I just verified with Andy. Should be no problem parking at one of his sites. Likely the big site where they are building the 5 new buildings just North of the Cadotte and Huron intersection.

Thank you

The vehicles shouldn't be on the island for 5 months. I just put that time range on the permit apps to give us flexibility to get the work done...It's likely they will be parking on private property. I'll have UCI get with Andy Rynberg since all these locations are his. I'm sure if he can, he'll accommodate.

Mike, I'm sorry, could you call Andy Rynberg? His number should be on all the work prints. I'm sure he can arrange parking at one of his construction sites off Cadotte and Huron. There's a large development with 5 buildings going in, and it's a large site.

Good Morning Everyone,

Thank you for getting the permits submitted, I will get them added to Monday's agenda and will be in contact regarding approval Tuesday morning.

One thing though – I will need to know where these vehicles and trailers will be parked when not in use, especially since they will be on the Island for 5 months. If this information is not provided, I am assuming Council will table the permits until an answer is provided.
