Mayor Doud
Mackinac Island City Council
Mackinac Island Bike Determination Committee

If after the awarding the 200 additional licenses last year, the Committee still feels there is a need for more commercial licenses, I believe those licenses should be issued on a pro-rated basis.

Because Mackinac Cycle's site can safely serve additional guests and has been reviewed and approved by the Streets Committee and the Mackinac Island Planning Commission as **fully compliant with all requirements for a rental bike operation**, we respectfully request a pro-rated share of any additional licenses.

Thank you for your time and consideration in reviewing our request for any additional licenses that may awarded.

Respectfully,
Melanie Libby
Mackinac Cycle
