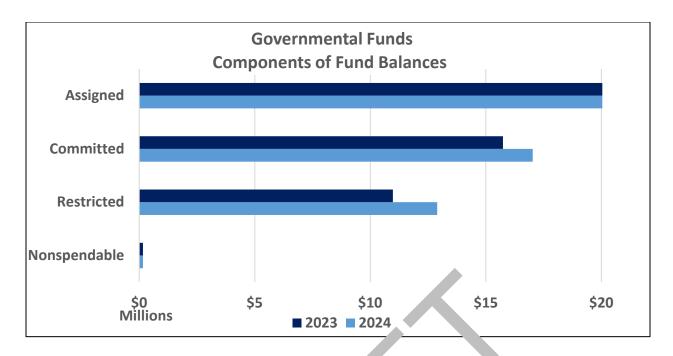

As discussed below, the Town's Governmental Funds Balance Sheet reports the following fund balances:

Restricted Fund Balance – The Town has \$12.9 million in fund balance classified as restricted to indicate that it has an externally imposed restrictions at how the make y may be spent. Of the \$12.9 million restricted fund balance, \$9.0 million is restricted for capital projects, \$2.2 million for pension, \$0.6 million for Library special revealer ust accounts, and \$0.2 million for maintenance and repairs.

Committed Fund Balance – The Town has \$1 0 m² io. fund balance classified as committed to indicate that the Town Council probusly committed how the money will be spent. Of the \$17.0 million, \$12.5 million is for sudge stabilitation (\$6.7 million) and catastrophe response (\$6.7 million).

Assigned Fund Balance the which is \$30.9 million in fund balance which is not restricted or committed and is classified as a signer to indicate the Town Council's intent to be used for specific purposes. The orgest assonments of fund balance are the Reserve for Capital/Special Projects with a balance of opprounately \$8.7 million and the Capital Projects Reserve of \$16.4 million which are the primary onding sources for the Town's five-year capital improvement plan and special projects as budgeted by the Town.

The chart below shows the Town's governmental fund balances for the fiscal year ended June 30, 2023 and 2024.

Additional information on the Town's Fund Balance and be found in Note 10 of the Notes to the Financial Statements.

Total Governmental Funds results for the year included the following:

⁽¹⁾ Starting in March 2024, due to a change in the JPA agreement, Garbage Franchise Fees were categorized as Licenses & Permits under Charges for Services. The total amount classified in Licenses & Permits in FY 2023/24 was \$765,900. The garbage Franchise Fees were \$2,051,335 in FY 2022/23 and \$1,493,184 in FY 2023/24.

Overall, total Governmental Funds revenues finished \$0.8 million or 1.3% lower than the prior year, while total expenditures finished \$7.7 million or 14.3% higher than the prior year. One of the main reasons for the decrease in revenue was a reduction in grant activity due to receiving the final tranche of the \$3.6 million ARPA payment in fiscal year 2023 as well as a \$0.7 million dollar reduction in sales tax. The reduction was offset by increases in general property tax collections of \$1.5 million and \$2.3 million increase in interest revenue. The increase in interest was due to \$1.7 million unrealized gain adjustment. The change in expenditures was mainly due to capital outlay increases of \$3.4 million, salary and benefit cost increases of \$1.9 million, and general operating increases of \$1.5 million.

General Fund revenues totaled \$53.5 million or nearly 87.2% of the total \$61.0 million in Total Governmental Fund revenues.

Governmental Funds expenditures increased by \$7.7 millior General Fund expenditures represent approximately \$49.5 million or 80.4% of the Total Commental Fund expenditures of \$61.6 million compared to \$44.9 million of General Fund expenditures and total Governmental Funds expenditures of \$53.9 million in the prior year.

Increases in Public Safety expenditures from the processor of approximately \$2.3 million were primarily due to \$1.4 million salary and benefit cost increases resulting from labor negotiations and mandated increases in employer pension constitution. Tes, and \$0.5 million internal service costs for equipment replacement and general rability.

Increases in Parks and Public Wor', Community evelopment, and Library services expenditures from prior year of approximative \$1.7 million were primarily due to \$0.7 million operating expenditure increases, \$0.3 million quipment replacement costs, and \$0.1 million salary and benefit cost increases.

The \$0.7 million increasing in general governmental expenditures was mainly attributable to \$0.3 million salary and benefit creas and \$0.2 million labor relation services and post-retirement benefits.

Appropriated Reserves Fund capital projects fund balances decreased \$2.7 million from the prior year, reflecting increased capital activity during the fiscal year. The \$5.3 million of general government and capital outlay expenditures above operating revenues was offset by \$2.6 million from other financing sources.

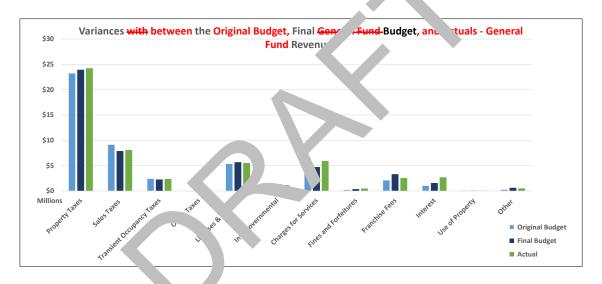

Proprietary Funds

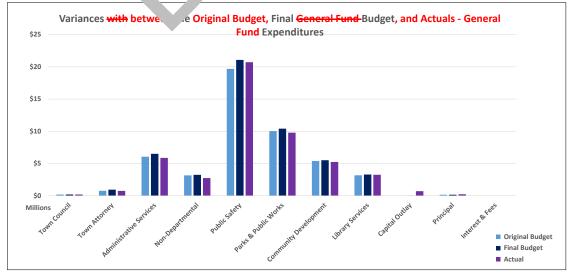

The Town's Proprietary Funds (Internal Service Funds) presented in the Fund Financial Statements section provide similar information to the Government-Wide Financial Statements and include individual segment information.

Total net position in the Internal Service Funds increased by \$1.0 million due to increases in general fund support and program charges for services to cover for workers' compensation, information technology, and general liability costs including administration, insurance premiums, and claims expense.

GENERAL FUND BUDGETARY HIGHLIGHTS

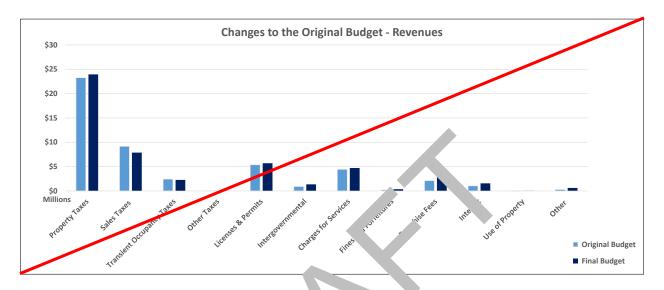

The below graphs represent the revenue and expenditure varian as between the original budget, final budget, and actuals.

Changes to the Original Budget

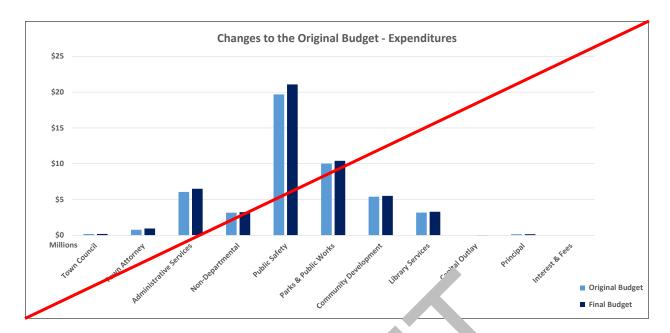

As noted in the below above chart, comparing the FY 2023/24 original budget (i.e., the Adopted Budget) General Fund revenues of \$49.2 to the final adjusted budget of \$51.7 indicates a net increase of approximately \$2.5 million or 5.1%. Additions to the original revenue budget included adjustments approved by Town Council throughout the fiscal year.

The increase in General Fund revenue appropriations of course primarily from the following sample of revenue budget adjustment and a long the fiscal year:

- \$1.2 million revenue increases for charge for services including \$1.1 million for garbage franchise fees and \$0.1. This is a service for services including \$1.1 million for garbage franchise fees;
- \$0.7 million property tax require budget increase in line with the estimates and forecasts provided to the fown quarter, from Santa Clara County Assessor's Office;
- \$0.5 million Ir rest reven budget increase based on the estimated collection from LAIF per projected in rest rates
- \$0.3 million grant | eip+ vith matching expenditure.

As shown in the chart on the next page, comparing the FY 2023/24 original budget (i.e. the Adopted Budget) General Fund expenditures of \$48.6 million (excluding budgeted transfers-out and debt payments that are reimbursed) to the final adjusted budget of \$51.4 million indicates a net increase of approximately \$2.8 million or 5.8%. Additions to the original expenditure budget included adjustments approved by Town Council throughout the fiscal year.

The increase in General Fund expense appropriations occurred primarily from the following sample of budget adjustments made during the fiscopy year.

- \$1.3 million increase in expenditure related cos increases to legal, labor and employee relation services, post-employment ben fit, recruition in the services, special studies, property damage repair, utilities and other operatory generatory;
- \$1.1 million expenditure increase for salary and benefits related charges including budget restoration of \$0.7 million for hund a partments that were fully staffed and did not experience the full preplant at 4.6% salary avings factor and \$0.4 million for negotiated salaries and benefits and tendors.
- \$0.3 grant activity with matchin, revenues.

