Daneille, I have attached an emergency permit for the swap of a tell handler that is malfunctioning on the island. I wasn't sure about the protocol but figured you would want something for the records. Long and short of it , we have a unit that they have deemed needs repaired that are not suitable for doing them in the field so we need to swap units. The officers were requiring that I have a permit or authorization form you prior to swapping the lifts. Please reach out with any questions.
