- Discussion of extending the Shepler winter boat program

    - Will have winter boats in the water by December 2nd, but want to have 2 winter boats completely ready before starting service
  - Looking for permission to extend the Shepler's service through December 15, 2024 and have Arnold Transit begin service December 16, 2024
    - Mayor spoke with Andy McGreevy of the Mackinac Island Transportation Authority and he is on board with the service extension through December 15, 2024
  - In the future Arnold Transit would like to run fast boats as long as and as early as they can (as long as weather agrees)
  - Arnold Transit is also requesting approval to run the Straits of Mackinac II in addition to the current schedule for private groups
    - Fine by Council and does not need approval as this is service being provided in addition to their approved schedule

Motion made by Myers, seconded by Sehoyan, to approve the extension of Shepler's Ferry service through December 15, 2024 with the same continued schedule, and to have the City Clerk notify the Mackinac Island Transportation Authority of the service extension.