Variance with the Fi. General F. 1d Budget

The General Fund Stateme of Levenues, Expenditures, and Changes in Fund Balance-Budget and Actual (GAAP) for Fiscal Year Ended June 30, 2024, reports an approximate favorable variance overall with the final budget of approximately \$3.6 million. During FY 2023/24, the General Fund had an excess of revenues over expenditures of \$4.0 million, excluding transfers. This favorable variance was created largely by the net effect of the following factors:

 Actual revenues ended the fiscal year at \$1.8 million above final budgeted revenues. The chart on the next page illustrates the original revenue budget, final revenue budget and actual revenues. Actual expenditures ended the fiscal year at \$1.8 million below final budgeted expenditures.
 Significant factors affecting actual expenditures include: \$1.0 million savings in salaries and
 benefits in limited term vacancies throughout the organization combined with (\$0.8 million
 less actual expenditures than budgeted operational savings in multiple categories Townwide). The chart below illustrates the original expenditure budget, final expenditure budget
 and actual expenditures.

CAPITAL ASSETS

As of June 30, 2024, the Town's investment in capital assets for its governmental activity is recorded at \$139,376,963 (net of accumulated depreciation/amortization). The investment in capital assets includes land, buildings and improvements. Infrastructure, construction in progress, subscription right of use asset, machinery and equir in it. Capital assets increased \$6.7 million net of depreciation expense totaling approximately \$5.3 m. Fon for the year.

Notable additions less current year depreciation of 3.3 mill in include:

- \$7.1 million addition to construction in progre
- \$3.8 million in street repair and resurfacing and the and gutter work; and
- \$0.5 million in subscription right of u. \o_1 \cdots

The \$7.1 million addition to construct in process is comprised of \$3.8 million for pathways projects, \$1.2 million for street; and cubs improvements, \$0.9 million for land and building improvements, \$0.6 million for land and building walls, traffic signals, parking lots, all park improvements.

Additional information on the Town's capital assets is found in No. 6 of this Financial Report.

LONG-TERM DEBT

The Town generally incurs long-term debt to finance precists or purchase assets, which will have useful lives equal to or greater than the reladed by the the windless on-bill financing loan used for facility officies, reject updates, totaling \$1.0 million at 6/30/2024. The long-term debt in the Success Agency Trust Fund is related to the 2002 COP and 2010 COP, totaling \$10.2 million. Achieves information on the Town's Long-Term Debt is found in Note 7 of this Financia. Report

ECONOMIC FACTORS NEXT YEAR S BUL GET, AND RATES

General Fund Monies Ma. Avail le because of the ARPA Grant

The Town recognized the Ar. can Rescue Plan Act (ARPA) operating revenue over three fiscal years including FY 2020/21 (\$200,911), FY 2021/22 (\$3,413,961), and FY 2022/23 (\$3,614,872) for allowable expenditures under the standard allowance provision of the ARPA federal rules. The funds were received in the ARPA special revenue fund and were transferred out to other funds and used Town for qualifying public safety expenditures under the provisions of the Act.

The utilization of the ARPA grant enabled the Town to support the following activities using unrestricted resources:

Unrestricted Funds Available	\$7,229,744

(Council Action 8-15-2023 & FY 2024/25 Propos Budget)	
Total	\$7,229,744

The Town's budget emphasizes reasonable consideration for revenue and expenditures. Moving forward, the Town will grapple with under and agree pital improvement needs as well as understanding the true cost to run had appeared on an interest rates are expected to fall resulting in potential to show deficits. The Toyn will continue assessing its operations, analyzing information useful to future planning.

During the development and action of the Town's FY 2024/25 budget, the Town Council and management considered the folloging factors:

- The FY 2023/24 As a red Buc et endeavored to maintain essential public services while controlling operational astronomy.
- For FY 2024/25, the Adop and Operating Budget was balanced utilizing two primary budget balancing strategies. The first was direction to all Departments to develop a status quo budget. To that end, the Departments programmed existing resources by either maintaining current structures or realigning operations to remain effective. This proved exceptionally difficult as vendor, supply, and other costs rose beyond FY 2023/24 levels. In addition, Departments were provided guidance to enhance capacity where necessary through limit-dated non-benefited personnel options when possible. The second strategy includes a 4.6% vacancy factor, while Council directed that staff continue to hire for all vacant positions. The 4.6% salary savings represents approximately \$1.7 million projected saving.
- In terms of capital projects, the Town Council stated its capital budget priorities to continue implementation of wildfire protection, emergency preparedness, traffic calming/traffic safety for all users, parking study implementation, and advance other needed improvements. All of

these efforts support improving and enhancing transportation options, public safety, and quality of life within the context of prudent fiscal management.

Purpose of the Budget and Annual Comprehensive Financial Report

Our Town's budget is more than just numbers—it is a plan that ensures we use our resources efficiently and effectively, prioritizing our most important goals. Through this budget, the Town Council shapes our community's direction and priorities by allocating financial resources. The Annual Comprehensive Financial Report reflects the activities and financial condition of the previous year, serving as an essential document for residents, taxpayers, and other stakeholders to assess the Town's financial standing. While both documents are critical, they do not provide the complete picture of the financial or operational reality of the Town.

Forecasting Our Finances

The FY 2024/25 budget projections are based on economic tresus and forecasts specific to our area. These estimates, informed by local data from the Corollo of Santa Clara and consultants such as Avenu Insights & Analytics, help predict revenue from sources like taxes and government grants. Expenditures are carefully reviewed by departments and the Figure Department and are incorporated into the budget with a vacancy satisfactor of 4.6%, reflecting the Town's historical trend of not fully expending predicted salaries and benefit costs.

Overall, the Town is financially stable and Second for the foreseeable future. During the FY 2023/24 fiscal year, the Town-wide Statemen of Across reported an increase in net position of \$5,883,955—a measure of the choice in the value of assets impacted by Town operations during the year. This net position include \$3,12 616 from investment earnings, driven by high interest rates and unrealized gins do to the equirement to value current investments at market value as of June 30. Additionary, revenue exceeding budget estimates and expenditures coming in below projections of the positive change.

This increase in net resition reflects a coader trend, with eight of the last nine years showing positive net position towth. In the General Fund—the primary operating fund for Town operations—the available property is for the next fiscal year have also increased.

While encouraging, the increase in net position can be significantly influenced by market interest rate fluctuations, liability payments (including pension costs), and operational and capital expenditures. Additionally, accounting standards do not account for future capital costs beyond depreciation, meaning deferred capital needs could substantially impact future financial performance. Rising costs in key Town operations and contracted services also pose challenges that could outpace revenue growth.

Despite our stable position and financial cushion, maintaining this stability will require fiscal prudence and foresight to address future challenges.

Emerging Financial Challenges

Although we have experienced financial gains, we are facing significant cost pressures. Rising costs for basic services—including salaries, benefits, and contracting—are compounded by volatile pension costs, which have fluctuated dramatically in recent years. The competitive Silicon

Valley market and increasing regulatory requirements on local governments also drive up the cost of services and materials.

A major concern is the lack of preparation to fully fund or quantify the liabilities and annualized costs for maintaining our infrastructure – such as roads, parks, and buildings. These deferred maintenance needs could add millions to future expenses. The cost per mile of infrastructure repair continues to rise, leading to tradeoffs between non-capital and capital priorities. While progress has been made in identifying some of our needs, the Town is quite a ways from achieving a sustainable investment to address its substantial capital liabilities.

Sales tax, our second-largest revenue source, is expected to stagnate or decline due to reduced consumer spending capacity, higher costs, and the loss of high-tax businesses like car dealerships. In FY2023/24, sales tax revenue dropped 8.3% from the previous year to approximately \$8 million, aligning with the Town's historical average over the past decade. This flat revenue trajectory, combined with increasing operational and capital possesses a significant budgetary challenge.

Additionally, the region's economy is heavily influenced by industries affected by geopolitical dynamics. These dynamics could impact employment property and transfer tax revenue, fees, occupancy taxes, and sales taxes, further adding uncertainty to the financial outlook.

Proactive Financial Strategies and Sustainable Financial Strategies

It is essential for us to continuously register as 'evaluate our long-term financial sustainability, balancing major capital needs with the provision of essential services. Los Gatos is currently in a relatively strong financial position, suprested by significant reserves. However, we must remain vigilant and prepared to address in the operational and capital costs that could outpace revenue growth. Our goal is to preserve the experional quality of life in our community through prudent and strategic financial management.

To achieve this, the Town ust work to fully identify the true costs of basic operations as well as additional programs and serves, comparing these costs to our capacity to sustain such activities over the long term. While our overall financial position is balanced, our focus must shift to achieving a sustainably balanced budget that ensures efficient and effective delivery of services at a level supported by available resources.

Key efforts in this direction should include:

- Establishing a shared understanding of our current and projected financial condition.
- Defining the basic and enhanced services provided to residents and businesses.
- Taking deliberate steps toward long-term financial sustainability.
- Identifying system and process improvements that reflect careful planning in how Town activities are delivered, ensuring accountability to those who fund these services.

These initiatives require a multi-year approach, and I am confident we can make meaningful progress in the years ahead.

REQUESTS FOR INFORMATION

This financial report is designed to provide residents, taxpayers, customers, investors, and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability for the money it receives. Questions about this report or requests for any additional information, should be directed to Gitta Ungvari, Finance Director, at 110 East Main Street, Los Gatos, California, 95030; email at gungvari@losgatosca.gov; or phone at (408) 354-6805.

Basic Financial Stotemen

TOWN OF LOS GATOS, CALIFORNIA

ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2024

GOVERNMENT-WIDE FINANCIAL STATEMENTS STATEMENT OF NET POSITION AND STATEMENT OF ACTIVITIES

The Statement of Net Position, Statement of Activities, fund financial statements, and the notes to financial statements comprise the Basic Financial Statements of the Town.

The purpose of the Statement of Net Position and the Statement of Activities is to summarize the entire financial activities and financial position of the Town. They are prepared on the same basis of accounting (accrual) used by most businesses, which means they include all the Town's assets and liabilities, as well as its revenues and expenses. The effect of the entire Town's transactions is accounted for, regardless of when cash changes hands, and all material internal transactions between funds have been eliminated.

The Statement of Net Position report the Town's total as ets, ferred outflows of resources, liabilities, and deferred inflows of resources, including capital ass s and long-term debt, and presents similar information to the old balance shee format while to using the reader on the composition of the Town's net position (assets min. liabilities). The Statement of Net Position summarizes the financial position of the Town's governmental activities in a single column.

