Dear Tolou and Brandon

Hope you are all doing well and online schooling is going as smoothly as possible.

As you might know, there will be a Town Council meeting on Sept 1, where our home-rebuild project will be discussed. We are collecting feedback from neighbors to send to the Town. Please note that the project is compliant with all governing codes and has been reviewed and approved by the Design Review Committee of the Town of Los Gatos on June 9th. Again, after it got appealed by one neighbor, the plan was further reviewed and approved by the Planning Commissions of the Town of Los Gatos on July 22nd. After each of the past appeals, in the spirit of harmony and respect, we incurred the cost and made some alterations to the plans hoping to meet the folks halfway, even though the original revisions were fully compliant and approved. But there is one neighbor who was still not satisfied and appealed again. As such, Mehrdad and I are reaching out to our other neighbors and asking them to help us by signing our form, attached.

We would appreciate it if you would review the latest plans at the Town website below, along with the attached letter, and let us know if you had any comments. We are happy to stop by your door to collect your signature/comment if you would be so kind to provide it to us, or we could print your email response instead and attach it in lieu of a signature. Please kindly share your thoughts with us.

Diego,

In the spirit of full disclosure, here is one more from another neighbor (Marty and Nancy McCormick) that wish to remain neutral.

In order to be thorough, one more neighbor, to the south of Zakis, replied too expressing that they would remain neutral.

Thanks,

Leila,

We received your message and we understand the issues you are facing in attempting to secure approval for the construction of your home on Robin Way.

At this time Marty and I wish to remain neutral regarding our position.

Wishing you resolution,

Nancy

Nancy McCormick
