

We would like to surplus A7503, the 2010 eFord 450. We have determined its estimated value based on its original purchase price of \$120,000.00. It's in service life of 9 years, and the current mileage of 113,655.

Formula: $\$120,000.00 / 9 \text{ years} = \text{Depreciation/Salvage value of } \$13,333.33$

If we based the Depreciation/Salvage Value off of the age of vehicle alone rather than off mileage and in service years,

Formula: $\$120,000.00 / 15 \text{ years} = \text{Depreciation/salvage value of } \$8,000.00$

Based on comparable market value listings, salvage value for the 2010 eFord 450 would be appropriate at \$13,333,33

Request To Declare Property As Surplus

All Surplus requests must be reviewed and approved by the Finance Director prior to disposal/sale etc.
 Surplus Sales and/or Transfers to other Departments must still be reviewed and approved by the Finance Director.
 For specific guidance please review F-10 in the City of Lynden's Personnel Policies & Procedures.

Vehicle history report

Report is not available for purchase

Trusted partner

Possible reasons why a report is not available:

- The vehicle is too new to have a history report.
- The vehicle was manufactured prior to 1981.
- The vehicle didn't have a 17-digit vehicle identification number.
- The vehicle wasn't intended for the US market (such as limited production exotics).
- The seller didn't enter the vehicle identification number correctly.
