Resolution No. 997		
Name of Agenda Item:		
Resolution No. 997 Update to Compost Fees		
Summary Statement:		
<p>Public Works staff is planning to accept credit card payments for compost with a point of sale system. Finance has reviewed and supports the use of this system. This payment system will make purchases easier for customers, increase sales and reduce administrative effort, but will add cost to each transaction. The City collected just over \$3800 in compost sales in 2018. The attached resolution increases the purchase amount for compost (rates were last increased in 2017) to cover the cost of the credit transactions.</p> <p>The Public Works Committee reviewed this resolution at their March 6th meeting and concurred to recommend approval to the full City Council.</p>		
Recommended Action:		
Approve Resolution No. 997 to Update Compost Fees and authorize the Mayor's signature.
