Summary Statement		
<p>The City Administration Department, in cooperation with Parks, Police, Public Works and Community Development Departments have been actively working on solutions for parking conflicts which have been occurring at the city parks. At times visitors park in ways that block driveways or park at city facilities overnight. It is critical that the city be prepared to address these issues ahead of the busy spring and summer weekends when parking conflicts are at their worst. In addition to city parks, the proposed amendment will address parking lots at city facilities such as city hall and the Annex, city-owned lots, and public streets.</p> <p>The code amendment will be supported by the posting of signs and contracting with a towing company to enforce regulations <u>when requested</u>.</p> <p>(The City's legal counsel has reviewed the attached draft ordinance so this version includes their edits and differs slightly from the version distributed with the January 21st Council package.)</p>		
Recommended Action		
Motion to approve Ordinance 25-1705 amending LMC 10 to update the City's parking regulations and to authorize the Mayor's signature on the document.
