**SUBJECT:** Discussion on Local Mitigation Strategy (LMS) Grant Submission

---

**Background:** Local Mitigation Strategy (LMS) is overseen by the Palm Beach County Public Safety-Emergency Management Division. LMS is a unified, coordinated effort among County and municipal governments to reduce the county's vulnerability to the impacts of identified natural and man-made hazards. Among its primary missions, the Strategy serves as a basis for comprehensive mitigation planning, project identification and prioritization, and provides assistance to project sponsors in securing and allocating available federal, state, local, and other disaster mitigation assistance funds.

Project submission is ongoing, however twice a year LMS projects are scored and officially added to the local Prioritized Project List (PPL). By virtue of being on the LMS PPL, each project potentially qualifies for funding assistance consideration through a variety of mitigation assistance programs.

The Town completed 7 submissions for the Spring 2024 PPL list on Friday, May 10<sup>th</sup> as shown below:

- Town Wide Canal Stabilization \$79,900,000

- Installation of Pumps & Weirs \$750,000
- Modernization of Public Works Facilities \$750,000
