

SILICON VALLEY RESTAURANT ASSOCIATION

OCTOBER 2022

PUBLIC OUTREACH REPORT

PREPARED AND PRESENTED BY

EDD E TRUONG

EXHIBIT 14

PURPOSE

THE PURPOSE OF THIS DOCUMENT IS TO REPORT FEEDBACK FROM NEIGHBORING BUSINESSES AND RESIDENTS OF THE MCDONALD'S RESTAURANT ON 15475 LOS GATOS BLVD. THE GOAL IS TO ASSIST THE CITY COUNCIL IN MAKING A DECISION AS IT RELATES TO A PROPOSED DRIVE-THRU PROJECT.

OUR GOALS AND OBJECTIVES

1. What neighbors you have spoken to (name and address).
2. What neighbors did you not speak to and why?
3. When you met with neighbors.

BACKGROUND

WITHIN THE PROXIMITY OF THIS AREA, THERE IS ONLY ONE FAST FOOD RESTAURANT WITH A DRIVE-THRU WHICH IS THE JACK IN THE BOX ON 15771 LOS GATOS BLVD. THE MCDONALD'S LOCATION DISCUSSED IN THIS REPORT HAS PROPOSED A DRIVE-THRU PROJECT TO ITS EXISTING RESTAURANT USE.

RESEARCH AND FINDINGS

The survey was conducted within a 400 foot radius of the proposed project, which included both nearby retail businesses and residential homes.

Business Outreach

Business owners, managers, and employers generally responded positively to the proposed drive-thru project. Of the 21 businesses surveyed, 19 responded positively with two (2) businesses not having an opinion on the drive-thru.

Employees from O Reilly Autoparts and Erik s Delicafe were highly in favor of building the drive-thru, as they dine at this McDonald s at three or more times a week. An employee and assistant manager at O Reilly Autoparts stated that the wait times currently can be as long as 15 minutes and that a drive-thru could lower these wait times.

Several other businesses, including the owners of Spenga Yoga and Amazin Nail Bar were enthusiastic about the prospect of building a drive-thru as they stated it would help parents. Moving children from their car seats and having them ready to enter restaurants can take quite some time for families, especially those that are looking for fast food. They also noted safety concerns, as children may run around the parking lot.

A program manager from Los Gatos Elite, a gymnastics center nearby, was in favor of the drive-thru, but expressed concerns about the parking lot. They stated that McDonald s customers occasionally park in their dedicated parking lot. If built, they would like distinct signage that would prevent the traffic from spilling into their parking lot.

RESEARCH AND FINDINGS CONT...

The businesses in the plaza directly across from McDonald's on 15446 Los Gatos Blvd. also responded positively. Two (2) sales associates at Pet Food Express were in favor of the McDonald's, but one (1) raised concerns regarding traffic. They stated that the McDonald's is on the frontage of Los Gatos Blvd. which would mean any traffic along this area may spill onto the street. Both sales associates agreed that they would not order food from McDonald's unless there is a drive-thru. The franchisee owner of Baja Fresh stated that they are strongly in favor of building the drive-thru as the only restaurant nearby that currently has a drive-thru is a Jack-in-the-Box, which is a four minute drive away.

Residential Outreach

While nearby businesses were positive about the prospect of having a McDonald's, residents in the nearby neighborhood were mixed in their opinions but overall were receptive to the proposed project.

- Six (6) of the residents surveyed stated that they were in favor of the drive-thru being built or that they did not mind having a drive-thru built at the McDonald's.
- Two (2) households were opposed to the proposed project. Their concerns included idling vehicles, pollution, and noise issues.
- One (1) household opposed to the drive-thru had concerns regarding noise disturbances in this plaza.
- One (1) resident called to leave a voicemail to voice their opposition to this drive-thru.
- Two (2) other households opposed the drive-thru built at the McDonald's, though they did not expand on why they were against it.

Customer Outreach

In addition to the canvassing outreach to nearby businesses and residences, a petition was placed inside of the McDonald's surveying customers about the proposed project. From August 2021 to November 2021, over 1,000 customers signed in support of the project, and of that total, 700 (or 70%) of the petition signers were Los Gatos residents. Since November 2021, the petition has gathered approximately 2,000 signatures supporting the construction of this drive-thru. During the canvassing phase, some business owners stated that they had also seen and signed onto this petition.

CONCLUSION

In the research and survey scope, the findings demonstrated that businesses were much more in favor of building a drive-thru at this McDonald's. From their perspective, the installation of a drive-thru would allow for better service, more convenience for families, and reduce any risk of children being struck by vehicles in the parking lot, with the biggest concerns being traffic spilling out onto Los Gatos Blvd. or neighboring parking lots. Residents, however, were less enthusiastic about the drive-thru with two stating that a drive-thru would have quality of life impacts.

"I WANT IT, IT WOULD BE SAFER FOR KIDS. WE DON'T NEED TO BRING THE KIDS INTO THE STORE AND CAN AVOID CARS"
