Dear Historic District Commission Members:

At our May 14, 2024 Planning Commission meeting there was a discussion regarding new lighting on the Mackinac Island Ferry Companies' dock. The Planning Commission would like to bring this issue to your attention as the lights are very bright and radiate down on to the water, as well as interfere with the dark sky that the island likes to maintain. It is understood that MIFC did not submit an application to the HDC for the new lighting.

Respectfully submitted,

Michael Straus/KP