The Town's governmental activities include be a divities of the General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Funds. These funds are serviced by the Town's Internal Service Funds; therefore in activities are consolidated with governmental activities after eliminating inter-fund transactions and balances.

The Statement of Activities report acreases and decreases in the Town's net position and is prepared on the full accretion of a counting, which means it includes all the Town's revenues and expenses regardles of when ash counged hands. This differs from the "modified accrual" basis of accounting used in the function in the function

The format of the Statement of Activities presents the Town's expenses before revenues and by program. Program revenues (revenues generated directly by specific programs) are deducted from program expenses to arrive at the net expense of each governmental program, which is offset by general revenues as listed before the change in net position. From these components, the change in net position is computed and reconciled to the Statement of Net Position.

Both of these statements include the financial activities of the Town.

TOWN OF LOS GATOS, CALIFORNIA ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2024

PROPRIETARY FUNDS - INTERNAL SERVICE FUNDS

Internal service funds account for Town operations financed and operated in a manner similar to a private business enterprise. The intent of the Town is that the cost of providing goods and services to other Town funds be financed through user charges to those funds.

The concept of major funds does not extend to internal service funds because they are used for internal activities only. In the Government-Wide Statement of Activities, the net revenues and expenses of the internal service funds are allocated to the Town Departments or programs that generated them, thus eliminating internal service funds.

ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2024

FIDUCIARY FUNDS

Trust funds are used to account for assets held by the Town as a trustee agent for individuals, private organizations and other governments. The financial activities of these funds are excluded from the government-wide financial statements but are presented in separate Fiduciary Fund financial statements.

RDA Successor Agency Private Purpose Trust Fund was established to account for the assets and liabilities transferred from the dissolution of the Town's former Redevelopment Agency and the continuing operations related to existing Redevelopment Agency obligations.

Notes to Basic Financial State vents

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Financial Reporting Entity

The Town of Los Gatos (the "Town") operates under a Council-Manager form of government and provides the following services; public safety (including police and emergency management), parks and public works, community development, library, public improvements, planning and zoning, and general administration services. Redevelopment services were provided primary through the Redevelopment Agency of the Town which was dissolved on February 1, 2012.

The Town is largely a residential community located in the foothills of the Santa Cruz Mountains and was incorporated as a municipal corporation in 1887. The Town's population as of January 1, 2024, was 33,320.

As required by generally accepted accounting principles, the noncial statements present the Town as the Primary Government and any component units for which to Town is considered financially accountable.

B. Description of Blended Component Units

The Town did not report any component uni appart of a primary government because the Town Council was not the governing body of any extities and no suparate entity provided services entirely to the Town.

C. <u>Description of Joint Ventures</u> ad Pull c Ent. Risk Pool

As described in Note 13, the To participates in two joint ventures and public entity risk pool activities through formal prize peparate legal entities. The financial activities of the Pooled Liability Assurance Nework Jon Powers Authority (PLAN JPA) and the Local Agency Workers' Compensation Excession Powers Authority ("LAWCX") are not included in the accompanying basic financial statement as boar a separate from and independent of the Town administer them.

D. Basis of Presentation

The Town's Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board ("GASB") is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the U.S.A.

The accompanying financial statements are presented on the basis set forth in Government Accounting Standards Board Statements No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, No. 36, Recipient Reporting for Certain Non-exchange Revenues, an Amendment of GASB Statement No. 33, No. 37, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments; Omnibus, and No. 38, Certain Financial Statement Note Disclosures.

These Statements require that the financial statements described below be presented.

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government (the Town). These statements include the financial activities of the overall Town government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements present governmental activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by he recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meet the operational needs of a particular program, and (c) fees, grants and contributions hat are restricted to financing the acquisition or construction of capital assets. Revenues that are not assisted as program revenues, including all taxes, are presented as general revenues

Fund Financial Statements: The fund financial statements are as provide information about the Town's funds, including fiduciary funds and blended componed units. Separate statements for each fund category—governmental, proprietary and five the care possented. The emphasis of fund financial statements is on major individual governmental to each of which is displayed in a separate column. All remaining governmental reaggranced and reported as nonmajor funds.

Internal service funds of the Tor in (which provide services primarily to other funds of the Town) are presented, in summary form, as perfect the property letary fund financial statements. Since the principal users of the internal service are a Town's governmental activities, financial activities of the internal service funds the presented in the governmental activities column when presented at the government-wide leads to the appropriate function/program in the Statement of Activities.

Proprietary fund operating remues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

E. Major Funds

GASB defines major funds and requires that the Town's major governmental funds be identified and presented separately in the fund financial statements. All other funds, called nonmajor funds, are combined and reported in a single column, regardless of their fund-type.

Major funds are defined as funds that have assets, deferred outflows of resources, liabilities, deferred outflows of resources, revenues or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The Town may also select other funds it believes should be presented as major funds.

The Town reported the following major governmental funds in the accompanying financial statements:

<u>General Fund</u> is the general operating fund of the Town and is used to account for all financial resources except those required to be accounted for in another fund.

<u>Appropriated Reserves Fund</u> is used to account for resources provided for capital projects not fully funded from other sources.

The Town also reports the following fund types:

<u>Internal Service Funds</u> are used to account for services that are provided to other departments on a cost-reimbursement basis. Those services include workers comensation, self-insurance, facilities maintenance, information technology, and equipment.

Fiduciary Funds include Private-Purpose Trust Funds sed to account for assets held by the Town as an agent for individuals, private organizations, and other government. The financial activities of this fund are excluded from the government-wide pancial statement but are presented in separate Fiduciary Fund financial statements. Fiduciary Fund financial statements include a statement of net position and a statement of changes in reposition. "iduciary funds are presented using the "economic resources measurement focus."

The Town reported the following F: ... ry Fu. s in the accompanying financial statements:

RDA Successor Agency Private Property of the Agency Private Fund accounts for the assets, liabilities, and operations transferred from the an aution of the Town's Redevelopment Agency, which includes the following:

- Certificate, of Participation issued to finance several capital improvement projects throughout the Town.
- Redevelopment, cts and related property tax revenue.
- Affordable Housing Set-Aside Program obligations.
- Repayment of obligations incurred by the Town's Redevelopment Agency prior to its dissolution.

F. Basis of Accounting

The government-wide and fiduciary fund (except for agency funds) financial statements are reported using the *economic resources measurement focus* and the full *accrual basis* of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measurable* and *available*. The Town considers property tax revenues reported in the governmental funds to be

available if the revenues are collected or are reasonably expected to be collected within sixty days after year-end. For revenues other than property taxes, the Town generally applies the sixty-day period rule when considering the *measurable* and *available* criteria. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which is recognized upon becoming due and payable; and except for claims, judgments, and compensated absences, which are recognized when estimable and probable. Governmental capital asset acquisitions are reported as *expenditures* in governmental funds. Proceeds of governmental long-term debt and acquisitions under leases are reported as *other financing sources*.

Those revenues susceptible to accrual are property and sales taxes, certain intergovernmental revenues, and interest revenue. Fines, forfeitures, licenses and permits, and charges for services are not susceptible to accrual because they are not measurable until received in cash.

Non-exchange transactions, in which the Town gives or receive value without directly, receiving or giving equal value in exchange, include taxes, grants, entirements, and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Town may fund programs with a combination of conreimbursement grants, categorical block grants and/or general revenues. Thus, both a struction and undestricted net position may be available to finance program expenditures. The Town pricy as a first apply restricted grant resources to such programs followed by general uses as accessary.

Certain indirect costs are inc. led ir expenses reported for individual functions and activities.

The Town applies of applicable GA. B pronouncements for certain accounting and financial reporting guidance including those pplicable to accounting and reporting for proprietary operations. In December of 2010, ASB is used GASB No. 62, Codification of Accounting and Financial Reporting Guidance Contains of APR-November 30, 1989 FASB and AICPA Pronouncements. This statement incorporates pronouncements issued on or before November 30, 1989 into GASB authoritative literature. This includes pronouncements by the Financial Accounting Standards Board (FASB), Accounting Principles Board Opinions (APB), and the Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure, unless those pronouncements conflict with or contradict with GASB pronouncements.

<u>Pensions</u> - For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town's California Public Employees' Retirement System (CalPERS) plans (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date June 30, 2022 Measurement Date June 30, 2023

Measurement Period July 1, 2022 to June 30, 2023

Other Postemployment Benefit (OPEB) Expense

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense information about the fiduciary net position of the Town's Retiree Benefits Plan (the OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the time basis as they are reported by the OPEB Plan. For this purpose, the OPEB Plan recognizes be aftire payments when due and payable in accordance with the benefit terms. Investments are regarded at the fair value. Generally accepted accounting principles require that the reported results most pertain liability and asset information within certain defined timeframes. For this report, the allowing times mes are used:

Valuation Date

Measurement Period Jun 1, 2022 to June 30, 2023

<u>Cash and Cash Equivalents</u> - The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short arm a yestments with original maturities of three months or less from the date of acquisition.

State of California statute and the Town's investment policy authorize the Town to invest in obligations of the U.S. Treasure its a encies and instrumentalities, collateralized, non-negotiable certificates of deposite commercial paper rated A-1/P-1, medium-term corporate notes rated A or its equivalent or better by Moody's or Standard & Poor's, asset backed corporate notes, bankers' acceptances, mutual fund. and the State Treasurer's investment pool (Local Agency Investment Fund).

The Town does not enter into repurchase or reverse repurchase agreements.

<u>Restricted Cash and Investments</u> - Certain restricted cash and investments are held by fiscal agents for pension stabilization, worker's compensation insurance, and Successor Agency debt service obligations.

<u>Investments</u> - Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach This approach uses prices generated for identical or similar assets or liabilities.
 The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable input have been minimized.

Materials, Supplies and Deposits (Other Assets) - These assets re held for consumption and are stated at cost using the first-in, first-out method. The casts are record as expenditures at the time the item is consumed.

