**Subject:** Re: Secretary of State Visit/Community Hall

Hi Trista,

I just wanted to let you know that Mackinac Island Carriage Tours is on board with the proposed route change Monday morning, April 29th from 9:30 to 10:30. We will be avoiding the use of Astor Street and a market Street from the police station to the post office at that time.

Thank you,

Mike Beaudoin

**Subject:** Secretary of State Visit/Community Hall

Good morning all,

Secretary of State is coming to the Island with their new mobile unit to service the residents and workers. They are wanting to do their grand opening and ribbon cutting on Monday, April 29<sup>th</sup> from 9:30 am – 10:30 am in front of the Community Hall. We are hoping it will be possible to have your drays and taxies re-routed from using Astor street and Market Street from in front of the Post Office to the Police Station. We will have an officer redirecting other bike and foot traffic. I also want to make you aware that they will be wheeling equipment up from the coal dock to the Community Hall between 8:00am and 8:30am that same morning. This should not take very long to move equipment.

Please let me know if you are onboard with this plan and if this works for your company, so I can send this to Council for approvals tomorrow.

Thanking you in advance,
