

CITY OF LYNDEN

Transportation Benefit District 2023 SUMMARY REPORT

The Transportation Benefit District (TBD) 2023 annual report is being provided to comply with RCW 36.73.160(2) which states that the “district shall issue an annual report, indicating the status of transportation improvement costs, transportation improvement expenditures, revenues, and construction schedules, to the public and to newspapers of record in the district.” The intent of this report is to provide information on 2023 planned and actual revenues and expenditures. It also discusses major actions affecting the Lynden TBD.

2023 was the first year of the renewed ten-year voter-approved TBD sales tax. Voters passed the renewal at the 2022 November General Election, and effective in 2023, authorized continuation of a sales and use tax of two tenths of one percent (0.002) to be collected from all taxable retail sales within the TBD in accordance with RCW 82.14.0455 for a term of ten years, or until such District is dissolved, whichever is earlier, for the purpose of paying or financing costs of necessary transportation improvement projects listed and identified in the City of Lynden Six-Year Transportation Improvement Plan.

2023 Revenue

The 2023 Budget projected planned TBD Revenue of \$750,000. Lynden’s retail sales tax revenues in 2023 exceed budget by 21.9% as shown in the following table:

Comments on 2023 Budget Execution:

1. South Park received grant and loan funding from the Whatcom EDI Program so fewer TBD funds were required.
2. Cedar Drive was delayed due to the extent of utility improvements identified during field investigation and design. There are also some right-of-way issues that will need to be resolved. This project was expected to begin in 2023 but has been extended to 2024.
3. East Front construction was completed in 2023.
4. 8th Street Judson LID Phase 1 was completed in 2023.
5. 9th Street Judson LID Phase 2 was in design phase in 2023.
6. Grover Street also received grant funding from the Whatcom EDI Program, reducing the amount of TBD funds needed. This project was completed in 2023.
7. Design for this project is ongoing with construction to occur in 2025.
8. The annual CERB loan payment was made.
