Sites Inventory Analysis

D.1 Vacant and Available Sites

The *Plan Bay Area 2050 Final Blueprint*¹ forecasts that the nine-county Bay Area will add 1.4 million new households between 2015 and 2050. For the eight-year time frame covered by this Housing Element Update, the Department of Housing and Community Development (HCD) has identified the region's housing need as 441,176 units. The total number of housing units assigned by HCD is separated into four income categories that cover housing types for all income levels, from very low-income households to market rate housing. This calculation, known as the Regional Housing Needs Allocation (RHNA), is based on population projections produced by the California Department of Finance as well as adjustments that incorporate the region's existing housing need. The adjustments result from recent legislation requiring HCD to apply additional adjustment factors to the baseline growth projection from California Department of Finance, in order for the regions to get closer to healthy housing markets. The adjustments focus on the region's vacancy rate, level of overcrowding, and the share of cost burdened households and seek to bring the region more in line with comparable areas. The new laws governing the methodology for how HCD calculates the RHNA resulted in a significantly higher number of housing units for which the Bay Area must plan compared to previous cycles.

D.2 Regional Housing Needs Allocation

In December 2021, ABAG adopted a Final Regional Housing Needs Allocation (RHNA) Methodology. For Los Gatos, the RHNA required to be planned for the 6th cycle Housing Element Update is 1,993 units, an increase of 322 percent from the last cycle.

RHNA Summary

Los Gatos' share of the regional housing need for the eight-year period from 2023 to 2031 is 1,993 units, which is a 322 percent increase over the 619 units required by the 2015 to 2023 RHNA. The housing need is divided into the four income categories of housing affordability. Table D-1 shows Los Gatos' RHNA for the planning period 2023 through 2031 in comparison to the RHNA distributions for Santa Clara County and the Bay Area region. With an update required every eight years by the State of California, this Housing Element covers a planning period from January 31, 2023, to January 31, 2031 (also referred to as the "6th cycle").

Table D-1 Los Gatos' Regional Housing Needs Allocation: 2023–2031

Income Group	Los Gatos Units	Percent	Santa Clara County Units	Percent	Bay Area Units	Percent
Very Low Income (<50% of AMI)	537	26.9%	32,316	24.9%	114,442	25.9%
Low Income (50%-80% of AMI)	310	15.6%	18,607	14.4%	65,892	14.9%
Moderate Income (80%-120% of AMI)	320	16.1%	21,926	16.9%	72,712	16.5%
Above Moderate Income (>120% of AMI)	826	41.4%	56,728	43.8%	188,130	42.6%
Total	1,993	100.0%	129,577	100.0%	441,176	100.0%

Source: ABAG 2021

¹ Plan Bay Area 2050 is a long-range plan charting the course for the future of the nine-county San Francisco Bay Area. It covers four key issues: the economy, the environment, housing and transportation

D.3 Sites Inventory

The purpose of the sites inventory is to identify and analyze specific sites that are available and suitable for residential development during the planning period between 2023-2031 in order to accommodate Los Gatos' assigned 1,993 housing units. The Town does not build the housing but rather creates the implementation programs and policies to plan for where the housing can be located and how many units could be built on potential sites.

In 2017, Senate Bill (SB) 166 was signed into law and included new "no net loss" provisions that require communities to provide an ongoing, adequate supply of land resources for housing development during the entirety of the housing element update planning period. These provisions mean communities face risks of noncompliance should a housing site be developed with non-residential uses, lower residential densities, or residential uses at affordability levels higher than anticipated by the Housing Element. To avoid noncompliance, HCD advises communities to "buffer" their assigned RHNA numbers. The Sites Inventory includes 50 sites in order to have enough capacity for the RHNA and recommended buffer of at least 15 percent. These sites, calculated at their minimum density, in addition to Accessory Dwelling Unit (ADU) Projections, Senate Bill (SB) 9 Projections, and Pipeline Projects have a total capacity of 2,494 units (1,993 units plus a 25 percent buffer).