<u>Interfund Receivables and Payables</u> - Transaction between funds that are representative of lending/borrowing arrangements outstanding the end on the fiscal year are referred to as "advances to/advances from other funds." All other out tanged balances between funds are reported as "due to/from other funds."

Advances - Advances between finds and due frow to other funds are offset by a nonspendable fund balance in applicable Town in ds to the extent to which they are not available for appropriation and are not expendate available financial resources.

<u>Capital Assets</u> - Cantal assets are varued at historical cost or estimated historical cost if actual historical cost is not a pilable. I nated capital assets or donated works of art and similar items should be reported at acquisition alue rather than fair value. Also, note that capital assets received in a service concession arrament should be reported at acquisition value rather than fair value. Capital assets, including infrastructure, are recorded if acquisition or construction costs exceeds \$10,000.

As required by GASB, the Town depreciates and amortizes capital assets with limited useful lives over their estimated useful lives. The purpose of depreciation/amortization is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets. The Town depreciates/amortizes using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated.

Intangible right-to-use lease assets are amortized over the shorter of the lease term or the useful life of the underlying asset, unless the lease contains a purchase option that the Town has determined is reasonably certain of being exercised, then the lease asset is amortized over the useful life of the

underlying asset. Intangible right-to-use subscription assets are amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

The Town has assigned the useful lives listed below to capital assets:

Buildings	25-40 years
Improvements	25-40 years
Machinery and equipment	2-20 years
Furniture and fixtures	5-12 years
Software	5-7 years
Infrastructure	20-40 years

Major capital outlay for capital assets and improvements are car alized as projects are constructed.

Capital assets may be acquired using federal and state grants, contributions from developers, and contributions or grants from other governments. GASP 34 requires that these contributed assets be accounted for as revenue at the time they are contributed.

Leases Receivable - The Town's leases receivable - measured at the present value of lease payments expected to be received during the lease term. The present value, net of accumulated amortization, is reported as deferred inflows of recorded for leases. Deferred inflows of resources are recorded at the initiation of the leases receivable, plus incentive recorded as deferred inflows of resources from the leases are amortized on a straight-line basis over the term of the lease.

Deferred Compensation Plan - Town established a deferred compensation plan created in accordance with Califor a Corm. In Code Section 53212 and Internal Revenue Code Section 457. The plan, available to all Town encloyees, permits them to defer a portion of their salary until future years. The detected compensation is not available to employees until termination, retirement, death, or unforeseeable pergent. Deferred compensation plans are not reported as part of the Town's assets or liabilities, and deferred compensation plan trustees hold those funds in trust on behalf of employees until the employees are eligible to receive the benefits.

<u>Compensated Absences</u> - Accumulated Vacation, Sick Pay, and Other Employee Benefits are accrued as earned. Upon termination, employees are paid for all unused vacation at their current hourly rates. Sick leave earned is cashed out based on the following schedule for employees with at least 150 hours accrued and up to a maximum amount as specified under labor contract provisions:

For employees under contract 1-59 months	25.0%
For employees under contract 60-119 months	37.5%
For employees under contract 120 months or more	50.0%

The Town's liability for compensated absences is determined annually. For all governmental funds, amounts expected to be paid out of current financial resources are recorded as liabilities of each fund;

the long-term portion is recorded in the Statement of Net Position. The changes of the compensated absences were as follows:

Beginning Balance	\$ 3,161,247
Net Change	 (50,290)
Ending Balance	3,110,957
Compensated Absences Current	 596,874
Compensated Absences Noncurrent	\$ 2,514,083

Compensated absences are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund. Only compensated absences related to terminated employees are reported in the fund financial statements.

<u>Unearned Revenue</u> - Unearned revenue arises when asset, are regived before revenue recognition criteria have been satisfied. Grants and entitlements received before regibility requirements are met are recorded as deferred inflows from unearned evenue. In the governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have been recorded as deferred as ows from unavailable revenue.

Long-Term Liabilities - In the government who are reported as liabilities in the applicable statement of net position. Bond pressure and accounts, as well as issuance costs, are deferred and amortized over the life of the best us using the effective interest method. Bonds payable are reported net of the applicable bond pressure or an or an area of the applicable bond pressure or an or an area of the applicable bond pressure or area.

In the fund financial strainent, rove mental fund types recognize bond premiums and discounts, as well as bond issure secosts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts in debt issuances are reported as other financing uses. Issuance costs, whether or not withheld in the actual debt proceeds received, are reported as debt service expenditures.

<u>Subscription Based Information Technology Arrangements</u> - The Town recognizes subscription liabilities with an initial, individual value of \$100,000 or more. The Town uses its estimated incremental borrowing rate to measure subscription liabilities unless it can readily determine the interest rate in the arrangement. The Town's estimated incremental borrowing rate is calculated as described above. The Town's estimated incremental borrowing rate is based on its most recent public debt issuance.

<u>Deferred Outflows/Deferred Inflows of Resources</u> - Deferred outflows of resources is a consumption of net assets by the Town that is applicable to a future reporting period, for example, contributions to pension and OPEB plans that are after the actuarial measurement date.

Deferred inflows of resources is an acquisition of net assets by the Town that is applicable to a future reporting period, for example, unavailable revenue.

<u>Net Position</u> - In the government-wide financial statements, net position is classified in the following categories:

Net Investment in Capital Assets - This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction, or improvement of the assets. In addition, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also are included in the net investment in capital assets component of net position.

Restricted Net Position - This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Position - This amount is all net position the does not meet the definition of "net investment in capital assets" or "restricted net position."

Fund Balances - The Town does not have a policy id atifying a minin. In unassigned fund balance. Because amounts in the nonspendable, restricted, a mitter, and assigned categories are subject to varying constraints on their use, the remaining fund because are otherwise unassigned.

In accordance with Government Accounting Successful Suc

Nonspendable includes fund 'alance amoun that cannot be spent either because it is not in spendable form or because of 'gal or a constraints.

Restricted includes for an expension or mounts that are constrained for specific purposes which are externally imposed by provide such as creditors or amounts constrained due to constitutional provisions or enable legislatio

<u>Committed</u> includes fun by ance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Committed fund balances are imposed by the Town Council.

<u>Assigned</u> includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Town Manager or the Finance Director.

<u>Unassigned</u> includes fund balances within the funds which have not been classified within the above-mentioned categories. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or

assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The Town uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Town would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

<u>Use of Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the dates of the financial statements and the reported amounts of revenue and expenditures/expenses during the reporting periods. Actual results could differ from those mates.

<u>Subsequent Events</u> - Management has considered subsequent even, through November 11, 2024, the date which the financial statements were available to be issued. The financial statements include all events or transactions, including estimates, required to be ecognized in accordance with generally accepted accounting principles. Management has a subsequent events that require disclosure.

Property Tax Levy, Collection and Maximu R .es - ... ate of California Constitution Article XIII A provides that the combined maximum proper tax rate on any given property may not exceed 1% of its assessed value unless an admitional amount for general obligation debt has been approved by voters. Assessed value is calculated at a confinant value as defined by Article XIII A and may be adjusted by no more than 2% and year unless the property is sold, transferred, or substantially improved. The State Legislature has a termined the method of distribution of receipts from a 1% tax levy among the count as cities, shool astricts and other districts.

The County of Santa Cla assess 3 properties, bills for and collects property taxes on the following schedule:

	Secured	<u>Unsecured</u>
Valuation/lien dates	January 1	January 1
Levy dates	January 1	January 1
Due dates (delinquent as of)	50% on November 1 (December 10)	March 1 (August 31)
	50% on February 1 (April 10)	

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the property being taxed. Property taxes levied are recorded as revenue and receivables when they are collected during the fiscal year of levy or within 60 days of year-end.

Budgets and Budgetary Accounting - The Town follows the procedures below when establishing the budgetary data reflected in the financial statements:

- 1. The Town Manager submits to the Town Council a proposed operating and capital improvement budget for the fiscal year commencing the following July 1. The budgets include the proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. The budget is legally enacted through adoption of Town resolution by Council.
- 4. The Town Manager is authorized to implement the programs as approved in the adopted budget. Within a specific fund, the Town Manager may transfer appropriations between categories, departments, projects and programs as needed to implement the adopted budget, whereas the Town Council must authorize budget increases and decreases, and transfers between funds.
- 5. Budgets are adopted on a basis consistent with generally accepted accounting principles except for proprietary funds which budget for capital outlays but not depreciation. Budgets were adopted for the General Fund, Special Revenue Funds, Ir rnal Service Funds, and Capital Projects Funds.
- 6. Budgeted amounts are as originally adopted or as a nender by Town Council. Individual amendments were not material in relation to original appropriations.

<u>Excess of Expenditures over Appropriations</u> - 1 ere w e no significant expenditures in excess of budget during for the year ended June 30, 2024.

Encumbrances - Under encumbrance accounting, rechase orders, contract and other commitments for expenditures are recorded in order to a very that portion of the applicable appropriation. Encumbrance accounting is employ an expansion of formal budgetary integration in all funds. Encumbrances outstanding at year end at report of as commitments or assignments of fund balances since they do not constitute expansional accounting at year end in all funds. Encumbrances outstanding at year end at report of as commitments or assignments of fund balances since they do not constitute expansional accounting to the following year.

<u>Reclassifications</u> - C tain accounts in the prior-year financial statements have been reclassified for the presentation in the purrent-year financial statements.

G. Accounting and Reportin, C' anges

GASB Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections in previously issued financial statements. This statement did not have a material impact on the financial statements.

GASB Statement No. 101, Compensated Absences

This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. Towever, leave that is more likely than not to be settled through conversion to defined benefit properties that is more likely than not to be settled through conversion to defined benefit properties.

This Statement requires that a liability for certain type of compensated beences - including parental leave, military leave, and jury duty leave—not three of zed until the leave commences. This Statement also requires that a liability for specific type compensated absences not be recognized until the leave is used. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment with the payment of the cash payment associated with payments for leave also should be included in the measurement of the distribution.

