EXTERNAL SENDER

Dear Ms. Walters,

I live on Englewood Avenue, right near Marchmont Drive. I have seen the story poles and the house plans for 16529 Marchmont Drive and I think the proposed addition fits in very well with the neighborhood. I have lived on Englewood Avenue for many years, in that time I have seen several homes in our neighborhood build two story additions and in many cases much larger than this proposal. In conclusion, I am in support of the proposed plan and think it will be a great addition to our neighborhood.

Regards,
Susie Boyd

EXTERNAL SENDER

Dear Erin,

As a homeowner on Marchmont Drive, I am writing you in support of the building plans for Mary and Brendon Cassidy at 16529 Marchmont Drive. I looked at the poles and the sign with the plans, and I believe the new plans will blend well with the other homes on our street as there are already other two story homes on our street. I support the town's approval of the Cassidy's renovations.

Thank you for taking my comments into consideration.

Jennifer Shapiro

EXTERNAL SENDER

Hi Erin,

I am a neighbor of the Cassidy family, and wanted to reach out just to share my support of their proposed remodel of their home. Our family lives on Englewood, just around the corner from Marchmont, and we walk and play with our kids around the neighborhood all the time. I honestly barely noticed the story poles at first, given the tree coverage, but in looking at the property and the sign showing the proposal, I think it is going to look very respectable and will definitely be in keeping with the traditional style of the neighborhood, and Marchmont Dr. in particular. I am in full support, and am hopeful they'll be able to proceed with their project, as I believe it will add value for the rest of the neighborhood, and will be a beautiful addition that fits in well.

Thank you for your consideration.
Carrie Helwick
