TRIM

Brushed Smooth

Products:

LP® SmartSide® 540 Series Trim

LP® SmartSide® ExpertFinish® 540 Series Trim

DESIGNED & RATED FOR EXTERIOR USE

Substrate:

- Features engineered wood strand technology with precisely-sized, shaped, and layered wood strands from Aspen logs
- Made using LP's proprietary SmartGuard® process, which includes industrial-grade resins, water-resistant waxes, zinc borate, and a resin-saturated overlay

Application Instructions:

LPCorp.com/Literature

Sustainability Info:

- ASTM-Verified Carbon Negative
- Made with wood, a renewable resource, vetted through strict Sustainable Forestry Initiative® (SFI®) standards

Primed Specifications and PIDs:

540 SERIES BRUSHED SMOOTH TRIM

PRODUCT	LENGTH	ACTUAL WIDTH	THICKNESS	WEIGHT	PID

Cedar Valley Shingle Siding

Handcrafted Cedar Valley products are perfect for your distinctive home.

A Custom Look For Your Custom Home.

Cedar is a timeless compliment to any architectural style, from traditional to contemporary.

The Cedar Valley system-shingle panels, corners, column wraps and more-comes in a variety of styles and shingle patterns to help you create the exact look you want for your home.

In addition, Cedar Valley provides custom-designed products for special needs and applications.

There's No Substitute For Real Cedar.

Cedar Valley products are made from 100 percent kiln-dried Western Red Cedar for a beautiful, warm look. Synthetic siding can't come close to the natural performance and appearance of real cedar. Cedar provides unsurpassed resistance to moisture, decay and damage. There's an additional bonus to natural cedar siding-energy savings. Cedar's unique cell structure traps tiny pockets of air to boost insulation and reduce home energy costs. Cedar is naturally low maintenance. Properly finished and installed, it could be the last siding your home ever needs.

Color and Factory Finished Choices.

Cedar Valley products are available in a "Rainbow of Colors" and range of factory finished options. Whether you're looking for the rustic warmth and beauty of natural cedar or the impact of color, you'll have many options to choose from. All applied by our nationwide network of machine stainers for a tough durable coating that adds protection and value to your home.

Backed By An Outstanding Warranty.

Cedar Valley has been the leader in the shingle panel industry for more than 25 years. We've built our reputation on an ongoing commitment to quality, innovation and performance. With warranties up to 50 years, our panel system is backed by one of the best warranties in the business.

Traditional Shake

EcoStar Shake roof tiles are custom crafted using real cedar shakes as a template to create an intricate texture that truly appears natural. These synthetic shake tiles are manufactured from up to 80% post-industrial recycled materials. Unlike real wood, EcoStar Shake provides superior protection from the most extreme elements such as rain, wind, hail, snow, fire, extreme temperature change and the sun's UV rays. Little-to-no maintenance combined with a 50-year warranty means a trouble-free roofing solution with lasting performance.

EcoStar Shake combines modern performance with the classic architectural detail of wood. This shake alternative offers endless possibilities for residential and commercial buildings. Our extensive color palette enhances the architectural detail of both historic and new construction projects.

Advantages

- The look of traditional cedar shake without extensive maintenance
- Easy application keeps installation costs down
- Factory pre-blended for color & width
- Designed with up to 6" headlap for installation integrity
- Significant property insurance discounts may be available when upgrading or building a roof to protect against the elements

Architectural Flexibility

- Packaged in a blend of 6", 9" and 12" widths
- Staggered and offset installations accentuate roof texture and depth

Strength & Durability

- Provides superior durability and protection from extreme weather conditions that include fire, wind, hail and wind driven rain
- 19" length provides 3" of headlap protection (Class C) and 20" length provides 2" of headlap protection (Class A) against wind-driven rain and ponding snow melt (at maximum reveal)
- Significant life cycle savings

Environmental Sustainability

- Manufactured with post-industrial recycled plastics and/or rubber (not tires)

Technical Information

- Miami-Dade County, Florida NOA No. 17-1227.10 11/07/23
 - Miami-Dade Wind TAS100 & TAS125
 - UL listed Class C or Class A fire resistance (UL 790)
 - Prolonged UV Exposure (ASTM G155)
- Division 7 Building Codes per UL ER18920-01 / -02
- State of Florida Evaluation Report FL 30713-R1
- Texas Dept. of Insurance Evaluation (RC-135)
- Canadian Code Compliance Evaluation (CCMC-14174-R)
- UL Class 4 (highest rating) hail impact resistance (UL 2218)
- Resistant to algae, fungus or mold growth
- Job lot control produces uniform roof tile weathering
- ISO 9001:2015 Quality Management Standards

Warranty Options

- 50-Year Limited Material Warranty available
- 50-Year Gold Star Labor & Material Warranty available

Traditional Shake Profiles:

12", 9", 6" Blend

Fire Rating	Class C	Class A
Recycled Material	80%	25%
Tile Width	12", 9", 6"	
Profile	Solid	
Tile Thickness	3/8"	
Maximum Reveal	8" (7")	9" (8", 7")
Weight/Sq at Max. Reveal	261 lbs.	277 lbs.
Impact Rating	Class 4	
Miami-Dade	No	Yes
Standard Colors	14 (12 available as Cool Colors)	
Factory Blends	Yes

MACKINAC ISLAND

PLANNING COMMISSION ★ HISTORIC DISTRICT COMMISSION ★ BUILDING DEPARTMENT

September 9, 2020

Bruce Goodwin
Lydia Pennock
328 Urie Road
Craftsbury Common, VT 05827

Dear Mr. Goodwin and Ms. Pennock,

At the regular meeting of the Historic District Commission, held September 8, 2020, a Motion was made stating that the Blodgett garden, located on lots 1 & 2, block 9 in the Hubbard's Annex, has not been maintained for many years and per Attorney, Gary Rentrop, proposed Motion: the historic characteristics of the garden do not justify the historic designation of a historic landscape element. The lot is buildable and any construction would be subject to the historic district guidelines. All Commission members were in favor and the Motion passed. The lot will continue to hold the historic designation of Historic Landscaping Element, assigned in 2000, and as shown on the Hubbard's Annex resource survey map.

Sincerely,

Lee Finkel KP

Lee Finkel

Chairman, City of Mackinac Island Historic District Commission