D.4 Appropriate Density/Default Density

As a jurisdiction within a metropolitan statistical area of over 2 million, the Town's "default" density that can be assumed to accommodate lower income households is 30 dwelling units per acre (du/ac).² The following land use designations will allow for at least 30 du/ac within the Town for those sites within the Housing Element Overlay Zone:

High Density Residential: 30-40 du/ac;
Mixed Use Commercial: 30-40 du/ac; and
North Forty Specific Plan: 30-40 du/ac.

Non-Vacant Capacity

The Town is relying on non-vacant sites to accommodate more than 50 percent of the RHNA for lower-income households. Because non-vacant sites comprise more than half of the Town's Sites Inventory, Government Code Section 65583.2(g)(2) requires that the Town analyze the extent to which existing uses may constitute an impediment to additional residential development, past experience in converting existing uses to higher density residential development, market trends and conditions, and regulatory or other incentives to encourage redevelopment. The Town will need to make findings based on substantial evidence that the existing use is not an impediment and will likely discontinue during the planning period. This section includes a description of the suitability of non-vacant sites, policies that will contribute to the development of nonvacant sites, and an overview of recent affordable residential development throughout the region.

Development Trends

The Town has experienced a high demand for residential projects given recent legislation aimed at creating housing in a more streamlined process. For example, Site I-1, located at 401-409 Alberto Way received Planning entitlement approval for an office building; however, based on the discussions regarding the Housing Element and recent State housing legislation, the property owner has chosen to pursue a multi-family housing project. In addition to the North Forty Phase I project, other examples of housing projects within the fifth cycle Housing Element that occurred in commercial zones (which allow for 100 percent nonresidential uses) include:

https://www.hcd.ca.gov/community-development/housing-element/housing-elementmemos/docs/default 2010census update.pdf

- 375 Knowles Avenue: Approval of a rezone from Office (O) to Office: Planned Development and a
 General Plan amendment from Public to Office Professional to allow for the construction of 33 single-family detached homes; and
- 2. 258 Union Avenue: Approval of a mixed-use building with three attached housing units and six detached single-family units on property zoned Neighborhood Commercial (C-1).

Implementation Programs BF and BG of the 6th cycle Housing Element Update contain land use intensifications to encourage the development of housing by allowing for greater densities, height, lot coverage, and floor area. It is expected that residential uses will redevelop with a greater frequency than the slower pace of the previous Housing Element cycles.

Table D-2 on the following page summarizes recent residential development in the Town and nearby cities. It includes two pipeline projects listed in Table D-3 and examples of denser residential redevelopment on single-family and multi-family uses, industrial uses, and commercial uses in the cities of Campbell and San Jose. The City of San Jose and City of Campbell examples are nearby to the Town and are included as examples of the type of development that could be projected to be developed in the Town based on the proposed Housing Element Overlay Zone (HEOZ).

^{*} Mixed-use development consisting of 320 residential units, including 49 very low-income senior unit and one affordable caretakersmanger'-unit. 30 units have not received building permit approval yet.

Property Owner Interest Form

As part of the Housing Element update outreach, the Town created a Property Owner Interest form that was made available on the Housing Element Update website to hear from property owners who may be interested in future housing development within the sixth cycle Housing Element update. The form contained 19 questions for the property owner to fill out, based on the criteria contained in HCD's Housing Element Sites Inventory Guidebook. Property owners were asked to identify the parcel size, present zoning, present use, existing site conditions, current lot configuration, availability of infrastructure, and the interest in the type of housing for the site. Parcels for which a Property Owner Interest Form was submitted to the Town are noted in the site details below.

^{**} Applicant has requested approval for a Zone Change application from R-1:10 (Single-Family Residential with a minimum lot size of 10,000 square feet) to CH (Restricted Commercial Highway) for consistency with the General Plan land use designation of Mixed-Use Commercial.

