Good Afternoon Katie!

We have received a building permit for this project but due to the tourist season we will not be able to begin work on this site until October 1st, our historic district approval expires on September 14th. Is it possible to request an extension on this approval?

Thank you,

Maggie Marsh

This Message Is From an Untrusted Sender

You have not previously corresponded with this sender.

You can work with the building inspector. I have attached a link to the building permit.
