ITEM NO: 5

DATE: June 16, 2025
TO: Community Health and Senior Services Commission
FROM: Leif Christiansen, Senior Service Coordinator
SUBJECT: Discuss the Santa Clara County Age-Friendly Community Survey Preliminary Data and Upcoming Listening Sessions.

RECOMMENDATION:

Discuss the Santa Clara County Age-Friendly Community Survey preliminary data and upcoming listening sessions.

REMARKS:

The County of Santa Clara Department of Aging and Adult Services (County), in partnership with the Town, other local jurisdictions, and service-providers, released an Age-Friendly Community Survey on September 25, 2024 – and collected responses through March 31, 2025. The County used the AARP's standardized Age-Friendly Community Survey and satisfies the Town's requirement to conduct the AARP survey as part of the Age-Friendly network. The survey received over 2,000 responses overall and approximately 88 responses from Los Gatos. Results are still being finalized, and staff will provide them to the CHSSC when they become available. Preliminary countywide results are included in Attachment 1 and staff is working on creating a Los Gatos specific version. The survey is part of a county-wide effort to gather input from older adults with the goal of creating age-friendly communities by taking action to address issues like housing, transportation, core services, social inclusion and more. The survey results will help to inform the goals and priorities that will be included in the County's Age-Friendly Action Plan.

In addition, the County, between June 11 and July 11, 2025, is hosting a series of listening sessions to review the results of the survey, and to continue engaging residents in the five-year Age-Friendly strategic planning process. A flyer with the dates, times and locations of the listening sessions is provided as Attachment 2.