Appendix D. Sites Inventory Analysis

There are 30 parcels with property owner interest. Of these parcels, four are reuse sites identified in prior housing elements (see Implementation Program BH). During the outreach for the 6th cycle Housing Element, the owners of 30 parcels expressed interest in developing housing on the sites that they own. Many property owners own more than one parcel that is contiguous to the other, and while each parcel may have its own APN, the parcels would likely be developed as a single, merged parcel.

Site Capacity

On sites with Property Owner Interest, 1,339 units are projected: 1,008 affordable units and 331 market-rate.

Potential Findings (Non-Vacant Sites)

The Town can make the following findings to determine that the existing use on sites with expressed property owner interest is likely to be discontinued:

- The property owners are interested in developing at least a portion of the site with housing;
- The land use designations for these sites as part of Implementation Program BG will allow for higher densities to incentivize the redevelopment of the sites; and
- Adding a potential new use increases the value of the property.

Non-Residential Uses

Of the 50 housing opportunity sites, there are 11 parcels that are designated to only allow residential uses:

- Site A-1: 50 Park Avenue and 61 Montebello Way; and
- Site E-1: 14800 Oka Road, APN 424-08-029, APN 424-08-059, APN 424-08-060, APN 424-08-058, APN 424-08-017, APN 424-08-021, APN 424-08-074, and the Caltrans right-of-way adjacent to 14865 Oka Road.

The remaining sites are designated to allow for commercial and mixed-use opportunities. Given the interest that the Town has received as part of the sixth cycle Housing Element Update, there is a strong likelihood of development on these other sites will include an integration of residential units. This is demonstrated by the recently developed and underway projects in the Town and residential and mixed-use projects underway in neighboring jurisdictions.

Commercial Sites

There are 39 sites in commercially zoned areas, including the sites within the North Forty Specific Plan and 16 reuse sites identified in prior housing elements. Under Implementation Program BH, reuse sites can be developed under ministerial review if they are developed with 20 percent or more of the units set aside for lower-income households.

Many of these sites are developed with older, underutilized commercial and office uses, which have low floor area ratios (FAR). Many of these uses are on parcels that can be redeveloped with residential uses in a mixed-use format that would retain commercial or office use.

Examples of developer interest for construction of housing units on commercial sites in the Town include:

- 401-409 Alberto Way;
- 50 Los Gatos-Saratoga Road;
- 16203 Los Gatos Boulevard;
- 101 S. Santa Cruz Avenue; and
- 15860 Winchester Boulevard.

Two of these examples are properties where a planning entitlement for 100 percent commercial were approved within the last eight years, but with the changing State and local regulations the property owners have abandoned those approvals and are now instead proposing new development projects that are entirely or predominantly

HCD <u>Draft</u> Revised <u>Draft</u> 2023-2031 Housing Element

made up of residential units. As a result, the likelihood that the other commercial sites would redevelop without some residential component is clearly low.

Site Capacity

On underutilized commercial sites within the Sites Inventory, 1,773 units are projected: 1,355 affordable units and 418 market-rate.

Potential Findings (Non-Vacant Sites)

The Town can make the following findings to determine that the existing use on sites with underutilized commercial is likely to be discontinued:

- The value of these parcels to the property owner is mostly in the land, and residential uses will increase the value without substantially affecting improvement value;
- The buildings that will be demolished for new commercial and/or mixed-use will all be over 30 years old at time of 2023-2031 Housing Element adoption;
- The land use designations for these sites as part of Implementation Program BG will allow for higher densities to incentivize the redevelopment of the sites; and
- Adding a potential new use increases the value of the property.

Evidence for these findings include similar developments in nearby jurisdictions after General Plan land use changes. The City of Santa Clara's 2010 General Plan provided for densities that allowed for new medium density and high-density projects. Similarly, in the City of Sunnyvale, a General Plan that was adopted in 2011 incentivized the development of high-density housing, which has led to an increase in high-density developments in the jurisdiction.

