**WHEREAS**, in addition to its many horses, the Town is also home to an exotic animal sanctuary, a tropical bird refuge, dog rescues, veterinary offices, and other livestock; and

**WHEREAS**, it is well documented that horses and other animals are startled by loud noises and sudden flashing lights and are particularly frightened by fireworks; and

**WHEREAS**, it is very common for horses to gallop, sweat, and tremble when startled by the loud noise and flashing lights of fireworks, which can result in injury to animals and damage to property; and

**WHEREAS**, the Town is a heavily wooded community making it more susceptible to fire risks, particularly in its Agricultural Residential (AR) zoning district, which is largely comprised of wooded lots of five acres or more; and

**WHEREAS**, it is well known that fireworks pose a significant fire risk and according to the National Fire Protection Association, fireworks start an average of 20,000 fires per year, resulting in more than \$100 million in property damage; and

**WHEREAS**, the U.S. Drought Monitor advises that 74% of Palm Beach County is currently experiencing a severe drought and 24% of Palm Beach County is currently experiencing an extreme drought, which significantly increases the fire risk and allows fires to spread more quickly and intensely; and

**WHEREAS**, the Town has received numerous requests from residents and equestrians to help prevent and protect their horses and property from the negative effects of fireworks; and

**WHEREAS**, the use of fireworks within the Town, which is home to hundreds of equestrian residents, horses, equestrian related farms and service, and densely wooded canopies, is detrimental to the health, safety, and welfare of the Town’s residents; and