The requirements of this Stater and are rective 1 r fiscal years beginning after December 15, 2023, and all reporting periods thereat. However, the Town implemented GASB 101 as of June 30, 2024. This statement did to the anaterial impact on the financial statements.

H. Upcoming Accounts and Rept ting Changes

The Town is currently and zir j its accounting practices to determine the potential impact on the financial statements of the following recent GASB Statements:

GASB Statement No. 102, Certain Risk Disclosures

This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the

government's vulnerability to the risk of a substantial impact. The disclosure should include descriptions for (1) the concentration or constraint (2) each event associated with the concentration or constraint that could cause a substantial impact if the event had occurred or had begun to occur prior to the issuance of the financial statements (3) actions taken by the government prior to the issuance of the financial statements to mitigate the risk. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter.

GASB Statement No. 103, Financial Reporting Model Improvements

This Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability.

This Statement establishes new accounting and financial report of requirements or modifies existing requirements related to (a) Management's discussion and an 'vsis (MD&A) (b) Unusual or infrequent items (c) Presentation of the proprietary find statement of revenues, expenses, and changes in fund net position (d) Information about major component units in basic financial statements (5) Budgetary comparison information about Fire acial trend information in the statistical section

The requirements of this Statement are effec ve rescal, are beginning after June 15, 2025, and all reporting periods thereafter.

NOTE 2 - CASH AND INVESTMY ATS

The Town pools cash from all source and all funds except Restricted Cash and Investments so that it can be invested at the maximum jeld, ansistent with safety and liquidity, while existing funds have cash available for expendances.

Cash and Investments Den. ad

The Town includes only cash deposits in banks as cash. Investments in LAIF and government securities mutual funds are net in the order of liquidity, since they may be withdrawn without penalty. U.S. Treasuries, U.S. Agencies and Certificates of Deposit are the Town's least liquid investments, since they must be held to maturity.

Cash Deposits with Banks and Custodial Credit Risk

California Law requires banks and savings and loan institutions to pledge government securities with a fair value of 110% of the Town's cash on deposit, first trust deed mortgage notes with a value of 150% of the deposit, or letters of credit issued by the Federal Home Loan Bank of San Francisco with a value of 100% of the deposit as collateral. Under California Law this collateral is held in the Town's name and places the Town ahead of general creditors of the institution. The Town's cash deposits are collateralized under this law.

The bank balance of the Town's cash deposits was \$15,664,336 and the carrying amount was \$15,176,656 as of June 30, 2024. The bank balance and the carrying amount differed due to deposits in transit and outstanding checks.

Investments

The Town and its fiscal agent invest in individual investments and in investment pools. Individual investments are evidenced by specific identifiable pieces of paper called "securities instruments," or by an electronic entry registering the owner in the records of the institution issuing the security, called the book entry system. In order to maximize security, the Town employs the Trust department of a bank as the custodian of all its investments, regardless of their form.

Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation technics above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active market for identical asse or liabilities.
- Level 2 inputs are quoted market prices for sim. "asse" or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not observable
- Level 3 inputs are unobservable inputs, s ch a proper y valuation or an appraisal.

Local Agency Investment Fund (LAV)

The Town invests in the California Some Trecturer's ocal Agency Investment Fund. LAIF, established in 1977, is regulated by Califon Governt Code Section 16429 and under the day to day administration of the State Treasurer. Is of June 30, 2024, LAIF had approximately \$178 billion in investments that were full moved in non-derivative financial products. These investments are described as follows:

- 1. <u>Structured Notes</u> are that secrities (other than asset-backed securities) whose cash flow characteristics (coupon rater temption amount, or stated maturity) depend upon one or more indices and / or that have embedded forwards or options.
- 2. <u>Asset-Backed Securities</u>, the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (such as Collateralized Mortgage Obligations) or credit card receivables.

Risk Disclosures

Interest Rate Risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. One of the ways that the Town manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair values of the Town's investments to market interest rate

fluctuations is provided in the summary of cash and investments table on the following page that shows the distribution of the Town's investments by maturity.

Credit Risk is the risk of loss due to the failure of the security issuer. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The summary of cash and investments table on the following page shows the minimum rating under the actual rating of the Town's investments at year end.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Town's investment in money market fund and LAIF is not categorized as to custodial credit risk. Its U.S. Government Agency Securities investment is held by a third-party financial institution under the third party's treat department's name and thus not exposed to custodial credit risk.

Concentration of Credit Risk is the risk that the Town's irestments as exposed because the types of investments have been too limited. The Town's Policy ates that, with the exception of US Treasury securities and LAIF, no more than 50% of the Town's tall investment portfolio will be invested in one single security type or with a single financial institution. Town was in compliance with this policy as of June 30, 2024.

The following table summarizes the Towns policy to Laturities and concentration of investments:

		Maximum
	Maximum	Portfolio
Invest. Type	Maturity	Percentage
U Treasury Ob. ation.	5 years	None
US gency Oblig ions	5 years	None
Banke. Accept ces	180 days	30%
Commercper	270 days	25%
Medium Term Notes	5 years	30%
Collateralized CD's	5 years	30%
CA LAIF	NA	\$75 million
Money Market Funds	NA	20%

The following is a summary of the Town's Cash and Investments (stated at fair value) as of June 30, 2024:

	Available			Concentration			Time to	Weighted
	for			of Credit		Input	Mature	Average
Description	Operations	Restricted	Total	Risk l	Rating	Level	(Years)	Maturity
Government Bonds	\$ 20,229,135	-	\$ 20,229,135	30.50%	AA+	2	.42-4.51	2.51

Total Cash and Investments	\$ 81,509,082	\$ 4,487,377	\$ 85,996,459					

Cash and investments are classified in the financial stater and as shown be w, based on whether or not their use is restricted by Town debt or Agency agreem. *s.

		Fiduciary	
Description	-1 Town	Funds	Totals
Cash and Investments Available for Operations	\$ 70 -<4 \$	2,026,518	\$ 81,509,082
Restricted Cash and Investments	2,368,441	2,118,936	4,487,377
Total Cash and Investments	\$ 81,851,005 \$	4,145,454	\$ 85,996,459

NOTE 3 - LONG-TERM NOTE > PEC'

The Town had the following rong or no receivable as of June 30, 2024:

	Interest		
Description	Rate	Maturity	Balance
General Fund:			
Rehab Loan to Charitte	Various	Various	\$ 159,000
BMP Loans	Various	Various	900,000
Total General Fund			1,059,000
Community Development Block Grant Fund (CDBG):			
Housing Conservation	0-5%	Various	78,752
Total CDBG			78,752
Total Long-Term Notes Receivable - Government-Wide Stat	ement of Net	Position	1,137,752
Successor Agency Affordable Housing:			
Project Match	Various	Various	633,746
Total Long-Term Notes Receivable			\$ 1,771,498

BMP Loans - The purpose of the Below Market Price (BMP) Housing Program is to provide adequate housing for Los Gatos residents, regardless of age, income, race, or ethnic background. As required by

the State, the Town plans and facilitates the construction of housing adequate for future populations consistent with environmental limitations and in a proper relationship to community facilities, open space, transportation, and small-town character.

Active Home Loans and Housing Conservation Loans - The Town used CDBG Funds (funded through federal grants) to assist low- and moderate-income homeowners to improve their homes and to fund low-income housing rental properties acquisition and rehabilitation. These loans are secured by deeds of trust.

<u>Project Match</u> - The Successor Agency has a loan agreement with Project Match, a nonprofit benefit corporation, to acquire and rehabilitate four- or five-bedroom single family homes. The property is to provide affordable housing rental to very low-income senior households. The loan receivable is evidenced by a promissory note and secured by a deed of trust. From inception of the loan through June 30, 2024, no interest or principal payments have been made.

NOTE 4 - LEASES RECEIVABLE

In March of 2021, the Town entered into a five-year lease with sesla Motor Cars (Tesla) allowing Tesla to use Town property at the North Lot for charging states. Under the lease, Tesla pays the Town \$96,000 per year during the term of the lease. The lease recovable is measured as the present value of the future minimum rent payments expected to the recovered during the lease term at a discount rate of 2%.

In January of 2010, the Town entered into a wenty lear lease with the Los Gatos Saratoga Recreation (LGS) allowing LGS to use the procent at 200 Fost Main Street. Under the lease, LGS paid the Town \$19,950 per year at the beginning of lease. After cumulative CPI adjustments, the payment in the final year of the lease will '200 216. The lease receivable is measured as the present value of the future minimum rent pay lents expected to le received during the lease term at a discount rate of 6.6%.

In January of 2010, the Tow entered into a twenty-year lease with the Los Gatos Saratoga Recreation (LGS) allowing LGS to use the prerty at 208 East Main Street. Under the lease, LGS paid the Town \$90,000 per year at the beginning of the lease. After cumulative CPI adjustments, the payment in the final year of the lease will be \$243,435. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 6.6%.

In January of 2016, the Town entered into a twenty-year lease with New Museum Los Gatos (NUMU) to use the property at 106 East Main Street. Under the lease, NUMU pays the Town \$25,000 per year. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 5.86%.

In December of 2022, the Town entered into a fifty-five-month lease with CineLux Theaters allowing CineLux Theaters to use the Los Gatos Threatre building. Under the lease, CineLux Theaters pays the Town up to \$120,000 per year during the term of the lease. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 5.99%.