Overview of Selected Sites

This section provides information on the current list of potential sites that show how the Town will accommodate the State's required minimum of 1,993 housing units. Please note that the site numbers listed here are added only as a way to reference the site and label it on a map. The site number is not an indication of preference or priority. Figure D-1 shows an overview of the potential sites inventory map developed for Los Gatos' 6th cycle Housing Element Update. The following sites make up the Site Inventory, which is available as Appendix H.

Sites Details

This section provides information on each of the sites selected for inclusion in the Sites Inventory of vacant and available sites.

HOUSING ELEMENT

Figure D-3 Downtown Area Asset Map

July March 2023 Appendix D D-9

Site A-1 Park Avenue

Addresses: 50 Park Avenue and 61 Montebello Way

Number of Housing Units: 5

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Park Avenue Site (A-1) is located in the Downtown Area on the southwest end of Town on a wooded parcel that is currently identified as Very High Fire Risk. The site is triangular in shape with parking lots and South Santa Cruz Avenue on one side, Highway 17 on a second side, and Downtown Los Gatos forming the third side. Proximity to Downtown Los Gatos ensures that this site provides pedestrian access to urban services. This site currently is developed with residential units and is designated Medium Density Residential. The site is zoned R-1D and would allow five housing units developed at a minimum density of five du/ac.

Amenities: The closest public school is Los Gatos High School and is approximately 0.5 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at West Main Street and South Santa Cruz Avenue and is approximately 0.2 miles away.

Property Owner Interest Form Submitted: Yes.

Constraints: Very high fire hazard; existing residential dwelling units would require demolition.

Figure D-4 Park Avenue (Site A-1)

Site A-2 South Santa Cruz Avenue

Address: 101 South Santa Cruz Avenue

Number of Housing Units: 16

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The South Santa Cruz Avenue Site (A-2) is located in the Downtown Area on the southwest end of Town along South Santa Cruz Avenue on an occupied commercial parcel in Downtown Los Gatos. The site is currently identified as Medium Density Residential. Proximity To Downtown Los Gatos ensures that this site provides pedestrian access to urban services. This site is designated as Central Business District and zoned C-2, which would allow 16 housing units developed at a minimum density of 20 du/ac.

Amenities: The closest public school is Los Gatos High School and is approximately 0.5 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at West Main Street and South Santa Cruz Avenue and is approximately 300 feet away.

Property Owner Interest Form Submitted: Yes.

Constraints: Very high fire hazard; the existing commercial use would require demolition.

Site A-3 University Avenue

Address: 165 Los Gatos-Saratoga Road

Number of Housing Units: 7

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The University Avenue Site (A-3) is located in the Downtown Area at the corner of Los Gatos-Saratoga Road and University Avenue on an occupied commercial site. Proximity to Downtown Los Gatos ensures that this site would provide pedestrian access to urban services. This site is designated as Central Business District and zoned C-2, which would allow seven housing units developed at a minimum density of 20 du/ac.

Amenities: The closest public school is Los Gatos High School and is approximately 0.8 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Saratoga-Los Gatos Road and University Avenue and is approximately 360 feet away.

Property Owner Interest Form Submitted: Yes.

Figure D-8 Los Gatos Lodge Area Asset Map

Site B-1 Los Gatos Lodge

Address: 50 Los Gatos-Saratoga Road

Number of Housing Units: 264

"By Right" + 20% Affordable: Not Required – Not used in previous cycle.

Description: The Los Gatos Lodge Site (B-1) is located in the Los Gatos Lodge Area immediately adjacent to the interchange of Highway 9 and Highway 17, east of Downtown Los Gatos. The site is the current location of the Los Gatos Lodge, with the Los Gatos High School sports fields to the south, lower-density residential uses across Bella Vista Avenue to the east, and Best Western Inn across Highway 9 on the north. This site is designated as Mixed-Use Commercial and zoned CH:PD, which would allow 264 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Louise Van Meter Elementary School and is approximately 0.9 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Boulevard and Stacia Street and is approximately 0.4 miles away.

