Erin - In the interest of continuing communication between the parties, I have attached the 2025 Season Schedules for Shepler's Mackinac Island Ferry and Arnold Transit Company, as well as the 2025 Regular Season parking rates for each of the companies and ask that you forward them to the City. Although the City has no right under the Franchise Agreements of approval of the schedule and parking rates, the companies have provided this information to the City as a part of their obligation to provide a schedule of services and rates. The fares being charged for transport have not changed from 2024. The companies understood from the last council meeting that the City preferred communications to come from me to you, so let me know if you or the City have any questions. I understand there is a council meeting scheduled for this Wednesday, February 5. The companies do not intend to have anyone present at the meeting, but I will attend remotely. Happy to get on a call and discuss any of this further. Thanks.
