Hello Laurel,

Thank you for your email. I fully agree the Town's business should be conducted in public. To that end, having the most current drafts of the FY 23 financial statements available for the FC to review/discuss with Staff and the auditor is essential to having a constructive meeting. I have asked the FC Chair to formally request that drafts of these three financial statements (attached are the FY 22 version for sake of clarity) be made available for the October FC meeting. Thank you.

Thank you, Vice Mayor.

As mentioned by the Clerk, Mr. Koen's question is appropriate for the upcoming October Finance Commission meeting. It is important that the business of the Town is conducted in public at our Commission meetings. Thank you, Laurel

Dear Phil,

Thank you for reaching out and your work on the Finance Commission.

I have copied our Town Manager, Laurel Prevetti for a response in providing initial draft financial statements showing preliminary results for the General Fund.

In consideration of the cancelled meeting, the fiscal year ending 06/30, and further

delaying review for three months, I am hopeful your request can be accommodated.

Kind Regards, Mary

Help Mary,

I received this email from Wendy Wood in response to my email to Gitta. How do I request the initial draft financial statements (no footnotes required) which would show preliminary results for the General Fund? The fiscal year ended on June 30. The Town must have an initial set of draft financial statements at this point.

Waiting until November is too long. Any thoughts on how to accomplish this?

Thanks,

Phil

Subject: Audit Status Update

Good morning Town Council and Finance Commission,

One of the Finance Commissioners inquired about the status of the Town's annual audit.

For the benefit of the entire Town Council and Finance Commission, please know that the Town is in the process of the annual audit. The auditors started their preliminary work in May 2023. The draft financial statements are expected to be available for the Commission's review by November 27th.

Staff anticipates a special Finance Commission meeting in early December to discuss the Draft Annual Comprehensive Financial Report (ACFR) and for the Commission to complete its review at the December 11th regular meeting. Council consideration of the ACFR is scheduled for December 19, 2023.

A status update on the audit was an agenized item for the regular September meeting. Since the meeting was cancelled due to lack of quorum, the item is on the agenda for the regular October meeting. The Town's independent auditor will participate in the meeting to give an update and address the Commissioners' questions.

Thank you,

Wendy Wood, CMC • Town Clerk

[EXTERNAL SENDER]

Hello Wendy,

Thank you for your email of August 29. I wanted to circle back on this topic since the October FC is coming up. I have a specific request that I am hoping Staff will be able to accommodate.

Not exactly knowing what topics are planned to be discussed as part of the "annual premeeting with the auditors" my request is for the staff/auditor to present and discuss the draft FY 23 financial statements with the FC. To be clear this is not a request to review the entire ACFR but only the three funds financial statements (without any footnotes) consisting of 1) the governmental funds balance sheet, 2) the governmental funds statement of revenues, expenditures, and changes in fund balances and 3) budget and actual general fund. I have attached copies of the FY 22 financial statements that I am requesting to be presented for sake of clarity.

Last year at the August 8, 2022 FC the agenda for this meeting was "Discuss Upcoming Audit and Provide Input to June 30, 2022 ACFR with the Town's Independent Auditor". The auditor reviewed the attached presentation.

Since our upcoming meeting is 2 months later and using last year's audit timeline as a proxy for this year, it would suggest the FY 23 audit is substantially complete including the drafting of financial statements. Therefore, in addition to the reviewing the three draft financial statements, I would request the auditor specifically discuss the revenue recognition policy and how it has been applied to the ARPA funds received in FY 22 and FY 23. Additionally, a discussion of significant areas of risk and how they were addressed in the audit and a review of all proposed audit adjustments to date would be very valuable.

Thank you for your assistance.

Audit Objective/Responsibilities

Responsibilities Continued

- An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements.
- The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.

Significant Areas and Risk Areas

- Federal compliance: ARPA grant
- Payroll and payroll allocations between departments, funds and sources.
- Disbursements and purchases
- Cash, AR, Capital Assets, Interfund Transactions, AP, other liabilities and Fund Balance.
- Pensions and OPEB

[EXTERNAL SENDER]

Hello Wendy,

Could you please include these schedules to be discussed/reviewed during the agenda item regarding the FY 23 Audit. I am hoping that Staff will share with the FC the three draft financial statements I requested in my prior email (not the entire annual report). This is an important topic since it appears the actual GF surplus for FY 23 is materially greater from what the public and the TC was told both during the midyear update in February and during the FY 24 planning process in May. The July Treasurer's report shows a revenue over expenditure surplus of approximately \$5.4m for FY 23. I am looking for confirmation from the auditor as to the actual FY 23 GF ending balance and the excess of revenues over expenditures for FY 23 prior to any fund transfers.

Thank you.

Phil Koen
