Dear Sean,

It has come to my attention that the developer is asking for an exception about putting up the complete story poles for full visualization. In a joint zoom meeting in early June, I was assured that they fully intend to install story poles & orange netting in early October.

I want to be on record again about my objection to a waiver of this requirement as i have previously stated as well. The only way to truly realized the full visual impact of this massive project is to see the story poles and orange netting.

The story poles are needed for full transparency and any waiver to that will not be the right approach.

Please acknowledge the receipt of this email and adding my objection to the record.

Thank you,

Andy Ghofrani
