

155 F Road Loxahatchee Groves, FL 33470

**Agenda Item # 13**

**TO:** Town Council of Town of Loxahatchee Groves  
**FROM:** Larry Peters, Public Works Director  
**DATE:** August 01, 2023  
**SUBJECT:** Discussion and update on Paving Project.

---

**Background:**

The Town's paving project was projected to be segmented into eleven segments. Seven of the segments with easements for road paving were issued "Notices to Proceed" and have been paved. Two segments were issued "Notices to Proceed" in anticipation of receiving all the easements necessary for those segments. The Contractor prepared and primed those segments for paving. We have since rescinded the "Notice to Proceed" for the two segments due to not receiving all easements. Two segments had not received the necessary easements and were not issued the "Notice to Proceed".