Property Owner Interest Form Submitted: Yes.

Constraints: Existing commercial buildings would require demolition and removal or modification of the existing Planned Development Overlay to accommodate residential.

Site C-1 Ace Hardware

Address: 15300 Los Gatos Boulevard

Number of Housing Units: 48

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Ace Hardware Site (C-1) is located in the Los Gatos Boulevard Area on the east side of Los Gatos Boulevard and north of Gateway Drive. The site is the current location of Ace Hardware, with commercial uses to the north, south, and west, and lower-density residential uses to the east. The site is designated as Mixed-Use Commercial and zoned C-1, which would accommodate 48 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately 1.7 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Boulevard and Lark Avenue and is approximately 443 feet away.

Property Owner Interest Form Submitted: Yes.

Figure D-12 Ace Hardware (Site C-1)

Site C-2 Los Gatos Boulevard

Address: 15349, 15367, and 15405 Los Gatos Boulevard

Number of Housing Units: 86

"By Right" + 20% Affordable: Required - Not used in previous cycle.

Description: The Los Gatos Boulevard Site (C-2) is located in the Los Gatos Boulevard Area on the west side of Los Gatos Boulevard, and south of Garden Lane. The site is the current location of multiple commercial uses, with commercial uses to the north, south, and east, and lowerdensity residential uses to the west. The site is designated as Mixed-Use Commercial and zoned CH, which would accommodate 86 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately 1.1 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Boulevard and Garden Lane and is approximately 80 feet away.

Property Owner Interest Form Submitted: Yes.

Figure D-13 Los Gatos Boulevard (Site C-2)

Site C-3 Los Gatos Boulevard

Address: 15425 Los Gatos Boulevard

Number of Housing Units: 33

"By Right" + 20% Affordable: Not Required – Not used in previous cycle.

Description: The Los Gatos Boulevard Site (C-3) is located in the Los Gatos Boulevard Area on the west side of Los Gatos Boulevard and east of Garden Lane. The site is the current location of office and commercial uses, with commercial uses located on all sides. The site is designated as Mixed-Use Commercial and zoned CH, which would accommodate 33 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately one mile away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Boulevard and Village Square and is approximately 395 feet away.

Property Owner Interest Form Submitted: Yes.

Figure D-14 Los Gatos Boulevard (Site C-3)

Site C-4 Affordable Treasures

Address: 15795 Los Gatos Boulevard

Number of Housing Units: 19

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Affordable Treasures Site (C-4) is located in the Los Gatos Boulevard Area at the northwest corner of Los Gatos Boulevard and Farley Lane. The site is the current location of Affordable Treasures Party Store with commercial uses located to the north, south, and east and lower-density residential uses located to the west. The site is designated as Mixed-Use Commercial and zoned CH, which would accommodate 19 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately 0.6 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Farley Road and is approximately 167 feet away.

Property Owner Interest Form Submitted: Yes.

Figure D-15 Affordable Treasures (Site C-4)

Site C-5 Los Gatos Boulevard

Address: 16203 Los Gatos Boulevard

Number of Housing Units: 24

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Los Gatos Boulevard Site (C-5) is located in the Los Gatos Boulevard Area at the northwest corner of Los Gatos Boulevard and Roberts Road. The site is the current location of NC Boardshop skateboard shop and Autobahn Los Gatos, with commercial uses located to the north, east, and west and medium-density residential uses located to the south. The site is designated as Mixed-Use Commercial and zoned CH, which would accommodate 24 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately 0.2 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Roberts Road and is approximately 400 feet away.

Property Owner Interest Form Submitted: No; however, a Conceptual Development Advisory Committee application for a mixed-use development was submitted on November 17, 2020 pending an anticipated density increase as part of the General Plan and Housing Element Updates.