The following summarizes the lease balances as of June 30, 2024:

Lease Receivable	Beginning	Additions	Deletions	Ending	
Tesla	\$ 241,506	\$ -	\$ (92,010)	\$ 149,496	
LGS 123 E. Main St	148,858	-	(17,852)	131,006	
LGS 208 E. Main St	1,199,297	-	(143,795)	1,055,502	
NUMU	-	232,841	(11,666)	221,175	
Los Gatos Threatre	319,957		(15,828)	304,129	
	\$ 1,909,618	\$ 232,841	\$ (281,151)	\$ 1,861,308	

Deferred Inflows of Resources	Beginning	Additions	Deletions	Ending	
Tesla	\$ 235,816	\$ -	\$ (91,284)	\$ 144,532	
LGS 123 E. Main St	83,399	-	(12,997)	70,402	
LGS 208 E. Main St	634,096	-	(98,820)	535,276	
NUMU	-	232 ° .1	(17,247)	215,594	
Los Gatos Threatre	269,670		(67,418)	202,252	
	\$ 1,222,981	\$ _232,841	\$ (2, 766)	\$ 1,168,056	

The following summarizes the future lease collections as connection as c

For the Year			
Ending June 30,	rinc ⁱ 11	Interest	Total
2025	\$ 2,421	\$ 104,325	\$ 466,746
2026	. 3,791	82,970	446,761

NOTE 5 - INTERFUND TRANSACTIONS

<u>Inter-fund Receivables and Payables</u> - Amounts due to or due from other funds reflect inter-fund balances for services rendered or short-term loans expected to be repaid in the next fiscal year. Advances to or from other funds are long-term loans between funds that are to be repaid in their entirety over several years.

<u>Transfers</u> - With Council approval resources may be transferred from one fund to another. Transfers routinely reimburse funds that have made an expenditure on behalf of another fund. Transfers may also be made to pay for capital projects or capital outlays, lease or debt service payments, operating expenses and low and moderate-income housing projects.

Transfers between funds during the fiscal year ended June 30, 2024 were as follows:

Tra	nsfers Out	Transfers In				
Opinion Unit	Program Title		Amount	Opinion Unit	Program Title	Description

Due in More Than	One Year								\$ 8,755,925

2002 Certificates of Participatio. (2002)—On July 18, 2002, the Town and the Los Gatos Redevelopment Agency issued \$10, 7,000 in 2002 COPs, Series A, to finance the acquisition, construction, rehabilitation quipping, as improvement of several capital improvement projects. The Town had pledged least payments of real property and facilities comprised of the Parks and Public Works Service Center and Raseball Fold, as well as Parking Lot No. 1, 2, and 3, as collateral for the repayment of the Certificates. Princip apyments are due annually on August 1st, with interest payments due semi-annually on February and August 1st.

2010 Certificates of Participation (2010 COPs) - On June 1, 2010, \$15,675,000 of 2010 COPs were issued to finance the acquisition, construction, and improvement of a library on the Town's Civic Center campus, to be owned and operated by the Town. Principal payments are due annually on August 1, with interest payments due semi-annually on February 1 and August 1.

To assist the Town in paying the cost of acquisition and construction of various projects, the Town and its Redevelopment Agency entered into lease and reimbursement agreements in 2002 and 2010. Under the agreements, the Agency will use available net tax increment revenues resulting from the projects' effect on land values to repay the Town for all lease payments made by the Town to the Agency under the lease agreements for the projects. Net tax increment revenues are all taxes allocated to and paid into the Successor Agency private-purpose trust fund.

Future debt service requirements of the Certificates of Participation were as follows:

For the Year				
Ending June 30,	Principal Interest		Total	
2025	\$ 1,485,000	\$	417,300	\$ 1,902,300
2026	1,550,000		351,850	1,901,850

Total Fund Balance - Gov't Funds	\$61,185,528	\$16,186,058	\$ (16,368,983)	\$61,002,603

Nonspendable

Loans receivable nonspendable fund balance reflects long-term loans that are offset by unearned and deferred amounts.

Leases nonspendable fund balance reflects leases receivable that are offset by unearned and deferred amounts.

Restricted

Library reflects fund balance from donations and bequests held in trust for the benefit of the Town's library.

Capital Outlay funded from storm drain fees, construction taxes an uebt proceeds are legally restricted for major capital projects.

Repairs and Maintenance reflects legally restricted balance. Or repairs d maintenance of lighting and landscape property and open space property that are an anced with special tax assessments on the benefiting property.

Pension restricted are amounts paid into a separate legal true for the Town's Miscellaneous and Safety pension plans administered by CALPERS.

VTA are funds provided by the Valley Trans, rt ion Authority's Measure B restricted for the pavement/crack seal rehabilitation project.

Committed

Budget Stabilization and Coastropic fund balance has been committed per Town Council resolution. The Town Council has emblished by solution the budget stabilization arrangement and the catastrophe arrangement. The total balances in the earrangements are to be maintained at 25% of annual General Fund ongoing, operating expenditure, excluding one-time expenditures, divided equally between both arrangements. When either arrangement is used, Town Council will develop a 1 to 5-year reserve replenishment plan to meet the minimum threshold of 25% of General Fund ongoing, operating expenditures, excluding one-time expenditures.

The arrangements can be used when:

- Unforeseen emergencies, such as a disaster or catastrophic event occur.
- Significant decrease in property or sales tax, or other economically sensitive revenues.
- Loss of businesses considered to be significant sales tax generators.
- Reductions in revenue due to actions by the state /federal government.
- Workflow/technical system improvements to reduce ongoing personnel costs and enhance customer service.
- One-time maintenance of service levels due to significant economic budget constraints
- One-time transitional costs associated with organizational restructuring to secure long-term personnel cost savings.

Should any of the events listed above occur that require the expenditure of Town resources beyond those provided for in the annual budget, the Town Manager or designee shall have authority to approve catastrophic or budget stabilization arrangement appropriations. The Town Manager or designee shall then present to the Town Council a budget amendment confirming the nature of the event and authorizing the appropriation of reserve funds.

Pension/OPEB Reserve committed fund balance will be used to fund net pension liabilities for the Town's Miscellaneous and Safety pension plans administered by CALPERS. Town policy provides, to the extent possible, that additional annual deposits be calculated committed with the goal of moving the payment of the unfunded pension liability from a 29-year to a 20-year amortization period.

Special Revenue Fund committed fund balance will be used for the activities of the respective special revenue funds.

Assigned

Open Space assigned fund balance will be used to make selective open. Pace acquisitions.

Parking assigned fund balance will be used to mitigate ricking issues within the Town.

Sustainability assigned fund balance will be used to fund congrams sustainability initiatives and programs.

Capital/Special Projects assigned fund balanc with be used for the acquisition and construction of capital facilities as well as special projects or act. ities a sected by the Town Council.

Carryover Encumbrances assigned five a commitment carried through to future periods.

Comcast PEG assigned fund balance if oe used to fund capital improvements linked to the televising of Council and Planning Community in materials.

Education Realignment Symmetration Funa (ERAF) assigned fund balance has been established to set-aside thirty percent of the a. 'cipated J AF proceeds from FY 2022/23 until a lawsuit between the State and the School Districts conc. 'es.

Economic Recovery assigned fund balance has been established, after utilizing ARPA replacement revenues, to account for General Fund revenues set-aside for essential government services, economic recovery and business support, enhanced senior services, capital program augmentations, and other one-time uses.

Compensated Absences assigned fund balance will be used for vacation and sick-pay benefits owed to employees as of June 30, 2024 that were not an obligation of the General Fund because of their long-term nature.

Measure G 2018 District Sales Tax assigned fund balances for operational and capital will be used to track receipt and use of the 1/8 cents District tax funds collected by the Town for operational and capital expenditures.

NOTE 11 - EMPLOYEES' RETIREMENT PLAN

The following summarizes the pension balances as of year-end:

	Defined Benefit Plans					
	Misc			Safety		Total
Deferred outflows of resources	\$	9,339,476	\$	13,827,440	\$	23,166,916
Deferred inflows of resources	\$	18,028	\$	1,676,319	\$	1,694,347
Net pension liabilities	\$	29,048,582	\$	33,979,087	\$	63,027,669
Pension expense (credit)	\$	5,773,242	\$	5,442,602	\$	11,215,844

Employees Covered

At June 30, 2024, the following employees were covered by the benefit terms for the Plans:

	Miscellaneous	Safety
Active	107	37
Transferred	105	12
Separated	104	7
Retired	263	91
Total	579	147

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. For ding contributions for the Plans are determined annually on an actuarial basis as of June 30 by California. The actuarially determined rates are the estimated amount necessary to finance the costs of booleans of the effits earned by employees during the year. The Town is required to contribute the difference between the actuary by determined rate and the contribution rate of employees. In addition, the Town is rely responsible for any annual costs associated with payments toward any unfunded accrued to the contribution of the contribution of the contribution rate of employees.

For the year ended June 30, 2024, pension contraction for each Plan was as follows:

	I	Employer	
	Contributions		
Miscella ous	\$	3,878,991	
Safety		3,554,897	
Ter Tomploy Contributions	\$	7,433,888	
		· · · · · · · · · · · · · · · · · · ·	

Pension Liabilities, P. sion Exper es and Deferred Outflows/Inflows of Resources Related to Pensions Pension Liability.

As of June 30, 2024, the Town 1 orted net pension liabilities for each plan as follows:

	Proportionate Share of Net Pension				
		bility/(Asset)			
Miscellaneous	\$	29,048,582			
Safety		33,979,087			
Total	\$	63,027,669			

The Town's net pension liability for the Safety Plan is measured as the proportionate share of the net pension liability while the Miscellaneous plan's net pension liability is a direct calculation based on its actuarial study and is not proportionate. The net pension liability of all the Plans are measured as of June 30, 2023, and the total pension liability for the Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The Town's proportion of the net pension

liability for the Safety Plan was based on a projection of the Town's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The Town's proportionate share of the net pension liability for the Safety Plan as of June 30, 2023 and 2024 was as follows:

	Safety
Proportion - June 30, 2023	0.46183%
Proportion - June 30, 2024	0.41366%
Change - Increase/(Decrease)	-0.04816%

For the year ended June 30, 2024, the Town recognized a pension expense of \$11,215,844.

