ADDITIONAL DOCUMENTS & REQUIREMENTS

GEOTECHNICAL INVESTIGATION / SOIL REPORT

Due to the Scope Of Work for this project, no Geotechnical Investigation / Soil Report has been prepared. If the Project Scope changes or if any unusual site, soil, or subgrade conditions are encountered, notify Architect & Owner in writing and determine if a Soil Report is required. See Structural Drawings for additional notes and requirements.

TITLE 24 CALIFORNIA ENERGY CODE COMPLIANCE

"Labe Residence Energy Compliance Calculations", #TBD, dated TBD, prepared by FRI Energy Consultants, LLC, Project Title 24 Energy Consultant, is part of the Construction Documents. All work must comply with Energy Report Requirements & Recommendations, California Energy Code, & all other applicable codes & ordinances as adopted, amended, & enforced by Local Jurisdiction (AHJ).

ARBORIST

Due to the Scope of Work for this project, no Arborist Report has been prepared. If the Project Scope changes, notify Architect & Owner in writing and determine if an Arborist Report is required. No work shall be commenced within the dripline of any tree protected by any AHJ prior to retaining a licensed Arborist.

COORDINATION REQUIREMENTS

COORDINATE WITH ARCHITECT

See Construction Observation Note on this sheet. Provide Architect with minimum 48 hour notice of milestone requiring construction observation. Copy Architect on all correspondence with all Project Consultants.

COORDINATE WITH ARCHITECT & INSTALLER

TITLE 24 ENERGY CODE INSTALLATION REQUIREMENTS

Architect, General Contractor, & Installers must be present for site meeting prior to completion & signing of Energy Code Compliance Forms & Installation Certificates by the Installers. Provide Architect with minimum 48 hour prior notice. Required forms are listed in the Title 24 Energy Report.

COORDINATE WITH STRUCTURAL ENGINEER

Coordinate with Architect & Structural Engineer to provide required notice & to schedule mandatory construction observation. Provide Architect with minimum 48 hours advance notice and the opportunity to be present for any & all site visits & construction observation attended by the structural engineer. Submit all Requests for Information to Architect. Copy Architect on all correspondence with Project Structural Engineer, Energy Consultant, and all other Professional Consultants.

SPECIAL INSPECTIONS

Special Inspections required for the following as applicable by Architect or Engineer of Record:

- Epoxy threaded rod holddowns into existing concrete footings (CBC Section 1704.4.4 Inspection of Anchors installed in hardened concrete)
- Wood shearwalls, shear panels & diaphragms w/ edge nailing at 4" or less
- Installation of Simpson Strongwalls & Hardy Frames
- Soils Engineer to review mitigation of weak superficial soils re-compaction
- Any other special inspection found necessary by AHJ

AREA CALCULATIONS

(E) Main Level (Not Including Covered Porches)	1,406 Sq Ft
Total Living	1,406 Sq Ft
+ (E) Covered Front Porch	86 Sq Ft
Total Square Footage	1,492 Sq Ft
Not Counted as Floor Area:	
+ (E) Basement	265 Sq Ft
+ (E) Detached Garage	392 Sq Ft
+ (E) Detached ADU	741 Sq Ft
+ (N) Covered Rear Porch	354 Sq Ft

No change in conditioned square footage

CONSTRUCTION OBSERVATION REQUIRED

General Contractor is required to schedule & coordinate the following mandatory construction observation site visits with Architect present.
Provide notice to Architect at least 48 hours prior to such visits.
Prior to beginning work, provide Architect & Owner with a critical path schedule showing the following construction milestones:

INITIALS	REQD	SITE VISIT MILESTONE
_____	X	Pre-Construction Site Meeting
_____	X	After Finish Removal, Prior to Structural Demolition
_____	X	Rough Framing
_____	X	Window Selection, Prior to Ordering Windows
_____	X	Rough Electrical, Mounted Boxes Prior to Pulling Wire
_____	X	Framing & Insulation, Prior to Covering Framing w/ Finishes

Additionally, Contractor shall schedule a mandatory walkthru with Architect & Owner present at Substantial Completion.

_____ X Substantial Completion Prior to Granting Occupancy

Architect's initials are required to the left of each site visit listed prior to proceeding with subsequent work & indicate only that Architect was present & provided with the opportunity to observe construction at that phase.
