Bob Gale*

Dennis

Last one for now. This one is for Murdicks and Northwinds at 7363 Main Stand 7389 Main St. With this one I'd like to place additional innerducts under the sidewalk for all the other units there as well. This way we can be in and out in one shot. Then when other units order service, there will already be a path to place additional fiber on that stretch.

Again, once you've had a chance to review theses, I would like to set up a meeting on the island with you and/or a representative, as well as my placing coordinator for AT&T, and the contractor to do the work to put eyes on the locations. This way, the project can be built and restored to your satisfaction.

***Jeff Collard***