The following is a summary of the changes in the total pension lie^2 nity, fiduciary net position and net pension liability of the Town's Miscellaneous Plan as of June 3° 2 '4:

		Total	Fia 'ary	Net
		Pens' 1	Nei	Pension
		Liau 'v	Position	Liability
Beginning Balance	\$	123,9. 57	\$ 95,844,188	\$ 28,131,979
Service Costs		2,092,. 5	=	2,092,786
Interest on Total Pension Liability		437,585	=	8,437,589
Changes of Assumptions		10. 3	=	164,628
Difference Actual and Expected Experience	1	631,264	-	631,264
Employer Contributions		-	3,687,226	(3,687,226)
Employee Contributions		-	916,606	(916,606)
Net Investment Income		-	5,876,311	(5,876,311)
Benefit Payments		(7,069,109)	(7,069,109)	-
Administrative Expenses			(70,479)	70,479
Net Changes		4,257,158	3,340,555	916,603
Ending Balance	\$	128,233,325	\$ 99,184,743	\$ 29,048,582

At June 30, 2024, the Town re₁ * d deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous				Safety			
	Deferred Outflows of				Deferred Outflows of]	Deferred
							Inflows of	
	Resources Resources		Resources		Resources			
Changes of Assumptions	\$	566,500	\$	-	\$	1,983,065	\$	-

2028		129,510		12°		259,301
2029		-		-		-
Thereafter		-		-		
Total	\$	5,442,457	Φ.	8,59 224	\$	14,038,681

Actuarial Assumptions

The total pension liabilities in the June 30, 2022 real valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2022
Measurement Dat	June 30, 2023
Actuarial Cost Meth '	Entry-Age
	Normal Cost
	Method
Actua. ¹ Assumption	
Discoun. Pate	6.90%
Inflation	2.30%
Payroll Grown	2.80%
Projected Salary Increase	(1)
Investment Rate of Return	6.8% (2)
Mortality	(3)

- (1) Varies by entry age and service
- (2) Net of pension plan investment expenses, including inflation
- (3) Derived using CalPERS' membership data for all funds

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2022 valuation are based on CalPERS experience studies which can found on the CalPERS website.

Discount Rate

The discount rate used to measure the total pension liability was 6.9 percent for the Plans. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plans, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 6.9 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 6.9 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed facet major asset class.

In determining the long-term expected rate of return, CalPERs took to account both short-term and long-term market return expectations as well as the expect a pension fund cash flows. Using historical returns of all the funds' asset classes, expected comported at returns were canculated over the short-term (first 10 years) and the long-term (11-60 years) using builting-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculated as under canculated using both short-term and long-term returns. The expected rate of return was then the equivalent to the single equivalent rate calculated above and rounded down to the neare one quarte of one percent. The table below reflects the long-term expected real rate of return by uset class. The respected rates of return was calculated using the capital market assumptions applied to determine the discussion and asset allocation. These rates of return are net of administrative expenses.

Assumed	Long-Term
Asset	Expected Real
Allocation	Return (1)(2)
30.00%	4.54%
12.00%	3.84%
13.00%	7.28%
5.00%	0.27%
5.00%	0.50%
10.00%	1.56%
5.00%	2.27%
5.00%	2.48%
5.00%	3.57%
15.00%	3.21%
-5.00%	-0.59%
100.00%	
	Asset Allocation 30.00% 12.00% 13.00% 5.00% 5.00% 5.00% 5.00% 5.00% 5.00% 5.00% -5.00%

- (1) An expected inflation of 2.3% used for this period.
- (2) Figures are based on the 2021-22 Asset Liability Study.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's net pension liability for the Plans, calculated using the discount rate for the Plans, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	M	iscellaneous	Safety
1% Decrease		5.90%	5.90%
Net Pension Liability	\$	45,575,753	49,604,375
Current		6.90%	6.90%
Net Pension Liability	\$	29,048,582	3,979,087
1% Increase		7.90%	7.90%
Net Pension Liability	\$	15,432,67	21, 74,301

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary no sition is available in the separately issued CalPERS financial reports.

Payable to the Pension Plans

As of June 30, 2024, the Town reporte 1, yable 1,\$33,474 and \$30,506 for the outstanding amount of contributions to the Miscellaneou Agent Jultipl Employer Plan and the Safety Cost Sharing Plan.

IRS Section 115 Trust

During the fiscal year endir Jun. 30, 2 20, the Town established an IRS Section 115 Trust with the CalPERS California Employer' Pen. on Pr. funding Trust (CEPPT) program. In fiscal year 2024, the Town reported \$2,188,65 as restrict 1 cash with fiscal agent within the General Fund. Per GASB, amounts placed in trusts for 'alPER' plans are treated as side trusts that do not directly reduce the net pension liability.

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The Town makes contributions to California Employer's Retiree Benefit Trust (CERBT), an agent multiple-employer defined benefit healthcare plan administered by CalPERS. The purpose of the CERBT Fund is to provide California government employers with a trust through which they may prefund retiree medical costs and Other Postemployment Benefits (OPEB). The Town uses CERBT 1 as its investment vehicle and requests disbursements on an as needed basis to reimburse the Town for the cost of retiree health insurance benefits. Benefit provisions and all other requirements are established by state statute and Town ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office, 400 P Street, Sacramento, CA 95814.

In accordance with the Public Employees' Medical and Hospital Care Act (PEMHCA), employees qualify for retiree health benefits upon five (5) years of service if they meet the vesting requirements as set forth by CalPERS and take a service or disability retirement from Town employment. Additionally, the employee must actually draw a CalPERS pension within ninety (90) days of separation from the Town, provided the employee remains with the Town's health plan through COBRA. For employees who retire on or after February 1, 2016, at Medicare eligibility, the Town will align contributions to the full cost of the employee's enrollment, including enrollment of family members, in a health benefits plan or plans up to a maximum of 100% Single Party and 90% Dependents for Kaiser Bay Area Basic/Medicare/Combo per month. During negotiations in fiscal year 2018/19, the Town's discretionary retiree medical benefit contribution was eliminated for all future hires.

Upon retirement, employees have the option to roll over their sick leave accrual into a Town managed fund. Employees can request reimbursement of medical expenses from the fund up to the value of their sick leave at retirement.

Employees Covered by Benefit Terms

At June 30, 2024 (the measurement date), the benefit ter s covered the for wing employees:

Active employees	149
Inactive employees - receivithenefits	150
Inactive employees - not receiving fits	42
Total employees	341

Contributions

The contribution requirements of it is me and the Town are established and may be amended by the Town. The required contribution it is as determined annually by the Town Council. For the fiscal year ended June 30, 2024, the down contributed 1,818,298 from the General Fund. During the measurement period ended June 30, 20. It the Town contributed \$1,733,337 to the Plan and benefit payments were \$1,716,592. Plan members it eiving benefits contributed did not make any contributions.

Actuarial Assumptions

The following summarized the actuarial assumptions for the OPEB plan included in this fiscal year:

Valuation Date: June 30, 2023

Measurement Date: June 30, 2023

Actuarial Cost Method: Entry-Age Normal

Amortization Period: 15 year fixed

Asset Valuation Method: Investment gains and losses spread over 5-year rolling period

Actuarial Assumptions:

Discount Rate 6.25%
Inflation 2.50%
Salary Increases 2.75%
Investment Rate of Return 6.25%

Healthcare Trend Rate

Non-Medicare - 6.50% for

decreasing to an ultime e rate c 3.75% in 2076

Medicare (Non-Kai⁻) - 5.65% for 23,

decreasing to ultimate rate of 3.7% in 2076

Medicare (Kais - 4.6°) for 2023,

decreasing to an inate rate of 3.75% in 2076

Retirement CalPERS '00° 2019 L. perience Study

Ti 1 Act es in insurance program: 100%
Ti 1 Act s in cash allocation program: 80%

es in insurance program: 60%

Tier 2 Actives in cash allocation program:

Agency service < 3 months: 60% Agency service >= 3 months: 40% Waived retirees aged <65: 20% Waived retirees aged ≥65: 0%

Discount Rate

The discount rate used to measure the total OPEB liability was 6.25 percent. The projection of cash flows used to determine the discount rate assumed that Town contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Net OPEB Liability

The Town's net OPEB liability was measured as of June 30, 2023 (measurement date) and was determined by an actuarial valuation as of June 30, 2023 (valuation date) for the fiscal year ended June 30, 2024 (reporting date).

Changes in the Net OPEB Liability

The following summarizes the changes in the net OPEB liability during the year ended June 30, 2024:

					ľ	Net OPEB
Fiscal Year Ended June 30, 2024	T	otal OPEB	Pla	an Fiduciary		Liability
(Measurement Date June 30, 2023)		Liability	N	Net Position		(Asset)

Deferred Inflows and Out ows of P sources

At June 30, 2024, the Town 1 ortal deferred outflows of resources and deferred inflows of resources related to OPEB from the follow. g sources:

	Deferred Outflows of			Deferred Inflows of
	F	Resources	F	Resources
Difference between actual and expected experience	\$	128,277	\$	1,283,522
Difference between actual and expected earnings		1,506,978		-
Change in assumptions		2,353,206		231,810
OPEB contribution subsequent to measurement date		1,818,298		
Totals	\$	5,806,759	\$	1,515,332

Of the total amount reported as deferred outflows of resources related to OPEB, \$1,818,298 were the result of Town contributions subsequent to the measurement date and before the end of the fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	
2025	\$ 278,421
2026	252,572
2027	1,168,381
2028	382,923
2029	390,832
Thereafter	_
Total	\$ 2,473,129

Rate of Return

The long-term expected rate of return on OPEB plan investrants was detained using a building-block method in which expected future real rates of return (expected returns, not of OPEB plan investment expense and inflation) are developed for each major as a claranteed future real rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expectation. The target allocation and best estimates of arithmetic real rates of return for each major asset class a summarized in the table below.

