Subject: road repair

Good morning Danielle,

I hope all is well with you. The road I live on, Holt Ave., is a town road that as a resident I have to go on just to get anywhere on the island. However, it is rocky in many places, and dangerous to manage either walking or riding my bike.

It has not been tended to for some decades. What with my back, it is really hard going down both sides of the road. Accidents have occurred too. Joan Barch tried to ride her bike up my street and owing to the steep, rocky terrain, she fell and broke her hip this summer.

I think maybe even minor grading will be a big help. Could you add this item to the agenda of New business: c. local road improvement?

Let me know, and I can attend the Oct. 1 meeting.

*And just to add -- after the ice storm, the city did a wonderful job clearing the branches off my road, Holt Ave. I really appreciated that, but the rocky road is still a hazard.

Thanks so much!
Melissa (Croghan)
