Good morning Danielle,

Agenda item for discussion/approval

Apologies for the delay — this information just came in. During our recent Housing Committee meeting, the committee asked Emma to research the repair of this street light due to concerns related to **health, safety, and welfare**.

The committee was clear that this would be a **one-time repair**, as previous attempts to work with the association have not resulted in a successful resolution. I want to reiterate that this request is for a **single, one-time fix**.

Council is Bcc'd

Thanking you in advance,

Trista L. Franco