		Long-Term
	ercentage of	Expected Rate of
Asset Class	Portfolio	Return
Global Equity	49.00%	4.56%
Fixed Incr. le	23.00%	1.56%
TIPS	5.00%	-0.08%
Commoa. 3s	3.00%	1.22%
REITs	20.00%	4.06%
Total	100.00%	

OPEB Expense

The following summarizes the OPEB expense by source during the year ended June 30, 2024:

Service cost	\$ 940,674
Interest in TOL	1,873,207
Expected investment income	(1,428,561)
Difference between actual and expected experience	(419,899)
Difference between actual and expected earnings	323,069
Change in assumptions	383,915
Administrative expenses	 23,387
OPEB Expense	\$ 1,695,792

The following summarizes changes in the net OPEB liability as recocciled to OPEB expense during the year ended June 30, 2024:

Net OPEB liability ending	9,009,446
Net OPEB liability beginning	(7,028,633)
Change in net OPEB liability	1,980,813
Changes in deferred outflows	(1,415,768)
Changes in deferred inflows	(602,590)
Employer contributions and implici ubsic	1,733,337
OPEB Expense	\$ 1,695,792

Sensitivity to Changes in the Disc ant Ra

The net OPEB liability of the Town, 's y it as ... the Town's net OPEB liability would be if it were calculated using a discount rate that is 'e percentage point lower or one percentage point higher, is as follows:

]	Discount Rate	
	1% Decrease)		6.25%	(1% Increase)
Net OPEB Liability (Asset)	\$ 12,986,126	\$	9,009,446	\$ 5,691,792

Sensitivity to Changes in the Healthcare Cost Trend Rates

The net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than current healthcare cost trend rates, is as follows:

	Trend Rate					
	(1% Decrease)		Current		(1% Increase)
Net OPEB Liability (Asset)	\$	5,438,579	\$	9,009,446	\$	13,343,702

NOTE 13 - RISK MANAGEMENT

The Town participates in the following public entity risk pools through formally organized and separate legal entities. The Town does not have an equity interest in the joint ventures. These entities exercise full powers and authority within the scope of the related agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Obligations and liabilities of the separate entities are not those of the Town, although the Town retains an ongoing financial interest or an ongoing financial responsibility.

Pooled Liability Assurance Network Joint Powers Authority (PLAN JPA)

The Town participates in PLAN, which covers general liability claims in the amount up to \$1,000,000 plus \$34,000,000 in excess liability for total coverage of \$35,000,000 per occurrence. The Town has a deductible or uninsured liability of up to \$50,000 per claim. PLAN also provides all risk property coverage of \$1,000,000,000, excluding flood and earthquake overage. The Town has a \$5,000 deductible for property and vehicle damage. Once the Town is a functible is met, PLAN becomes responsible for payment of all claims up to the limit. Financial stateme. It may be obtained from PLAN at 1750 Creekside Drive, Suite 200, Sacramento, CA, 95% 3.

Local Agency Workers' Compensation Joint Powers ut rity (LAWCX)

The Town is a member of LAWCX for workers compe. ation claims coverage. The Town has a \$250,000 self-insured retention level or unin in liability for all employees. Once the Town's deductible is met, LAWCX becomes responsible for course to \$5,000,000. For claims greater than \$5,000,000, LAWCX has a commercial policy or iding coverage. Financial statements may be obtained from LAWCX at 1750 Crecuside Daks 1., Suite 200, Sacramento, California, 95833. The Town has not significantly reduced as insurface coverage from the prior year and settlements have not exceeded insurance coverage for the last needs.

Liability for Uninsured C' .ams

The Town is required to cord its lia lity for uninsured claims and to reflect the current portion of this liability as an expenditure of its finantial statements. As discussed above, the Town has coverage for such claims, but it has retained the seak for the deductibles, or uninsured portion of these claims. The change in Workers' Compensation and Self-Insurance Service Funds' claims liabilities, is based on historical trend information provided by its third party administrator and was computed as follows as of June 30, 2024:

	Workers		Self-	
	Compensat	ion Ins	surance	
	Internal	Ir	nternal	
	Service Fu	nd Serv	rice Fund	Total
Claims payable balance - June 30, 2022	\$ 1,364	1,558 \$	19,557	\$ 1,384,115
Claims incurred	790),928	224,382	1,015,310
Inc./(Dec.) in estimated liability for prior claims		-	-	-
Claims paid	(186	5,507)	(86,210)	(272,717)
Claims payable balance - June 30, 2023	1,968	3,979	157,729	2,126,708
Claims incurred		-	124,525	124,525
Claims paid	(253	3,382)	(107,859)	(361,241)
Claims payable balance - June 30, 2024	\$ 1,715	5,597 \$	174,395	\$ 1,889,992

NOTE 14 - COMMITMENTS AND CONTINGENCIES

<u>Federal and State Grants</u> - The Town participates in several federal and state grant programs. These are subject to examination by grantors and the amount, if any, of disallowed expenditures cannot be determined at this time. The Town expects such amounts, if any, to be immaterial.

<u>Litigation</u> - The Town is subject to litigation arising from the normal course of business. The Town Attorney believes there is no pending litigation which is likely to have a material adverse effect on the financial position of the Town.

<u>Successor Agency</u> - As of June 30, 2024, the Successor Agency trust fund reported a net deficit of \$4,643,704.

Encumbrances - As of June 30, 2024, the town had the following rumbered balances that were carried into the next fiscal year:

General Fund		\$	1,2, ,796
Appropriated Reserves Fund		7	9,182,140
Internal Service Funds			428,490
Total Encumbrances		\$	10,907,426

NOTE 15 - TOWN/SUCCESSOR AGENCY CRAN SO TOOPERATIVE AGREEMENTS

Public Improvement Grants and C Jpera ve As eements

In January of 2011, the Redevelopme A ency encered into a public improvement grant and cooperative agreement with the Town for purper of funding the acquisition of public land and designing and constructing various public improvements be owned by the Town provided that the projects were in accordance with the Rea relopment A gency's five year implementation plan and redevelopment plan.

The improvement plan, as iden fied in the agreement, called for approximately \$24 million to be granted to the Town for the following projects:

- a. Expansion and improvement of current and new downtown parking
- b. Highway 9 improvements from Highway 17 to Monte Sereno
- c. Almond Grove Area street, sidewalk and other improvements
- d. Downtown Los Gatos gateways, signage, banners and art
- e. Storm drain, retaining wall, street and other improvements
- f. New Los Gatos library building

During the fiscal year ended June 30, 2012, the rights and obligations resulting from this cooperative agreement were transferred to the Successor Agency Trust Fund as a part of the Town's dissolution of its Redevelopment Agency.

Affordable Housing Cooperative Agreement

In March of 2011, the Redevelopment Agency entered into an affordable housing cooperative agreement with the Town for the purpose of funding affordable housing projects and programs to be developed and/or administered by the Town in accordance with the Redevelopment Agency's five year implementation plan and redevelopment plan. The improvement plan, as identified in the agreement, called for approximately \$16 million to be granted to the Town for the following projects:

- a. Development of affordable housing at 224 Main St.
- b. Development of affordable housing at Dittos Lane
- c. Partnership with Senior Housing Solutions for the creation of senior housing in Los Gatos
- d. Partnerships for the conversion of existing residential developments dedicated to affordable housing
- e. Grants to the Santa Clara County Housing Trust for the develop ant of affordable housing.

During the fiscal year ended June 30, 2012, the rights and of gatic resulting from this cooperative agreement were transferred to the Successor Agency Trust and as a p. of the Town's dissolution of its Redevelopment Agency.

Notes to Schedule:

Valuation Date: June 30, 2022

Assumptions Used: Entry Age Methoded for Actuarial Cost Method

Level Percentage of Payroll and Direct Rate Smoothing Remaining Amortization Period no more than 29 years

Inflation Assumed at 2.30%

Investment Rate of Returns set at 6.8%

The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing morality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the

CalPERS website.

The CalPERS discount rate was increased from 7.50% to 7.65% in FY2016, to 7.15% in FY2018, and then decreased to 6.9% in FY2023. The CalPERS mortality assumptions was adjusted in fiscal year 2023.

ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2024

PROPRIETARY FUNDS INTERNAL SERVICE FUNDS

Internal service funds are used to finance and account for special activities and service performed by a designed department for other departments in the Town on a cost reimbursement basis.

The concept of major funds does not extend to internal service funds because they are used for internal activities only. In the Government-Wide Statement of Activities, the net revenues and expenses of the internal service funds are allocated to the Town departments or programs that generated them, thus eliminating internal service funds.

However, internal service funds are still presented separately in t¹ fund financial statements and include the following funds:

Equipment Fund was established to account for the remacement of pajor Town equipment and all vehicle replacement.

Workers' Compensation Fund was established to punt for future claims that may occur related to workers compensation injuries.

Self-Insurance Fund was established to account for no regeneral liability claims against the Town.

Information Technology Fun. was e^{chtiched} to account for the replacement of management information computer systems and apponents.

Facilities Maintenan Fund wa established to account for preventative maintenance and repair for all Town buildings

2022	126,418,275	10,203,412	1,785,294	138,406,981	
2023	130,888,581	11,091,020	11,542,661	153,522,262	
2024	137,253,582	13,015,461	9,137,174	159,406,217	

⁽¹⁾ Net position was restated for FY 2018 for amounts placed into fiduciary funds, reclassified to General Fund Restricted Asset.

⁽²⁾ The decrease in unrestricted net position resulted largely from the use of approximately \$8.0 million in unrestricted cash balances in the Town's GFAR fund during the year to invest in the Town's infrastructure and equipment.

(1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the distric's total taxable asessed value.

(2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue bonds and non-bonded capital lease obligations.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the Town Council of the Town of Los Gatos Los Gatos, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Town of Los Gatos (the "Town") as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise the Town's basic figure. Statements, and have issued our report thereon dated November 11, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial saments, we considered the Town's internal control over financial reporting (internal control to determ. The audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the effective less of the Town's internal control. Accordingly, we do not express an opinion on the financial statements, but not for the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the formal course of performing their assigned functions, to prevent, or detect and correct misstatements of a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in ternal ontrol, such that there is a reasonable possibility that a material misstatement of the intity's final fall statements will not be prevented, or detected and corrected on a timely basis. A sign, frant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less seve. That a laterial weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses and significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not

express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Morgan Hill, California November 11, 2024
