Hi Danielle,

Hope this email finds you well and off to a warm and sunny season!

After recently speaking with Andrew Crawford at Mission Point we came to the conclusion that I needed to run something by you and the council. I have a new large banner for the Mackinac Island Swim finish line this year. It's 8ft tall and 10feet wide, attached is a picture of it. We haven't exactly figured out where to put it yet, but thought we could hang it out front from Round Island Kitchen at Mission Point or maybe at the tennis courts there if we can't make it work right at the finish line.

Andrea mentioned that I may need to get approval from the council for this. What would my next step be?

Thanks in advance!
Jon
