To the Mackinac Island ZBA members -

I would like to comment on the application by Tony Brodeur of 1485 Astor Group LLC to remove usage agreements from the property located at 1485 Astor Street.

When Mr. Brodeur applied for this variance, he represented that the use of the property going forward would be as stated in the current language of the variance. All sides agreed and the variance was granted.

Mr. Brodeur should be held to his word and the use restrictions should remain in force.

Thank you,

Cathy Arbib (4-F Development LLC)