Figure D-16 Los Gatos Boulevard (Site C-5)

Site C-6 Los Gatos Boulevard

Address: 16492 Los Gatos Boulevard and Assessor Parcel Number 532-07-86

Number of Housing Units: 6

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Los Gatos Boulevard Site (C-6) is located in the Los Gatos Boulevard Area on the east side of Los Gatos Boulevard, north of Spencer Avenue. The site is the current location of LG Wines and Liquors and Happy Cleaners, with commercial uses located to the north, south, and west and low-density residential uses located to the east. The site is designated as Low Density Residential but zoned C-1, which would accommodate 6 housing units developed at a minimum density of 10 du/ac.

Amenities: The closest public school is Louise Van Meter Elementary School and is approximately 0.3 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Nino Avenue and is approximately 0.1 miles away.

Property Owner Interest Form Submitted: Yes, and the owner has submitted written interest in changing the land use designation to Neighborhood Commercial.

Site C-7 Los Gatos Boulevard

Address: 16151 Los Gatos Boulevard

Number of Housing Units: 106

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Los Gatos Boulevard Site (C-7) is located in the Los Gatos Boulevard Area on the west side of Los Gatos Boulevard, south of Blossom Hill Road. The site currently serves as a car dealership with multiple on-site structures and commercial uses located to the north, south, and east. Low-density residential uses are located to the east and further south. The site is designated as Mixed-Use Commercial, but zoned CH, which would accommodate 106 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately half a mile away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Boulevard and Magneson Loop and is approximately 0.2 miles away.

Property Owner Interest Form Submitted: Yes.

Figure D-18 Los Gatos Boulevard (Site C-7)

Site C-8 Blossom Hill Road

Address: 620 Blossom Hill Road Number of Housing Units: 79

"By Right" + 20% Affordable: Not Required - Not used in previous cycle.

Description: The Blossom Hill Road Site (C-8) is located in the Los Gatos Boulevard Area on the south side of Blossom Hill Road, west of the Blossom Hill Road and Los Gatos Boulevard intersection. The site currently serves as a car dealership with multiple on-site structures and commercial uses located to the north and east. Residential uses are located to the north, south, and west. The site is designated as Mixed-Use Commercial, but zoned CH, which would accommodate 79 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Raymond J. Fisher Middle School and is approximately one mile away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Blossom Hill Road and is approximately half a mile away.

Property Owner Interest Form Submitted: Yes.

Address: 16245 Burton Road

Number of Housing Units: 38

"By Right" + 20% Affordable: Required – Used in previous cycle.

Description: The North Forty Phase II Site (D-2) is located in the North Forty Area at the terminus of Burton Road, on the west side of Los Gatos Boulevard. The site is underutilized with a single-family residence. Commercial uses are located to the east and arterial highways located to the north and west. The site is designated and zoned as North Forty Specific Plan, which would accommodate 38 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Farnham Elementary School and is approximately 0.8 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Burton Road and is approximately 0.1 miles away.

Property Owner Interest Form Submitted: No; however, the parcel is located within Phase II of the North 40 Specific Plan Area where recent significant housing development is underway.

Site D-3 North Forty (Phase II)

Address: 16240 Burton Road

Number of Housing Units: Eight

"By Right" + 20% Affordable: Required – Used in previous cycle.

Description: The North Forty Phase II Site (D-3) is located in the North Forty Area along Burton Road and adjacent to the Highway 17/Highway 85 interchange. The site contains a single-family residence. Other North Forty Specific Plan properties surround the site. The site is designated and zoned as North Forty Specific Plan, which would accommodate eight housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Farnham Elementary School and is approximately 0.8 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Burton Road and is approximately 0.1 miles away.

Property Owner Interest Form Submitted: No; however, the parcel is located within Phase II of the North 40 Specific Plan Area where recent significant housing development is underway.

Figure D-25 North Forty Phase II (Site D-3)

Site D-4 North Forty Phase II

Address: 16270 Burton Road

Number of Housing Units: 13

"By Right" + 20% Affordable: Required – Used in previous cycle.

