RE: V-69-15
Yard and Coverage Variance

Dear Mr. & Mrs. Brunner:

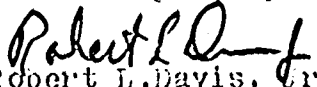

This is to advise you that on September 3, 1969, the Los Gatos Planning Commission approved your request for Variance to the Zoning Ordinance as follows for property located at the above address:

7 foot front setback where 25 feet required (Sec. 9.8(a)).
3 foot rear setback where 20 feet required (Sec. 9.8(b)).
8 foot side setback where 10 feet required (Sec. 9.8(c)).
49 foot minimum width where 60 feet required (Sec. 9.6).
60% lot coverage where 50% required (Sec. 9.10).

This approval was dependent on your initial and continued compliance with the following exhibits:

Exhibit A - Vicinity Map
Exhibit B - Site Plan, front elevation with porch addition
Exhibit C - Existing Elevations
Exhibit D - Proposed elevations and sections and details.

Yours very truly,

Report to: The Planning Commission

From: Robert S. Lewis, Jr., Secretary

Subject: September 2, 1969, Agenda Item 5;
Case Number - Yard and Coverage Variances

II. DETAILS:

- A. Applicant: Frank Loukainen & Associates
- B. Owner: Rex Brunner
- C. Location: 312 West Main Street
- D. Zoning: R-2 (Multiple Residential - Downtown)
- E. Request: Reduction of front, side and rear setback, maximum lot coverage and minimum lot width

III. SUMMARY:

This application is for variances to the following sections of the zoning ordinance:

- 7 foot front setback where 25 feet required (Sec. 9.2(a))
- 3 foot rear setback where 20 feet required (Sec. 9.2(b))
- 2 foot side setback where 10 feet required (Sec. 9.2(c))
- 49 foot minimum width where 60 feet required (Sec. 9.6)
- 60 lot coverage where 50% required (Sec. 9.10)

The applicant is requesting this variance in order to renovate and make additions to an existing house in the R-2 zone to continue it as a single-family structure. Applicant justifies this request as follows:

"We feel the existing building, built before the turn of the century, has historical and architectural significance to the Town of Los Gatos and in an effort to make it more livable by present day standards, a carport and front porch addition are proposed that encroach upon existing yard setbacks. We feel that granting these variances will not adversely effect the property or improvements of other

property owners and will do much to retain the history and architectural flavor of old San Carlos"

There is no way to add within the existing building setback lines. The Architect has tried to, lessen the impact of the proposed improvements on setback lines by designing the additions so that no portion of the added living space infringes on the existing setback lines. The portions that will still be five feet between the carpet and the existing garage on adjacent property. The granting of this variance will result in a structure that will substantially upgrade the existing older residential neighborhood.

It is therefore recommended that the Commission make the following findings:

- A. Because of special circumstances applicable to the property, including, size, location and surroundings, the strict application of this Ordinance deprives such property of privileges enjoyed by other property in the vicinity and under identical zone classification.
- B. The granting of a Variance would not constitute a grant of special privileges inconsistent with the limitation upon other properties in the vicinity and zone in which such property is situated.

Re: Remodel of residence at 312 West Main Street

Gentlemen:

Application is hereby made for reductions to the front, side and rear yard setback requirements as shown on the accompanying drawings. Also requested is relief from the minimum lot area and maximum lot coverage provisions of the zoning ordinance.

The subject property has been rezoned to R-3, however, the Owner desires to renovate the building and make improvements for continued single-family use. We feel the existing building, built before the turn of the century, has historical and architectural significance to the Town of Los Gatos and in an effort to make it more livable by present day standards, a carport and front porch addition are proposed that encroach upon existing yard setbacks. Please note, however, that the carport simply extends the existing side yard setback of the house on Bayview. This corner lot is the only lot zoned R-3 in this block of Main Street. Adjacent parcels to the east are C-2 with no yard or coverage requirements.

We feel that granting these variances will not adversely effect the property or improvements of other property owners and will do much to retain the history and architectural flavor of old Los Gatos.

Very truly yours,

Tree Removal Permit Application

Dear Ms. Brunner:

The Town has examined the tree which you have requested to remove. The permit for the one (1) Palm has been denied. The Palm has some freeze damage but still is in fair health. Recommendation is made to remove dead Palm fronds. Therefore, none of the standards as set forth in Chapter 3.20 of the Zoning Ordinance are applicable.

If you would like to appeal the decision to deny the tree removal permit, an appeal must be filed with this office within ten (10) days.

If you have any questions regarding this matter, please contact Christine Arruiza, Code Compliance Officer of this office at (408) 354-6807.
