We live at [REDACTED]

We recently noticed the story poles and netting installed for a second story addition at 14876 Clara Street. Our house is located at the above address and 14876 Clara St is in close proximity to our house.

We have had a chance to review the plans and have no reservations with proposed second story addition.

There are several two-story homes in the surrounding area and we do not have any reservations with the proposed design. The design is non-obtrusive as well. The materials and roof forms they have chosen will fit in with what is in our immediate area.

We are in full support of the project.

Regards,

Location of your property with respect to 14876 Clara St:

[REDACTED] - we are about four houses south of 14876 Clara - on the same circle. We have a view of this home from our driveway.

Any other comments you would like to share with the planning commission:

We reviewed the plans and we believe the project would result in a nice improvement to the neighborhood. We appreciate those who strive to update and improve their properties.

Location of your property with respect to 14876 Clara St:

We are a couple of houses away and look directly at the property planning the expansion.

Any other comments you would like to share with the planning commission:

There are several two story homes in close proximity to the property planning the expansion and see no significant adverse effects to its approval.