Description: The North Forty Phase II Site (D-4) is located in the North Forty Area at the end of Burton Road and immediately adjacent to the Highway 17/Highway 85 interchange. The site contains a single-family residence. Other North Forty Specific Plan properties surround the site. The site is designated and zoned as North Forty Specific Plan, which would accommodate 13 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Farnham Elementary School and is approximately 0.8 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Burton Road and is approximately 0.2 miles away.

Property Owner Interest Form Submitted: No; however, the parcel is located within Phase II of the North 40 Specific Plan Area where recent significant housing development is underway.

Figure D-26 North Forty Phase II (Site D-4)

Site D-5 North Forty Phase II

Address: 16210 Burton Road

Number of Housing Units: 25

"By Right" + 20% Affordable: Required – Used in previous cycle.

Description: The North Forty Phase II Site (D-5) is located in the North Forty Area along Burton Road and on the west side of Los Gatos Boulevard. The site contains single-family residences. Other North Forty Specific Plan properties surround the site. The site is designated and zoned as North Forty Specific Plan, which would accommodate 25 housing units developed at a minimum density of 30 du/ac.

Amenities: The closest public school is Farnham Elementary School and is approximately 0.8 miles away. The closest public transit line is a Valley Transporation Authority bus stop located at Los Gatos Bouelvard and Burton Road and is approximately 0.1 miles away.

Property Owner Interest Form Submitted: No; however, the parcel is located within Phase II of the North 40 Specific Plan Area where recent significant housing development is underway.

Accessory Dwelling Unit (ADUs and Junior ADUs) Projections

Address: Various Locations

Number of Housing Units: 200

"By Right" + 20% Affordable: Not required, instead a formula exists for projecting the next eight-year cycle, along with assumptions of 30 percent very-low income units, 30 percent low income units, 30 percent moderate income units, and 10 percent above moderate categories.

Description: In addition to the housing units identified in the Town's Sites Inventory the production of new accessory dwelling units are ulitized in meeting the Town's RHNA requirements. The Town analyzed the total number of ADU building permits that have been approved in the last three years to identify the average number of ADU units that will be developed over the eight year planning period.

Figure D-48 below includes an analysis of the Town's issued building permits for ADU's between the years 2020 to 2022. In 2020, the Town issued building permits for 27 new ADUs. In 2021, the Town issued 36 building permits for new ADU's. In 2022, the Town issued 35 building permits for new ADU's. The last three years of data results in an average of 32 approved ADU building permits per year, however utilizing a conservative estimate the Town is using annual ADU projection of 25 units. This results in a total of 200 dwelling units planned to be constructed over the eight year planning period. Program U: Accessory Dwelling Units has been included to monitor the number of ADU applications annually.

Constraints: None.

Figure D-48 ADU Building Permits Issued 2020-2022

Senate Bill 9 (SB 9) Projections

Address: Various Locations

Minimum Number of Housing Units: 96

"By Right" + 20% Affordable: Not required – Instead, formula exists for projecting the next eight-year cycle.

Description: In addition to ADU's the production of new housing units through SB 9 are being ulitizied to meet a portion of the Town's RHNA requirements. In compliance with SB 9, the Town of Los Gatos has adopted a SB 9

Appendix D. Sites Inventory Analysis

Ordinance Ordinance that allows for the by-right ministerial review of urban lot splits and/or two-unit development requests on single-family residentially zoned parcels.

Since the adoption the Town's SB 9 Ordiance, the Town has received a total of four Two-Unit Housing Devleopment applications and seven Urban Lot Split applications (between January 2022 and January 2023). The applications result in a total of 13 net new housing units a year. Based on the number of applications received during the first year of SB 9 the Town is ulitizing an estimate of 12 net new housing units per year and anticipating a total of 96 residential units to be developed under SB 9 during the eight year planning period. Program BL: Senate Bill 9 Monitoring has been included to monitor the number of SB 9 applications annually.

Constraints: None.

HCD <u>Draft</u> Revised <u>Draft</u> 2023-2031 Housing Element

Pipeline Projects

Address: See addresses listed below in Table D-23.

