Quote for Repairs		
<b>Summary Statement:</b>		
<p>The Whatcom County Health Department has identified needed repairs to the City recreation center pool deck for health and safety. There are excessive drainage issues creating standing water around the pool that can be corrected with resurfacing. A community member has been active seeking funding and has secured a commitment from the Lynden Parks &amp; Recreation District for \$10,000 towards the pool deck resurfacing which is estimated to cost about \$18,000. Under the terms of the lease that the City has with Forge Fitness this is an item of work that would be eligible for reimbursement by the City after they have the work performed and provide copies of the actual invoices. After reimbursing Forge Fitness the City would bill the Parks and Recreation District for the \$10,000 that they committed. Forge Fitness is proposing to perform the work during their annual pool closure later this summer.</p> <p>The Public Works Committee reviewed this quote at their meeting on May 4, 2022, and concurred to recommend approval by City Council.</p>		
<b>Recommended Action:</b>		
That City Council authorize City staff to provide reimbursement to Forge Fitness for pool deck repairs up to \$20,000 per the term of the City's Lease and to invoice the Parks and Recreation District for their \$10,000.
