Attachments:		
Axiom Proposal		
Summary Statement:		
<p>The Police Department was remodeled and occupied in 2005/2006. The east and south-facing exterior walls of the building were designed and installed with 4ft x 4ft painted plywood panel siding. The panels are now failing; showing signs of peeling, warping and rotting.</p> <p>Local contractor, Tim Koetje, President of Axiom Construction & Consulting LLC, was contacted and provided a bid for Aluminum Composite Panel siding at well below the current rate for materials and installation (See attached letter and proposal). Aluminum Composite Panels carry a 20-year warranty and will likely last for the life of the building.</p> <p>The project will be funded through Capital Outlay as well as the Capital Reserve Fund.</p>		
Recommended Action:		
Approve a 2019 budget amendment for Police Department exterior siding, and authorize the Mayor's signature on the Axiom Proposal.
