<b><u>Summary Statement:</u></b>	
<p>At the July 11 meeting staff will be distributing a survey which is meant to collect feedback from the Commissioners. The survey includes a wide range of planning topics and municipal growth issues. The responses are meant to influence the update of the City's Comprehensive Plan.</p> <p>As you may recall, the Comprehensive Plan is updated every 8-10 years and is intended to serve as a long-range planning document. The Plan attempts to articulate the character, vision, and goals of the community. It outlines goals for the future and responds to State legislation regarding growth management.</p> <p>The survey will be 'homework' ahead of the Commissioners workshop which is slated to occur on July 25<sup>th</sup>. The workshop will be led by the City's consultant team tasked with guiding the update efforts. An advisory group of community members has also been assembled to assist with community feedback and staff expects 6-10 members of that group will be joining the workshop.</p> <p>A link to the City's current comprehensive plan was emailed to you the Commission on July 5 and can be referred to as you prepare for the July 25 workshop.</p>	
<b><u>Recommended Action:</u></b>
