Dear Mackinac Island Planning Commission,

I am writing to request an extension on the zoning permit to build a dock at 6917 Main St. Mackinac Island, MI. The original request was made by the homeowner Nancy May I believe 3 years ago. Since her original application, she asked for one extension which was approved as she was having difficulty scheduling a contractor to build the dock. The extension will expire Feb. 2025. On Dec. 19<sup>th</sup> 2024 I was able to purchase the property which includes all previous permits and plans for the dock. I have secured a contractor to be able to build the approved dock in the spring of 2025. The EGLE permit will not expire until 2026. Thus, I am asking for a second extension to build the approved dock within the next year. If you have any questions or concerns, please feel free to let me know. Thank you for your time and consideration regarding this matter.

Sincerely,

Michael Straus
