Mark Robson, Applicant

We have been working in the Town for a long time, and we are currently working to integrate new homes within an existing neighborhood. Parcel A, which is 4.3 acres, is the site we are looking to change. We submitted a Builder's Remedy application last year, but there were concerns about it not matching the neighborhood. This current application is just a General Plan amendment to allow us to move forward with a future project. We held a large neighborhood meeting and received feedback. This time, more members are more pleased with the potential project ahead.

Rich Dobner

I am a resident of the Belwood neighborhood, and the President of a nonprofit association called Preserve Belwood. We created this nonprofit because of the potential changes to this property wanting to preserve our community. While we were worried about this project at first, we are feeling better about this project after more conversations with the school district and the applicant team. We look forward to having the new additions to our neighborhood.

Closed Public Comment.

Commissioners discussed the matter.

**MOTION:**                    **Motion by Commissioner Hanssen to Recommend Approval to the Planning Commission for a General Plan Amendment to Change the Land Use Designation of Parcel A from Public to Low Density Residential Contingent Upon Approval of the Subdivision Application. **Seconded by Council Member Ristow.****

**VOTE:**                    **Motion passes unanimously.**