Number of Housing Units: 201

"By Right" = 20% Affordable: Not required.

Description: The Town has residential development applications that have either been approved or are currently under review and are expected to be built during the 2023-2031 planning period are referred to as "Pipeline Projects". Table D-2 shows these approved and planned projects. For each project, the table includes the address, accessor parcel number (APN), number of units by income category, project description, whether or not the project is subject to BMP In-Lieu Fees as part of a Hillside Planned Development (PD), and project status.

Several projects included demolition or renovation of existing residences. The inventory does not count replacement units or renovated units toward RHNA; rather, only the net new capacity is counted towards RHNA. Units are categorized by income level as follows:

- Projects with deed-restricted affordable units are counted towards the very low-, low- or moderate income RHNA, as applicable.
- Projects that include non-deed restricted market-rate rental multifamily units are assumed to meet the above moderate income RHNA.
- Projects that include market-rate attached ownership or single-family units are assumed to meet above moderate income RHNA based on recent home sale prices that are generally only affordable to above market-income households.
- Projects that are residential planned development projects with five (5) to nine (9) units with an underlying zone of Hillside Residential shall pay a Below Market Price In-Lieu fee prior to issuance of the certificate of occupancy. The in-lieu fee shall be equal to the amount of six (6) percent of the building permit valuation for the entire project.

As shown in Table D-23, there are 28 projects in the pipeline that will provide a total of 201 net new units.

Constraints: None.

Appendix D. Sites Inventory Analysis

Inventory of Vacant and Available Sites

This section provides the formal inventory of sites that the Town of Los Gatos will rely on in the 6th Housing Element planning cycle. Per State law and Housing Policy, the Town is required to maintain "no net loss" of the housing capacity represented by this list of parcels and the sites they comprise. To facilitate this, the inventory presented in Appendix H has been designed with excess capacity. This allows some degree of flexibility in decision making for individual development projects as they come forward for approval.

In short, with some limited flexibility, the Town is committed to permitting housing on each of the parcels listed in the table below, and in so doing ensuring that the number of units listed for each parcel in the table "planned capacity" is achieved. Should the Town approve development that is inconsistent with the parcel's planned capacity, it is then required as part of that approval to:

- 1. Find, based on quantitative evidence, that the remaining inventory of housing sites is still sufficient to meet the Town's 6th cycle RHNA; or
- 2. Identify one or more available sites with the realistic development capacity to replace the housing that would have otherwise been developed had consistency with planned capacity been achieved.

Appendix H provides details and capacity estimates for each of the parcels that comprise the Sites Inventory as identified in the section above.

D. 4 Summary and Conclusions

The sites identified in this report are sufficient to accommodate Los Gatos' Regional Housing Needs Allocation for the 6th cycle planning period. This number accommodates a buffer of approximately 25 percent above RHNA, which would equal capacity of approximately 501 additional units. These sites, in addition to Accessory Dwelling Units Projections, Senate Bill 9 Projections, and Pipeline Projects have a total capacity of 2,494units. This "cushion" for capacity above the base RHNA number is highly recommended because of the State's no-net-loss policy, which precludes jurisdictions from approving development that results in an overall housing site deficit. The "cushion" essentially provides a degree of flexibility for policy makers as they make development decisions. Many of the sites identified in this report have existing uses that would need to be demolished before new housing could be constructed.

For communities like Los Gatos that are largely built out and surrounded by other communities and undevelopable hillsides, redevelopment and densification is the only practical solution to providing a fair share of future housing for the San Francisco Bay Area. By its nature, such redevelopment is more costly and more time consuming than building new units on vacant land. To offset these constraints, higher densities are proposed in some areas. These higher densities act as a market incentive to offset the added cost and time required build new housing on redeveloped sites. Property owner interest will be pivotal for facilitating single-family site opportunities to add housing through construction of ADUs and use of SB 9 processes, which allow for up to four units on a property zoned for a single house.
