Good morning!

I have the hotels and barge all set to come over on the 11th. I found out yesterday that you won't have another council meeting until the 13th which means they can't sign the permit.

The clerk said that you could discuss this with Mayor Doud and see if it could be signed without it going to council and then let the Clerk know the outcome. I explained we've been coming up for decades and asked if any exceptions could be made. This might be a work around.

Please let me know asap and if I need to move the other items, I can work on that today and see what staff I can send. We have a lot of staff off on the 15th unfortunately.

Thanks Allen and Jack!

Good Morning Mr. Burt –

Please review the attached proposal for lift station cleaning services on the island. We will get the permits completed for the truck on the island and connect with the barge upon your approval.

If you have any questions, please let me know – It's been a pleasure working with your team and on the island over the decades.
