Suray,

I am writing in regard to the project PC-MR-26-005 at 127 Belhaven Drive. My name is Neil Storey and my address is [REDACTED]. My family and I live next door to the Butcher's, they have been our neighbours for several years.

I wanted to express my support for their project. I reviewed the project information in May when they sent it to me. I have no concerns at all with the proposal to add a window facing onto Belhaven Drive. It doesn't create a privacy concern for our family and similarly I don't have any visual impact issues.

I hope this feedback is useful in helping you decide this matter. If you need any additional information please let me know.

Best Regards,

Neil Storey

I'm writing to you in regards to the proposed renovation project PC-MR-26-005 - 127 Belhaven Dr for Jeremy Butcher. In May our family received the project information by mail and would like to express our support for the project. We feel the proposed window coverings are more than enough to address any visual or privacy concerns.

Dear Mr. Nathan,

My name is Karthik Thyagarajan, and I reside at [REDACTED].

I am writing regarding **Jeremy Butcher's proposed project, PC-MR-26-005, at 127 Belhaven Drive**. I received the project information mailed to nearby residents in May and would like to express my **support for the proposal**.

As a resident directly across the street, any window facing Belhaven Drive would have a greater potential visual impact on my property than on adjacent homes. However, I believe the proposed window coverings and related measures would be more than sufficient to address any privacy or visual-impact concerns.

For these reasons, I support the approval of Jeremy Butcher's project.

Thank you for your consideration.

Sincerely,

Karthik Thyagarajan

Dear Mr. Nathan,

Hope this email finds you well. When you read this email, hopefully you already had a great 4th of July weekend, all refreshed and ready for a great 2nd half of the year.

I'm writing this email with regard to the proposed renovation project, PC-MR-26-005, at 127 Belhaven Drive (property owner and head of household: Jeremy Butcher). As Jeremy and the family's neighbor, we received the project information by mail in May. We would like to express our support for the proposed project.

As for the item concerning a bathroom window, we believe the proposed window coverings are more than sufficient to address any potential visual or privacy concerns for both Jeremy's family, any visitor, and anyone passing by this Belhaven address. We believe this bathroom window item shall be put to rest. And we trust that the town's planning department will see no further issues or concerns, and allow this project to move forward as planned.

If anything else we can do to help further clarify and support this renovation project proposal, please let us know.

Best Regards,

Jason Zaixin Xie & Anca Neacsu

Hello Suray,

I live at [REDACTED] and have received information about PC-MR-26-005-127 Belhaven Drive in May. I totally support this project.

I live directly across the street and believe that any window facing Belhaven Dr. would have a greater potential visual impact on my property than on any adjacent homes. However, I think that the plans for window coverings would be more than sufficient to address any possible concerns about privacy or visual impact.

Thank You,

To Whom it May Concern,

We are writing to offer our strongest recommendation and support for our friends, Jamie and Jeremy Butcher, whom we have had the pleasure of knowing for the past 13 years. Over that time, we have come to know them not only as wonderful neighbors, but as people of exceptional character, integrity, and kindness. Our friendship has grown steadily over the years, and we've seen that they are thoughtful, responsible, and considerate in all aspects of their lives.

In fact, our regard for them is so high that we were genuinely excited by the opportunity to move into the same neighborhood—just down the street! Knowing we would have such dependable and kind neighbors was a significant factor in our decision, and it has only reinforced our positive experience since moving.

We are fully supportive of the Butchers' proposed home renovation project, PC-MR-26-005 at 127 Belhaven Drive. We believe their plans reflect thoughtful investment not only in their own property, but in the neighborhood as a whole. Improvements like these contribute positively to the overall appearance, desirability, and long-term property values in the area. We are confident that their project will be carried out with the same level of care, responsibility, and consideration that they demonstrate in other aspects of their lives.

Without hesitation, we offer our highest recommendation and support. The Butchers are truly an asset to the community, and we feel fortunate to call them both our friends and neighbors.

Sincerely,
Amy and Philip Johnson

Dear Suray,

I am writing you to express my support for the subject project. The Butcher's are doing what some of our neighbors in our development have done, namely increase the size of the primary bedroom/bath. From what I understand, the bathroom window will now be facing the street, which is much better than the original builds of the bathroom window facing into our neighbors' backyard. I believe any remodel helps the look of our neighborhood and increases the value of our homes.

Thank you,
Eleanor Stewart-Petrovich
