**Subject:** Fwd: Proposed Building Plans

Sean, thanks again for the call today. This email along with our conversation is provided to document personal concern as the property owner of [REDACTED], Los Gatos, CA 95032f regarding noise and aesthetics if easement is granted off Osk Meadow Drive for the subdivision of property at 120 Osk Meadow Drive. If you have any questions or need additional clarification, please let me know.

Sean, greetings and by way of introduction, Laura Vieth, homeowner at [REDACTED] Los Gatos, CA 95032. Regency Court HOA. I would like to schedule time with you to discuss building plans being discussed. I can be reached at [REDACTED]

My husband and I were informed by the property owner at 120 Oak Meadow Drive (not part of our HOA) is planning to subdivide his property and build a house....no concern from that perspective. Our concern is the placement of the driveway.

We understand the driveway is tentatively being discussed to use HOA property on the front side of the street and put the driveway directly across from our driveway. We would like the driveways to be on the backside of the street vs. across from our home.

I look forward to speaking with you soon.
