Summary Statement		
<p>The Parks department proposed and reviewed the ability to provide a restroom facility at Schoolyard Park due to the growing list of amenities on site and the lack of facilities for the community to use in the area if they are visiting the park. Greg Robinson (GRA) responded with a proposal for the design project to match the overall themes of the other two structures that he also designed with great success.</p> <p>The Administration and Parks Committee reviewed the updated proposal and recommended forwarding it to full council for approval.</p>		
Recommended Action		
Motion to approve the proposal for Greg Robinson (GRA) to complete the design of the project for future construction.
