EXTERNAL SENDER

Hi Erin,

it is nice to e-meet you here. This is Helen and Jimmy at [REDACTED]. We are here to support our neighbor, Cheri and Pete's renovation project to expand and improve the existing house as long as we can continue maintaining the level of privacy of our property. Our initial concern was the privacy if there will be windows looking into our driveway and the kitchen/dining windows from their second floor because our garage is more setback beyond the main house. Cheri and Pete are aware of this concern and it appears that they had modified their initial design to two small privacy windows in the bathroom facing our side (west side) on the second floor. They have been attentive to how the neighbors feel about their project.

Thank you!

Helen
