Attachments:		
DOL Guidelines related to Licensing, Draft City of Lynden handout regarding licensing requirements		
Summary Statement:		
<p>The City’s Building Official has begun actively implementing the State of Washington’s licensing requirements regarding permit drawings.</p> <p>Attached are guidelines from the Department of Licensing website regarding these licensing requirements. Also attached is the draft handout / website information that will be posted to the City’s website.</p> <p>Large and complicated home designs which exceed the 4,000 sf size have become more common and subject to these licensing requirements as the State outlines.</p>		
Recommended Action:		
none
