Mike Wasserman, Mayor

PURPOSE:

Section 29.20.745(8) of the Zoning Ordinance states that the Development Review Committee (DRC) shall “determine and issue zoning approval for minor exterior alterations to commercial buildings”. The purpose of this policy is to define “minor exterior alterations” to commercial buildings that may be approved by the DRC as set forth in Section 29.20.745(8) of the Zoning Ordinance. To assist in the redevelopment of commercial buildings, the Town has created a streamlined review process for minor commercial improvement projects that comply with the Commercial Design Guidelines.

The following shall be used by staff when reviewing plans for minor exterior alterations to commercial buildings to determine if proposed projects can take advantage of the streamlined review process.

EXAMPLES OF MINOR ARCHITECTURAL IMPROVEMENTS:

The following are examples of minor architectural improvements that may be decided by the Development Review Committee (DRC) after considering public input at a duly noticed public hearing:

1. Replacing or changing out windows
2. Replacing or adding awnings
3. Changes to or addition of arcades
4. Replacement of or changes to exterior materials
5. Small scale additions (may not result in an increase of more than four peak hour trips)

DEFINITION:

For projects that include small scale additions, a minor commercial project is one which is in full compliance with the Town's Commercial Design Guidelines and Town Code and does not result in an intensification of use as described in Section 29.30.200 of the Zoning Ordinance or more than a minor increase in traffic as described in the Town's Traffic Impact Policy.

The Director of Community Development or the Development Review Committee may refer any minor commercial project to the Planning Commission if it is not in compliance with the Commercial Design Guidelines, there are impacts to surrounding properties that cannot be resolved by the DRC, or as otherwise deemed appropriate.
